DEMOCRATS SEND WILSON DELEGATION

ALL DELEGATES ELECTED TO
STATE CONVENTION UNQUAL-
IFIEDLY COMMITTED TO FA-
VOR NATIONAL ADMINIS-
TRATION

A solid administration delegation to the State Democratic Convention at Dallas from Milam county was elected in the county convention held here Tuesday afternoon. More than 100 delegates were chosen to go to convention and of this number 29 are women voters of the county.

Women voters for the first time participating in a Democratic County Convention took an active part in the proceedings and as a tribute to their political intelligence twenty-nine of them were honored with places on the county delegation to the State Convention.

The convention solidly endorsed the National Democratic Administration and instructed the delegation to vote as a unit on all measures submitted to the State convention.

Governor W. P. Hobby and Thomas M. Campbell of Palestine were endorsed by the convention for delegates from the 6th District to the National Democratic Convention.

There were few anti-administration people in the convention and those that attended took no part, all measures proposed by the administration forces having been adopted without opposition.

During a few minutes' lull in the proceedings while the nomination committee of which Giles L. Avriett was chairman, was preparing a list of delegates to the State convention several addresses were delivered by delegates.

A feature of the convention proceedings was the address of Mrs. Giles L. Avriett on women in politics, a reply to the criticism of Joseph Weldon Bailey of the recent enfranchisement of the women. Mrs. Avriett was cheered throughout her address and the applause was intensified with her assertion that if the womanhood of the country can mould the character of her imperial sons they ought to know what is best for them and are qualified to cast the ballot.

Mrs. W. H. Triggs also spoke expressing her gratification of the great victory achieved by the administration forces.

Hon. W. G. Gillis spoke, his address being roundly applauded by the convention. The occasion, he said was one of profound gratification to the Democrats of the county, State and Nation, a great victory having been won and the disturbers of democracy under the leadership of Mr. Bailey having met decisive defeat.

Mr. B. B. Blaylock was asked to address the convention on "Preachers in Politics" made the basis of attack by Mr. Bailey in his campaign. Rev. Blaylock declared preachers were only asserting the rights of citizenship and in his opinion had as much right to this assertion as anyone else as discrimination cannot be made where these rights are involved.

J. W. Garner was elected chairman of the convention after it had been called to order by W. W. Chambers, county chairman. Mr. Chambers made an address to the convention. Penn Wolf was elected secretary.

The resolution committee of which Dr. John L. Denson was chairman, was made up of one representative from each of the justice precincts. The committee is as follows: John A. Smith, Beat 2; J. O. Newton, 3; W. H. Camp, 5; T. D. Adams, 6; H. C. Henderson, 7; O. D. Graham, 8; Dr. John L. Denson, 1. The committee reported the resolution which was adopted endorsing the administration and instructing the delegation.

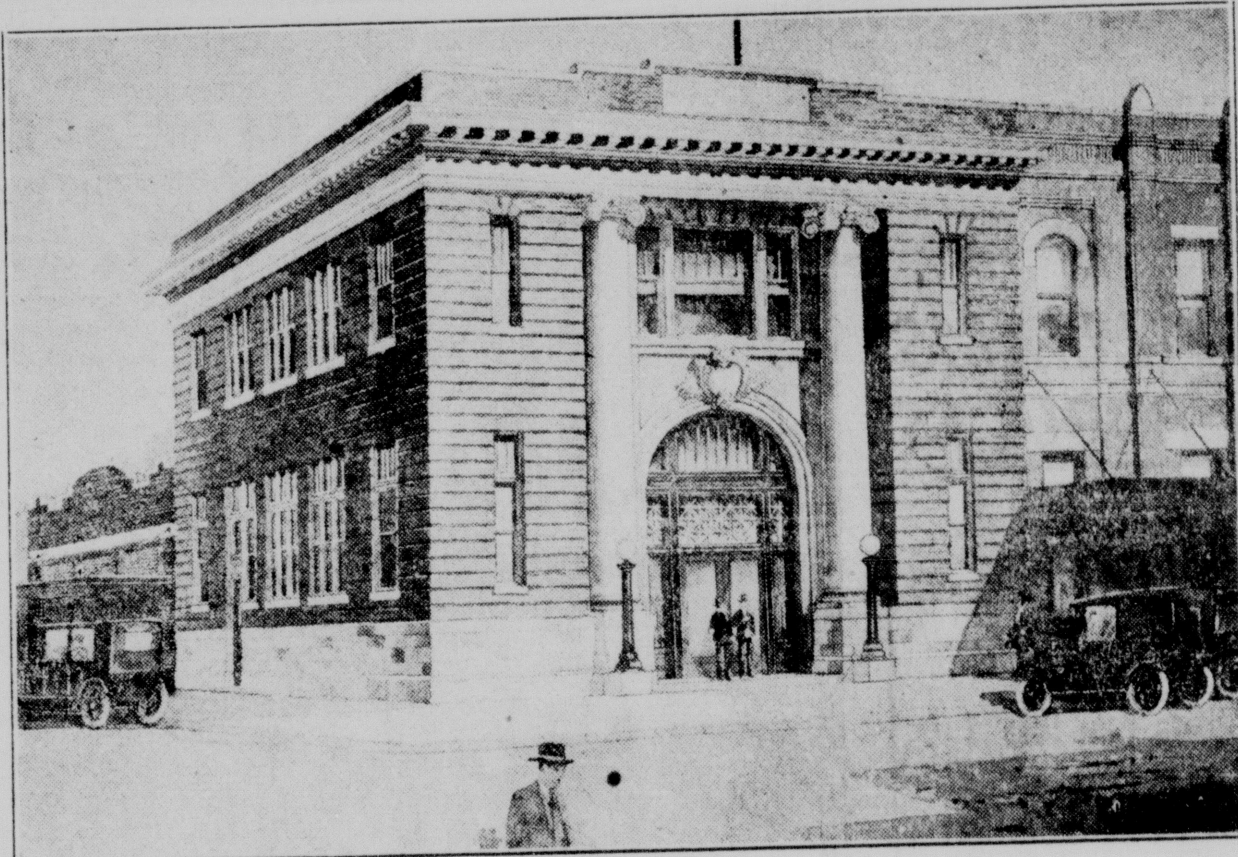

The committee to select delegates to the State convention of which Giles L. Avriett was chairman, was also made up of representatives from the justice precincts. The committee is as follows: Giles L. Avriett, 1; P. H. McKinney, 2; W. H. Bailey, 3; Dr. I. P. Sessions, 4; Dr. J. W. McCune, 5; D. R. Criswell, 6; Joe Cahill, 7; W. D. Elliott, 8.

Following the confirmation of the delegates by the convention the convention was adjourned.

Following is the resolution passed by the convention endorsing the National Administration and instructing the delegates:

"To the Hon. J. W. Garner, Chairman of the Democratic County Conven-

NEW HOME OF BANK ESTABLISHED IN CAMERON OVER QUARTER OF CENTURY

The New Home of the First National Bank, C. H. Page & Bros., Architects

Contract Is Let For Building to House Famous Bank In Cameron

For more than a quarter century one of the leading financial institutions of central Texas, contributing its full measure of strength and character to the commercial achievement of Milam County, the First National Bank of Cameron is entering a new era of expansion.

Contracts have been awarded and construction will soon begin on the home of the First National Bank and when completed will be one of the finest banking homes in all Central Texas, the interior finish and safety equipment being as substantial in character as can be found in any bank in Texas.

The First National Bank, a pioneer among the splendid institutions of Milam county was organized in 1889, its doors being opened on August 22nd of that year. Thirty-one years of operation—thirty-one years of success, tells the story of this bank now reaping the harvest of the sound and reputable business principles upon which it was founded in the late eighties.

The construction of this new home is not only a triumph for the bank but a decided progressive achievement for all Milam County. It is not only a product of the confidence and patronage of the people of Milam county but a giving back in added facilities something of the deep appreciation felt by the bank, speaking for those who are now active in its operation as well as for those distinguished citizens who founded it, some of whom are now deceased.

The new building comes as a crowning event to long and honorable service as a bank institution in Milam county.

The new bank building will face to the east extending back west and taking in the building of the Daugherty Motor Company with offices up stairs. It will be finished with pressed brick exterior. The fixtures will be very elaborate. The wood portions of the new fixtures will be mahogany and the stone will be gray marble. The lobby will be finished out in gray marble and be twice as large as the present lobby.

The safety and money vaults will be constructed of manganese steel. The vault door will weigh 44,000 pounds and will be burglar proof and of manganese steel. The vault will be of reinforced concrete eighteen inches thick and will be lined with manganese steel. The customers safety deposit vault will be included in the main vault. A manganese steel safe will also be installed inside the vault.

Construction will be started as soon as material can be assembled.

able and should be welcomed by the buying public as it will enable business to be ended for the day in time for both purchaser and clerk to get much needed time to devote to their own affairs.

Following is the petition signed yesterday:

"We, the undersigned Dry Goods Merchants agree to close promptly at six o'clock, beginning May 15 and continuing until August 15, with the exception of Saturday:

Signed:

Triggs Dry Goods Company
Louis S. Pierce
Mangum & Woody
W. Klawansky
Collins & Mitchell
Hub Dry Goods Company.

UNDERWRITERS OF NEW YORK SPUD DEEP TEST WELL ON HOLDINGS AT MAYSFIELD

A new theater of activity has been opened in the Maysfield section by the American Underwriting Company of New York, whose deep test was spudded in there the latter part of last week.

With two deep test wells going down at Maysfield the eyes of operators and those interested in oil development are turning to the structure which has high geological pronouncements and which has been declared by a number of oil men to be the best bet for deep production.

The American Underwriting Company of New York moved its rotary rig from the wild cat at Tanglewood to place it on the location at Mays-

EDISON TONE TEST MUCH TALKED OF BY MUSIC LOVERS

REMARKABLE SHOWING OF
PHONOGRAPH IN RE-
CREATING VOICE

Probably a number of people who attended the recital given Tuesday night by Miss Betsy Lane Shepherd and Mr. William Reed at the High School Auditorium, were at first puzzled and disappointed when they discovered a phonograph occupying the center of the stage. They felt that they had been beguiled into going to hear a charming singer and a clever flutist and naturally thought that they had been imposed upon.

They hardly were reassured when Mr. Reed appeared upon the stage and commenced to talk about "reproduction," "RE-CREATION," and other like matter. It finally became apparent that the phonograph would at least receive assistance from the singer but even then the mental outlook was not exactly bright.

Mr. Reed explained that the purpose of the recital was to illustrate that Thomas A. Edison, after years of work had achieved his ideal to perfect a musical instrument which could actually RE-CREATE music so perfectly that the RE-CREATION would be indistinguishable from the original.

This was a broad claim but it was established before the evening was over, for Miss Shepherd actually stood beside the New Edison Phonograph and sang in unison with Mr. Edison's RE-CREATION—so called—of her own voice. This would have proved little as her voice might easily have overbalanced the tone of the instrument—swallowed it up—so to speak; but Miss Shepherd did more—or, to be accurate, less. She paused from time to time, apparently at random and permitted her RE-CREATED voice to be heard alone. This gave an opportunity to compare one with the other and it is no more than just to state that there was no discernable difference in tone quality.

There must have been a slight difference in volume when Miss Shepherd stopped singing, but it was not noticeable for the voice which came from the cabinet was round and luscious with all of the vibrant, pulsating quality of that which came directly from Miss Shepherd's throat. It was only by watching the singer's lips that one could be sure when she sang and when she did not.

Mr. Reed offered similar comparisons with his instrument playing in direct comparison with the RE-CREATION of his own performance. This proof was very convincing. If it were not another proof was offered. After Miss Shepherd had commenced to sing one number the lights were turned out—obviously so that the audience could not watch the singer's lips.

It did not seem difficult to determine in the dark when the singer sang and when she did not. The writer was pretty sure about it himself until the lights were turned on again and it was discovered that Miss Shepherd was not on the stage at all and that the New Edison alone had been heard.

TAKES OVER POSTAL

The Mackay Telegraph Company has taken over the system of the Texas Postal Telegraph and is now operating it. Announcement is made of this transaction by Dan Tyson, local manager for the Mackay.

The acquisition of this system gives the Mackay 80 more offices in the southwest and better facilities for handling telegraphic matter. This will also help the local service as Mr. Tyson points out increasing the radius for handling news out of Cameron and telegrams.

MRS. DR. J. E. MAYS DEAD

Mrs. Dr. J. E. Mays died suddenly at her home in Cameron this morning at 7:15 o'clock. Funeral arrangements will be made this afternoon or tomorrow. A more detailed account will appear next week.

BIG DRILLING CAMPAIGN IS LAUNCHED IN TRACY FIELD

Two car loads of drilling equipment including a Star "30" rig, shipped to Cameron by the Dixie-Winner Drilling company of Temple, reached here Tuesday and was received by officials of the company.

This equipment, with as much additional machinery as will be needed to develop the holdings of the company in the Tracy oil fields, will be placed on the Davis truck, which was recently leased by the company for \$11,500.

E. K. Williams, vice-president and general manager of the company, and B. N. Jarrell, treasurer were in Cameron today in the interest of the company.

The company will begin immediate development of its holdings and will drill ten shallow wells. These wells will spud in with a fifteen inch hole and will be thoroughly and completely drilled to insure production.

Mr. Williams will make frequent trips to the fields here in his air-

being sought in the vicinity of the plane and already a landing site is developing area. One of the planes now in use is owned by the Temple Telegram, a Curtis, J. N., the other a standard three passenger plane, owned by the company.

The Dixie-Winner Drilling Company will launch the largest drilling campaign ever undertaken in the local fields.

The company owns its own truck equipment and is already hauling out material for constructing camp houses and derricks. It is likely that an office will be established in Cameron as the company will be in the local fields permanently.

The company will acquire and develop as fast as its territory is extended.

W. E. Matthews of the Temple Truck Company and B. W. Jarrell Treasurer of the company were here Tuesday with Mr. Williams. Drillers Sweeney and Knight and field carpenters Nichols and Duncan are also here.

to the State Convention to vote as a unit on all questions submitted to the State Convention for consideration.

"Respectfully submitted,

"The Committee"

The following delegates were chosen to the State Convention:

We, your committee appointed to select delegates to the State convention to be held in Dallas, May 25th, select and recommend the following names:

TRACY--MAYSFIELD OIL & GAS COMPANY SPUD NEW WELL ON TRACY HOLDINGS

The Tracy-Maysfield Oil & Gas Company has spudded in a shallow well on the Graves 89 acre tract in the Tracy field and the well is down to a depth of more than a hundred feet drilling with a standard rig and a 10 inch hole.

This is the beginning of a large development program by the company in that field, their deep test at Maysfield already having been spudded in. The company has two rigs at Tracy, one of which is now in operation.

WILSON DEMOCRATS SWEEP TO VICTORY IN PRIMARY HERE

PRECINCT SENDS ONLY ADMINISTRATION DELEGATES TO COUNTY CONVENTION

Administration Democrats swept the precinct primary presidential convention held here Saturday night, electing all delegates to the county convention and voted overwhelmingly for an instructed delegation to vote for an endorsement of the national democratic administration and to support delegates to the state convention who stand for an unqualified endorsement of the administration.

Women voters for the first time participating in a presidential primary convention, numbered approximately one-half of the total in attendance at the convention. Seven women were chosen as delegates to the county convention.

What promised to be a spirited fight developed at the outset of the proceedings when the anti-administration forces led by E. A. Wallace, opposed a resolution appointing a committee to pass upon and approve all resolutions offered before the convention.

The administration forces got the steam roller in action and all motions, including an appeal for representation from the minority in the delegates to the county convention, were voted down in quick succession.

The convention was called to order by box chairman, U. S. Hearrell on the lawn of the county court house, the only available space large enough to accommodate the crowd. The roll of qualified voters in the Cameron box was called by Precinct Chairman Jeff D. Hefley, and Will Triggs.

Oscar Kidd, floor leader for the pro-administration forces, led the fight against the anti-administration forces, and the resolution endorsing the national democratic administration and appointing the instructed delegation was read by Dr. John L. Denson, distinguished soldier in the late war and former Major in the Medical Corps of the United States Army.

The resolution was received and adopted amid demonstrations of popular approval of the administration. The convention was then adjourned.

SPECIAL SESSION WILL BE
CALLED FOR MAY 24.

Austin, Texas, May 3.—Proclamation of the Governor calling the Legislature to meet in special session to consider the pink boll worm situation is to be issued the latter part of this week, and Monday, May 24, is the date fixed in the Governor's mind to assemble the lawmakers, the Governor said today.

This statement was made following a conference with Dr. W. D. Hunter of the Federal Horticultural Bureau, Fred W. Davis, state commissioner of agriculture and B. F. Chapman, chief clerk of the Agricultural Department.

At this conference the plans for the establishment of non-cotton zones were discussed.

GOODYEAR UNIVERSITY ONLY INSTITUTION OF ITS KIND

With his appointment as manager of Goodyear Industrial University, the new educational institution established for its 35,000 Akron employees by The Goodyear Tire & Rubber Company, Harry E. Blythe becomes probably the youngest college head in America. He is 30 years of age, a former Canton, Ohio man and a graduate of Mt. Union College at Alliance, Ohio.

Goodyear University, the only institution of its kind in the world, was dedicated formally April 17. It has a faculty of 115, an enrollment of nearly 6,000 in over 500 separate classes which are in session 16 hours daily, and an equipment of 65 large class rooms, four fully equipped laboratories and several lectures and assembly rooms in Goodyear Hall, the new employers' recreational building. The university's flexible curriculum embraces ranging from Americanization work for the foreign born, and elementary grade school education for the illiterate, to scientific and post-graduate courses, designed more specifically for college and high school graduates.

Goodyear Hall has one of the largest

est theaters in Ohio and also one of the largest and best equipped gymnasiums in the country. The former seats 1686. The latter seats 5,000 and has a floor big enough to permit five games of basketball simultaneously. The Hall also has a cafeteria big enough to serve 4,000 an hour, 12 bowling alleys, six rifle ranges, eight pool and billiard tables, dormitory rooms for both men and women, over 50 individual shower baths, and large reading and rest rooms.

Goodyear Hall was dedicated the same time as the university. It is considered one of the finest buildings ever erected by an industrial concern solely for the welfare and education of its employees. It is so large that a corps of 75 janitors is necessary to keep it clean.

E. A. McAdams, of Pilot Point, former manager of the Milam County Lumber Company, is in Cameron this week. Mr. McAdams with his family will move to Pilot Point to make their home in the future. They have been away several weeks. Mr. McAdams returning to make shipment of his household goods. They have many friends in Cameron who will regret they are moving away.

DRUGS & JEWELRY

Temporarily Arrayed are the Glorious NEW FABRICS FOR SPRING

All the charms of Springtime seem to have been captured and incorporated into the exquisite textures and designs of these lovely materials. Rich in coloring and weave, these distinctive, shimmering silks, soft woolsens and attractively patterned cotton await the touch of the master hand to convert them into irresistible interpretations of the Season's most pleasing modes. Among these inspiring presentations you will find not only an appropriate fabric for every occasion, but utter dependability and the best qualities.

Voile Assumes Leadership in Spring Wash Fabrics

The new Wash Fabrics for Spring are lovelier than ever especially the voiles, which impertinently parade the patterns, which in the past we have only associated with foulards. Some take smart silk stripes to accentuate the smartness of their clever patterns. Others choose dainty pinks, blues and greens in solid colors. Either way they are wonderfully effective and in close rivalry with sheer organdies and sturdy gingham for popular favor. Prices are very encouraging.

Here Are Yards of Crisp, New Gingham Awaiting Your Selection.

There is no telling what Gingham will do next. Indulgent Fashion allows it to be made into smart Parasols and lovely Frocks, but when you see how charming are the patterns and how fine the qualities are, you will certainly find many more excellent uses for these very economically priced Gingham.

Distinctively Styled Wash Skirts

Every skirt in this lot may be tubbed without the least danger of losing its attractiveness for the fabrics are most dependable and guaranteed to resist constant laundering. There is considerable variety in materials and styles, though markings are unexpectedly moderate.

QUALITY LUGGAGE

More people would travel, perhaps, if all luggage were as distinctive in appearance, as carefully constructed of quality materials and as practically designed as our offerings. Pack your apparel in our traveling bags, suitcases or trunks and at the end of your trip you will find it in the same fresh condition as when you started.

PRIZE WINNING LETTER
TRADE AT HOME

(By Mrs. W. A. Gillon).

Trading at home works greater and more important changes in a community than those discernable on the surface. The stranger in the community judges the civic pride and progressiveness of the community by the outstanding features of civic improvement. Paved streets contrasted with muddy, filthy passage-ways; clean buildings balanced against dirty tumble down, woe-be-gone structures; bright, healthy, happy wide awake children instead of sorrowful, shabby, neglected waifs—these are the things that bring civic pride home to the stranger.

But the really important factors growing out of trading at home are the influences which progress and pride in the community work upon the people themselves molding character by environment. There is no getting away from the fact that environment is a power over human nature. The things people see and hear through life are the things they will say and do.

The power of environment is particularly forceful in shaping the make-up of children. Boys and girls surrounded from babyhood with the wholesome things of life will grow into true, steady, dependable, men and women while children reared in the mud and ruts of the backwoods will

carry to their graves that air of defeat, hang-dog look inevitably associated with the backsliding community.

Are your children getting the best out of life? Are you affording them the environment essential to health of body, clearness of mind, and purity of soul? Are you equipping them with the powers of character and personality necessary to future achievement?

If you are not trading at home you are helping provide these things for the children of people hundreds of miles away and you are neglecting your own.

There is no middle ground to stand on. The money circulated in your home community gives off a substantial percentage each year, each month, each week, and each day, to community welfare while the dollar sent away is lost forever. Trading at home causes growth. The home merchants grow. They feel the impulse of the home citizen's support and they build up looking forward to a bigger and ever better community. As the merchants grow, so too does the community. Everyone quickly sees the light of the great things ahead and unites in attaining the goal. Civic pride soon develops, and once developed it will stay. Try it.

Can't you see that it depends on which end you tie onto. Be sure and not get bit, but try the sure way of the kid [and buy all leather goods from]—

Cam-Hi Weekly News

EDITORIAL BOARD

Editor-in-Chief—Lee Howell
Asst. Editor in Chief—Velda Walker
Asst. Editor in Chief—Walter Willis
Editor's Easy Chair—Student Body.

Cam Hi the Metropolis of Crime

To say the least, Cam Hi has been a very good school, and very few of its inmates have ever turned out to be murderers; but Cam Hi at the present time is the home of outlaws. Never before in the history of this renowned school has such a sin arisen, and furthermore, whether on account of the spring or the enticing atmosphere of the school (which remains to be determined later) the strength of the crime grows. Let me say here that the person committing this sad crime, although his or her personality (especially after meal time) is unusually strong, is objectionable. Therefore, students for the love of peace, don't commit the union-eating crime again!

Band Concert.

Last Sunday afternoon at 4 p. m. the Cameron Concert Band gave a sacred concert at the Cameron High School Auditorium, and the following program was rendered:

1. National Guard—By Archer
2. Selection of Sacred Songs.
3. Bridal Rose Overture—Lavelle.
4. Skaters Waltz—Waldtenfel.
5. Vocal Solo (selected)—Miss Clara Curtis.
6. Waves of the Danube—Ivanovia
7. Nocturno—Aschner
8. Barenrole, Tales of Hoffman—Offenbach.
9. Selection of Sacred Songs.
10. National Emblem—Bagley.
11. Hawaiian Moonlight.

A neat contribution was taken up at the door. We are especially appreciative to Miss Pauline Green who gave \$5.00. This contribution goes toward paying for the bass instruments owned by the band. This will free the tubas from all incumbrances, but leaves a small amount still due on the bass drum.

Girls Club

The Girls Club of Cameron High School met in regular session last Thursday afternoon. The Club having been called to order, the minutes of the last meeting read and approved, the following program was carried out:

1. Candidates for Governor—Ona Petty.
2. Reading—Inez Tyson.
3. Debate—Resolved: That the Picture Shows Should Be Opened On Sunday. Affirmative, Jennie Lou Bryant; Negative, Francis Hefley, Agnes Henderson.

Spring School Days.

Oh Spring school days—how dear they seem!
They fill me with delight;
They haunt me with pleasant dreams
Which makes me want to write.
They strengthen my ambition,
They reinforce my trust,
They picture great fruition,
And tell me that I must
Advance along my destined way,
And must make my faith and trust

Shun all useless cause for delay.
Oh, I love the winter school days
And I love the school days of fall;
But, Oh, you dear Spring School days,
I love thee most of all.
—W. E. W.

Jokes.

Stewart: Harley, do you like popcorn balls?
Harley: I don't know as I never attended any.

Miss Williams: "What is today's lesson about?"
Ruby Caton: "About the hardest this year."

Do you know Fitz Hooks?
The illustrious scholar?
He's smart in his books,
But best after the dollar.

Said August to Lee:
"Tis plain to me yet
There's no girl for me
Except my brunette"

Mr. Crawford—Mr. Tag, define bicycle.
Lee—A bicycle is an apparatus where you run sitting down.

The freshmen were reading expositions.
Miss Work: Little Joe, have you anything to expose?
Ray Mayfield: His ignorance.

Newton Robinson—ushuring at a Senior to-do, became very embarrassed at the sight of a lovely young lady, and said: "Mardon me, padam, but these pies are occupied. Allow me to sew you to another sheet."

Bob Gillon: "Mother, I must go to war."
Mrs. G.: "Robert, dear, I'd rather see you married."

Ask Leonard Yochun who Miss Cleo Guthrie is.

Gale Parma: "The English have quit raising peas and beans."

Joe Evans: "Why?"
Gale: "Because they are afraid the Germans will come along and shell them."

Said Verna to Fitz: "If you go off to war, its the Red Cross for me. I'll go where you are."

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Gabriel, May 4th.—We'll not engage in a lengthy dissertation, but briefly state the whereabouts of the few of our San Gabriel people that have reached our list.

At present chronicling, a rather brisk norther is blowing and shifted the much needed rain to other climes. While these northern gusts become lighter and of less duration, winter seems loath to lose his grip upon the world.

Plants grow a little but a good rain would help wonderfully and quickly change the appearance of fields.

Mr. Kettler, of Thorndale, was in our village last Friday.

Mr. Evers of San Antonio, was through San Gabriel Thursday.

Malcolm Isaacs conveyed, in his truck, our schoolboy baseball team to Thorndale last Friday afternoon where a game ensued between and Thorndale boys.

Reported: Game a victory for San Gabriel.

Mrs. John Goff and children motored to Thorndale Friday afternoon.

A large number of Odd Fellows of this vicinity attended lodge in Sharpe last Thursday night.

Jim Guthrie has erected a new garage on his premises.

Miss Mona Outlaw was at home from Beakiss for a few days last week.

A box supper was largely attended in this village Saturday night. A neat sum was realized, which goes as part payment for the Victrola that our school has purchased.

Rev. Ferguson of Waco, preached at the Baptist Church of San Gabriel Saturday night and Sunday.

The music class of Miss Fay Felton gives a recital at the school auditorium here Friday night, May 7th.

All public cordially invited to attend.

Messrs. Fred and T. Van Stigall were attending business in Temple several days of last week.

Mr. McDonald of Cameron, was a visitor in our village last Thursday and while here distributed drinking cups and blotter—a free gift—to each pupil of our school, for which they are grateful.

Miss Hazel Moore was a visitor in Thorndale Friday.

Sometimes we are reminded of the weak memory in store and in wondering why the beautiful moonlight nights were marred by one of such dim light—the search showed an almost total eclipse of the moon Sunday night.

J. S. Woody went to Cameron Tuesday.

Mr. John James has added as improvements on his place a roomy new barn.

Mr. Hume Davis was anxious over

a fine cow of his, that was very sick Thursday and Friday.

Mr. Seth Mosely was in Thorndale Saturday and while there made the purchase of a new cook stove.

Mr. and Mrs. W. Tucker and Brian Woody of Temple, motored down to this berg and spent the Sabbath hours with Mrs. J. T. Woody.

Messrs. John Davis, Bud Guthrie, Ted Adams, Murrell and Felton Camp, J. S. Woody, W. H. Camp, Joe and Gottlieb Yeager, Ed Case and others from San Gabriel attended a supper given by the Odd Fellows of Davilla Friday evening.

Murrell and Felton Camp were week end visitors in Galveston last week.

ELECTION NOTICE

THE STATE OF TEXAS

County of Milam.

Notice is hereby given that an election will be held on the 29th day of May A. D. 1920, at Walkers Creek School House in Common School District No. 61 of Milam County, Texas, as established by order of the county board of trustees of date the day of 19.

which is of record in Book designated Records of School Districts on page to, determine whether or not a

tax of and at the rate of 20c on the \$100 valuation of taxable property in said District shall be raised to 50c on the \$100 valuation for the purpose of supplementing State School funds apportioned to said District and to determine whether the commissioners' court shall be authorized to annually levy, assess, and collect said taxes for school purposes.

G. T. Hightower has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners' court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballot the words:

"Against increase of school tax."

Said election was ordered by the county judge of this county by order dated the 3rd day of May A. D. 1920.

and this notice is given in pursuance of said order,

Dated the 3rd day of May A. D. 1920.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

START NEW HOME

The foundation is being laid this week on the new home of R. H. McIntosh. The contract for this home was let in April to the Architects C. H. Page and Bros. of Austin and E. Egert of Cameron.

This home will be erected on a beautiful location in the central part of the city residence section. It will be a two-story colonial home, plastered throughout, with hardwood floors and tiled bathrooms. Closets will be constructed of cedar, a sun parlor will be built for the lower floor and a sleeping porch for the upper floor. The interior will be ivory.

This will be one of the most beautiful homes in Cameron when completed both from the standpoint of architecture and interior finish.

DOWN WITH OVERALL CLUBS SAYS GOODYEAR

Down with overalls—wear your old clothes and let your patches be your badges of honor!

Rallying around these battle cries, industrial legislators of the Senate and House of Representatives of The Goodyear Tire & Rubber Company's industrial assembly at Akron, Ohio, have voiced their disapproval of overall clubs as a means of combatting the high cost of clothing. By almost unanimous vote in both houses they have ruled against such clubs among the 35,000 Goodyear employees and are threatening the blue jean battalions with future disaster, by advocating the wearing of old clothing, no matter how shabby it may be.

"Overall clubs are silly fads that will not last long," announce the industrial legislators, "They represent the height of folly and inconsistency. The idea isn't practical. Taboo the overall clubs and stick to your old clothes. That's the best way to bring down prices."

And practically all Goodyearites are following their advice. They have stopped buying clothes and are wearing the old ones.

YOUR VACATION

It is worth big money. Every day an opportunity to accomplish something toward future success. A wasted hour is an opportunity cast aside. The habit of loafing, of "fooling away" your time without accomplishing worth while spells "little fellow."

High School students and Teachers what are you going to do with your vacation? Do something to increase your usefulness, your earning power, to get more success and pleasure out of life. We can give you a business training in three and one-half months that will wonderfully help you.

You can complete a course with us and step right into good positions in the fall business. A business education is the only way to insure yourself a good salary twelve months of the year.

Two months' salary after completion with us pays all expenses of a course. We secure positions for all graduates. In fact, for some time past we have received many more calls than we could meet.

The merit of our courses is proven by the fact that we are now largest business training school in America, with 3965 enrollments last year, and 30,000 graduates now holding good positions at splendid salaries or in business for themselves.

For information about our extensive thorough courses, and what former students and business men think of them, phone us collect or fill in coupon and send for large free catalogue.

J. B. Simpson, who for the past year has been head of the government cotton classing station in Cameron, has returned to his home in Dallas. Mr. Simpson will not be in Cameron the coming season, but will enter the cotton business for himself and will be stationed at Dallas, Houston and Corpus Christi, dividing time. Mr. Simpson's friends here send best wishes with his.

Postmaster Jeff T. Kemp attended the May Fete at Georgetown Friday and Saturday. He did not remain for the climax of the occasion Saturday night, as he returned that he might attend the convention in this city.

DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

ARMY CAMP FIRE BURNS \$300,000 WORTH AMUNITION

BIG BLAZE BELIEVED TO BE OF INCENDIARY ORIGIN AT CAMP TRAVIS

San Antonio, Texas, May 2.—Fire, believed to have been of incendiary origin, did damage estimated at \$500,000 in an ordnance department warehouse at Camp Travis early today. Rifles, machine guns, automatic rifles and revolvers, trench knives and various types, all new equipment and valued at \$1,000,000 were stored in the building, which was burned during a high south wind.

The fact that the wind was from the south instead of the north, prevented the blaze from spreading to other buildings as it would have had to cross a road and a grove of trees to reach the hospital area adjoining on the north. Another ordnance department warehouse, in which \$2,000,000 equipment is stored, adjoined the building on the south and a quarter-master corps depot on the east. In addition to the ordnance equipment stored in the burned building, a small quantity of paint was kept there.

With the approach of May Day, a warning to guard against possible plots to destroy the camp was passed among officers, firemen and military police, it was stated at the camp today.

The fact that the blaze apparently started underneath the building is believed to explode the theory the building was struck by lightning during the storm. And a theory that spontaneous combustion may have been responsible apparently does not hold, as J. L. Hogan, chief of the camp fire department, who was one of the first men into the part of the building where the small quantity of paint was stored, said there was no leakage of paint and no fire on the floor in that part of the building. Chief Hogan further said he passed the building on an inspection of the guard 20 minutes before the alarm was turned in and that is spontaneous combustion were the cause there likely would have been some sign of fire at that time.

Maj. Gen. Jas. G. Harbord, commander of the camp and of the second division, which is stationed there, tomorrow will appoint a board of officers to investigate the conflagration, it was stated.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Grove's Tasteless chill Tonic
restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 50c.

MODERN BALL ROOM SCORED BY PASTOR

In a sermon preached at the Baptist church last Sunday night Rev. B. B. Blaylock scored the modern ball room and the modern dance. The sermon of the Rev. Mr. Blaylock is published in part as follows, limited space preventing the appearance of the entire text of his address.

My subject tonight is the modern dance. You may wonder why your pastor will give one entire service to the consideration of a subject of this kind. But, before we are through with our consideration of this discussion, you will understand the importance of it.

My decision to speak on this subject is not a hasty one. It grows out of deliberate thinking and serious reflections of my duty as pastor of this church. I confess to you, I had rather speak on other subjects, subjects that are more likely to meet the approval of the popular ear, but to remain silent longer would be unfaithfulness upon my part, as a minister of the gospel, and as pastor of a church which does not approve of the dance.

I want to assure you that the speaker has no personal feelings against any one who dances, or is favorable to the dance. What he shall say, therefore, cannot be construed as an attack upon an individual, nor a reflection upon the character of any who dances. We will speak with

plainness upon a subject that requires plain speaking. I shall not burden you so much with what I think of the dance, but will give you the opinions of others. I only ask that you will withhold your judgment until the evidence is all in, then in the light of these facts, act as men and women who are capable of a wise decision.

I. Brief History of the Dance.

Dancing is a very ancient exercise or custom, and in studying its history we find that there are three classes of dances, viz:

1. There is the religious dance, of various kinds, which constitutes an act of worship or both true and false religions. It was generally practiced on joyous occasions. We can find many records of this dance among the Hebrews as well as among the pagans.

But the religious dance was never engaged in both sexes. See Ex. 15:20 I Sam. 18:6, Jer. 31:13.

2. The second dance was the vaudeville Pompeian dance. It was indulged in by women in ancient times generally nude, for the entertainment of guest or a select company at some theatre of banquet or Oriental court. The dance of Salome before King Herod, which resulted in the martyrdom of John the Baptist, is an illustration of this kind of a dance.

3. The third dance is the dance indulged in by both sexes for their own pleasure, and according to history, was very common among the lower tribes and also became popular amusement among the Grecian and Roman society in the time of their decadence. Cicero, the Roman orator, would often say, "No one dances unless he is either drunk or mad."

The dance has always flourished when the moral and religious standards of the people were low. This accounts for the popularity of the dance today, among people who a few years ago, would have almost spurned the thought of dancing.

II. The Modern Dance.

It is this dance to which we will devote our attention this evening. What has gone before shows that religious dance was an act of worship, the Pompeian dance was for the entertainment of others, and the mixed dance alone, is for the selfish amusement and gratification of those who indulge in it.

Sin is always progressive; hence the dance was first perverted to social frivolity among civilized people, it was given the comparatively harmless form of the old square dances, the quadrille and minuet of our fathers and mothers. But as the years have come and gone, the devil has stealthily insinuated more and more evil into the seductive snare till today we have very formidable.

List of Modern Dances: The waltz, the two-step, one-step, and all their family known by such names as the turkey trot, grizzly bear, bunny hug, honey bug, grizzly glide, pollywog wiggle, hippopotamus, ostrich cooche, Sa-

lome dance, necktie waltz, Bachannalian waltz, hesitation waltz, love dance, shadow dance, wiggled wiggle, pickaninny dandle, rizzly-wuzzy, teripam toddle, Texas Tommy, Boston Dip, kitchen sink, cartel waltz, boll weevil wiggle, Arizona anguish, Argentine ardor, lame duck, chicken flip, grizzly glide, shiver shake, cabbage clutch, puppy snuggle, fado fox-trot, syndicated canter, lemon, squeeze, hug-me-tight shimmy dance and cheek dance, etc., etc., etc.

No matter by what name they all go, all are just plain hugging set to music. We want to determine whether any of them can be indulged in to the glory of God. For this is the Pauline touchstone: "Whether you eat, or whether you drink, or whatever you do, do ALL to the glory of God."

The New Testament scriptures classify the dance with a very bad category of sins. In Galatians 5:19-21 we have the following very strong setting forth and classification of the dance: "Now the works of the flesh are manifest, which are these: adultery, fornication, uncleanness, lasciviousness, idolatry, witchcraft, wrath, strife, sedition, heresies, envyings, murders, drunkenness, revelling and such like."

Now, this word "revellings" in the original Greek means "dancing with jovial festivity" and is condemned by the apostle Paul as being "work of the flesh." I suppose that no dancer or friend of the dance will take issue with me when I say that the modern dance is revelling. If you will turn to the eighth chapter of Romans, I will let the Word of God speak for itself on the question under consideration, viz: "Works of the Flesh" as defined by Paul in Galatians. Hear these words ye who do not see any harm in dancing; "For they that are after the flesh do mind the things of the flesh; but they that are after the spirit the things of the spirit. For to be carnally minded is death; but to be spiritually minded is life and peace. . . . For if ye live after the flesh ye shall die; but if ye through the spirit do mortify the deeds of the body, ye shall live." In the above scripture and in Galatians, Paul plainly says, "that they that do such things cannot inherit the Kingdom of God." Now don't you go away from this service and say: "The preacher said that no dancer can go to heaven," for I did not say it, I let the word of God speak for itself. If you have any quarrel with any one about this matter, it is plainly between you and the Word of God.

III. Some Excuses Often Given to Justify the Dance. Let Us Examine Them.

1. "The young people must have amusement." I will not deny that people should have amusement, but I call your attention to the difference between amusement and recreation. It is recreation that people need more than amusement. But we will not quarrel about that. Suppose we give the young people amusement, but for God's sake and their own sakes let's endorse such amusements as well but be destructive of their moral and spiritual natures.

2. The second excuse given to justify dancing is: "It makes for gracefulness of form and movement." This is not to be denied nor censured within itself. I admit that dancing does develop "grace of form and movement." But while you are good in their places, you are destroying those higher graces which adorn the mind and soul. I contend that we purchase these "graces" at too great a price.

3. Dancing," says its friends, "is an innocent and harmless amusement, and should not, therefore, be condemned." I will not even insinuate that all who dance are actuated by an evil motive. I don't believe that is true at all. But I will say, and I am abundantly supported by facts, that the modern dance has wrecked more young women than all the saloons put together. There is said to be more than five hundred thousand abandoned women in America today! And the larger part of them got their downfall by way of the dance. "O," you say, "that is the extreme, but I will never go that far." I am sure that you feel that way about it. But, don't you suppose that this large number of women once had such feelings too?

Oh, I warn you, my young friends; these modern dances, which brings the person of the dancers into such close touch with each other is not the "innocent" thing you have been made to believe. You may be innocent, but you dance with some vile fellow who may take advantage of your innocence, and thereby, bring everlasting disgrace upon you.

The person who dares to speak out and tell the people the whole truth about the dance is tabooed, and is said to be unfriendly toward the young people. Others say they are "narrow and ignorant." Well, some who oppose the dance may be narrow and ignorant. But I want you to hear what some people say who are not ignorant and narrow.

IV. Some Capable Witnesses Who Oppose the Dance.

1. The churches all speak out against the dance. Many ardent supporters of the dance seems to think that no respectable and intelligent number of people are opposing the dance, just a "few ignorant preachers." That you may know that the opposite is true, I cite you to what representative men in high position in the churches have to say about the dance.

(1) The Roman Catholic Church strongly oppose the dance. Archbishop Strauding said, "That nineteen out of every twenty of women coming to the confessional attribute their downfall to the dance."

The Vatican at Rome has denounced the tango dance in the following terms: "The tango must be prohibited absolutely in the seat of the seat of the Roman Catholic religion, the clergy are urged to raise their voices in defending the sanity of Christian usages the dancers threatening and immorality of the new paganism."

The Pope puts a ban on dancing by issuing the following statement to Cardinal Farley of New York: "Pope

lome dance, necktie waltz, Bachannalian waltz, hesitation waltz, love dance, shadow dance, wiggled wiggle, pickaninny dandle, rizzly-wuzzy, teripam toddle, Texas Tommy, Boston Dip, kitchen sink, cartel waltz, boll weevil wiggle, Arizona anguish, Argentine ardor, lame duck, chicken flip, grizzly glide, shiver shake, cabbage clutch, puppy snuggle, fado fox-trot, syndicated canter, lemon, squeeze, hug-me-tight shimmy dance and cheek dance, etc., etc., etc.

No matter by what name they all go, all are just plain hugging set to music. We want to determine whether any of them can be indulged in to the glory of God. For this is the Pauline touchstone: "Whether you eat, or whether you drink, or whatever you do, do ALL to the glory of God."

The New Testament scriptures classify the dance with a very bad category of sins. In Galatians 5:19-21 we have the following very strong setting forth and classification of the dance: "Now the works of the flesh are manifest, which are these: adultery, fornication, uncleanness, lasciviousness, idolatry, witchcraft, wrath, strife, sedition, heresies, envyings, murders, drunkenness, revelling and such like."

Now, this word "revellings" in the original Greek means "dancing with jovial festivity" and is condemned by the apostle Paul as being "work of the flesh." I suppose that no dancer or friend of the dance will take issue with me when I say that the modern dance is revelling. It is recreation that people need more than amusement. But we will not quarrel about that. Suppose we give the young people amusement, but for God's sake and their own sakes let's endorse such amusements as well but be destructive of their moral and spiritual natures.

2. The second excuse given to justify dancing is: "It makes for gracefulness of form and movement." This is not to be denied nor censured within itself. I admit that dancing does develop "grace of form and movement." But while you are good in their places, you are destroying those higher graces which adorn the mind and soul. I contend that we purchase these "graces" at too great a price.

3. Dancing," says its friends, "is an innocent and harmless amusement, and should not, therefore, be condemned." I will not even insinuate that all who dance are actuated by an evil motive. I don't believe that is true at all. But I will say, and I am abundantly supported by facts, that the modern dance has wrecked more young women than all the saloons put together. There is said to be more than five hundred thousand abandoned women in America today! And the larger part of them got their downfall by way of the dance. "O," you say, "that is the extreme, but I will never go that far." I am sure that you feel that way about it. But, don't you suppose that this large number of women once had such feelings too?

Oh, I warn you, my young friends; these modern dances, which brings the person of the dancers into such close touch with each other is not the "innocent" thing you have been made to believe. You may be innocent, but you dance with some vile fellow who may take advantage of your innocence, and thereby, bring everlasting disgrace upon you.

The person who dares to speak out and tell the people the whole truth about the dance is tabooed, and is said to be unfriendly toward the young people. Others say they are "narrow and ignorant." Well, some who oppose the dance may be narrow and ignorant. But I want you to hear what some people say who are not ignorant and narrow.

IV. Some Capable Witnesses Who Oppose the Dance.

1. The churches all speak out against the dance. Many ardent supporters of the dance seems to think that no respectable and intelligent number of people are opposing the dance, just a "few ignorant preachers." That you may know that the opposite is true, I cite you to what representative men in high position in the churches have to say about the dance.

(1) The Roman Catholic Church strongly oppose the dance. Archbishop Strauding said, "That nineteen out of every twenty of women coming to the confessional attribute their downfall to the dance."

The Vatican at Rome has denounced the tango dance in the following terms: "The tango must be prohibited absolutely in the seat of the seat of the Roman Catholic religion, the clergy are urged to raise their voices in defending the sanity of Christian usages the dancers threatening and immorality of the new paganism."

The Pope puts a ban on dancing by issuing the following statement to Cardinal Farley of New York: "Pope

HERE is a big seven passenger touring car of exceptional character—the Buick Model K Forty-Nine.

It is an individual car—one that meets a more exacting requirement than the ordinary types in which larger carrying capacity is demanded.

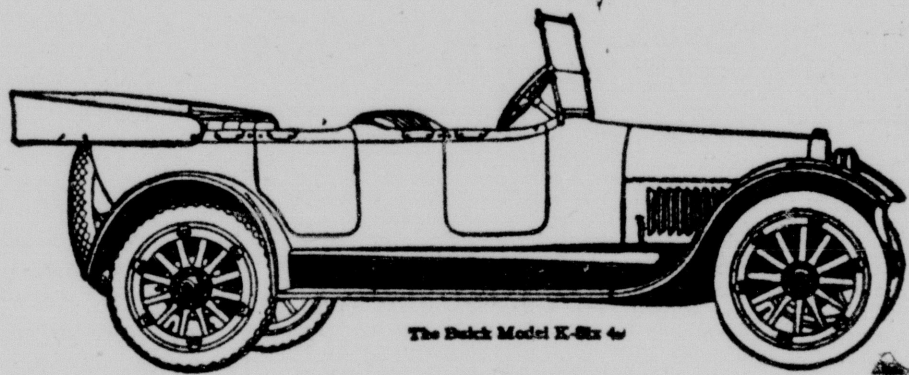

For city or country driving this big, roomy Buick fulfills the demands of each owner, particularly those who desire a family car of beauty, comfort and economy.

Its popularity in demand and selection conclusively proves the choice of the majority of all such buyers—and each day finds additional purchasers placing orders for future delivery.

LUMBER CO.

Benedict puts a ban on dancing under the auspices of parish churches in the United States and Canada. Cardinal Farley will issue a letter next week to pastors of his each denouncing the new rules which will take effect immediately.

(2) The Episcopal Church denounces the dance. Bishop Cox of New York said: "I will not confirm anyone who will not renounce the dance."

Bishop Johnson of San Antonio said: "These dances have passed the limit and are properly classed as vulgar, immodest and indecent, and therefore ought to be ostracized by all respectable people." Bishop Johnson goes on to say: "Such dances are introduced directly from the brothels; and when we consider how many of these young men of today are habitués of these low places, where they have engaged in these lascivious dances with women, mothers and fathers who value the purity of their daughters should see to it that they are protected from the close personal contact which these dances encourage. When we consider that a large percentage of the surgical operations which married women are cruelly subjected to on account of youthful indiscretions and practices of their husbands, too much care cannot be taken to remove every cause calculated to increase this terrible evil. I wish to have it understood that I will not knowingly confirm any person, male or female who will not agree to give up such objectionable forms of amusement. . . . Nothing but evil, and that continually and growing worse, can come from such corrupt and demoralizing state of society." Pretty strong, isn't he? Yet these words were unanimously endorsed by a council of Episcopal ministers.

(3) The Methodist church speaks out on the subject of the modern dance. The Texas Christian Advocate, the official organ of the Texas Methodistism, says: "The modern dance is an unmitigated evil. It is almost a social crime. And the pity of it is that modern society recognizes it as one of the legitimate amusements of the day."

2. Municipal Authorities take cognizance of the evil effects of the modern dance. Kansas City appointed a dance hall inspector to see that no such dances as the "grizzly bear" were engaged in.

Indianapolis passed an ordinance forbidding any dance to be started until the dance matron shall arrive. She is given authority to eject any person who offends against the decent proprieties of a social gathering.

Dallas has enacted similar ordinances, and other cities have found it necessary to take similar action in order to conserve public morals.

Could stronger proof be made of the utterly demoralizing tendency of the dance? In the name of all that is good and holy, what is our country coming to? Has the amusement of the people become so corrupted that the municipal authorities of the cities are compelled to protect the virtue of our daughters who indulge in such amusements?

The Secular Press is scorching in its terms of denunciation of the modern dance. "Life," the comic paper, says: "The man that contends that the ballroom is refined, is not a conscientious man."

Hear what Collier's Weekly has to say about the dance. It says: "It all began (speaking of the new wiggle dance) with the grizzly bear and the grizzly bear came from the underworld of San Francisco."

I have given you testimony from leading preachers, and papers, both religious and secular. Now I want to give you a few words from some of the leading physicians on the subject of the dance.

Dr. Frank Richardson of New Jersey, speaking before a medical association said: "Modern dance halls are the nurseries of the divorce courts, the training ships of prostitution and the graduating schools of infamy. Our young peoples' dances defy description; they are impure, contaminating and deadly."

Cold blooded business is protesting against the dance. Stanley W. Finch who for sometime was head of the National School of Welfare League, says: "The tango has taken such a grip upon the employees of the country that their capacity for work is cut in two. They go out and dance these newfangled twists half the night, the next morning they have none of their former vigor, and result is that the whole business suffers greatly because they are no longer able to turn out their accustomed amount of work. The tango is one of the greatest menaces of this country today. It is a new form of moral perversion. I see only one way of checking its progress in our social and economic structure—that is by a country-wide campaign of publicity, showing up its extreme evils."

These quotations could be indefinitely continued, but I don't deem it necessary to burden you with more of them. I have brought you these that you may know that the cry against the dance is not mere a wail of a few "ignorant preachers."

Now in conclusion, permit me to speak to you from the point of view of a minister of the gospel and pastor of this church.

In the first place, God holds the minister of the gospel responsible for the people to whom he ministers. He is solemnly charged, by God Himself, to cry out against the sins of the people, and if he does not do it, God will

hold him to strict judgment. The word of the Apostle Paul is: "Obey them that are your leaders, and submit to them; for they watch in behalf of your sins, as they that shall give an account; that they may do this with joy, and not with grief; for this were unprofitable for you."

The faithful pastor is concerned about the spiritual development of his people, and he is unfaithful to them, if he does not warn them against the dangers of popular sins, and seeks by every possible way to turn them away from them.

Out of the twenty-five years of experience as a pastor, I have yet to find one church member, who was an habitual dancer, that was a soul winner. I have seen those who were soul winners turn to the dance, but after they began to dance, they lost all the soul passion they had and they no longer won their fellows to Christ.

I have had considerable dealing with lost people, who were seeking salvation. In my dealings with them, I have often suggested that I have such and such persons talk to them. Without my knowledge, some of whom I suggested were dancers, and without exception, those seeking salvation would say: "Don't send that dancing person to me, I've as much relation as they have." If dancing does you no more harm than to destroy your spirituality, your passion for souls and the sacrifice of your influence over lost people, I think that sufficient to cause any converted person who dances to quit it AT ONCE.

I want to see every young person in our church a devout and consecrated soul-winner. I want to help you to be a better Christian and a more successful Christian worker. I know you cannot be either, if you follow the way of the dance. Will you not for Christ's sake, and lost souls' sake quit it?

My final word is to the parents of these young people: Are you going to encourage your children to go the way of the dance, and thereby be subjected to the awful dangers of such amusements? Will you not take a stand by your pastor's thought and help him, by your support, to lead your children in the way of holiness and usefulness? If you will not, what use is there of your pastor giving his time and wearing his life away when he is utterly powerless in reaching your children for God and their usefulness?

I have had my say. I am willing to face it at the judgment bar of God. May He bless it to His glory and the good of every one present. Amen.

(At the close of the sermon, the large audience most enthusiastically and unanimously approved the position of the pastor, as well as the sermon by rising to their feet.)

See the Oil Mill before buying seed.

CAR LOAD OF WAGONS

We have just received a car load of wagons and have them unloaded and in our stock rooms, ready for delivery. Farmers who have been waiting for wagons and unable to get delivery will have to wait no longer. Come in and see us today about your new wagon. It will soon be harvest time and you will need it for transporting your cotton and grain crops to market.

Don't forget that we can serve the needs of the farmers, for we have the stocks in all lines of hardware.

Garden Tools, Hose, Plumbing Fixtures and in fact, everything you need in Hardware. Don't forget that it is fishing time. Also that it is important that you have a water cooler for summer.

Milam County Hardware Company

Cameron, Texas

Cameron Society

By MRS. W. A. GILLON

SYMPHONY CLUB

This delightful music club met last Saturday afternoon with Mrs. J. L. Clinton.

The subject for the afternoon was the life and works of Meyerbeer, with Miss Curtis as leader.

Several selections were played, papers read, and stories given. This was the time for the annual election of officers. The nomination committee was appointed consisting of Mesdames B. F. Bonds, Simmie Burns, Jr., and Miss Gladys Walker, and the following officers were elected for the ensuing year:

Mrs. R. P. Jeter, President; Mrs. Stafford, Vice-President; Miss Mary Lake Henderson, Recording Secretary; Mrs. J. N. Crawford, Corresponding Secretary; Miss Jewel Joslin, Treasurer, and Mesdames Ira Key and R. P. Jeter, accompanists.

COMPLIMENTARY PICNIC

Misses Louise Green and Owen Bacon complimented their visiting guests Saturday night with a picnic out at Salem.

The night was ideal, the moon bright and the crowd rode out in cars and had a delicious spread under the popular trees, so often used for the purpose.

Miss Mary McLane chaperoned the following party: Misses Cecil Day, Georgia Clark, Gladys Jones and Sallie May Fancher as honor guests, Owen Bacon, Louise Green, Messrs. Jno. Ferguson, Robert Calloway, Jim Coleman, Mike Coleman, John Henderson and Thad Epperson.

BAYLOR COLLEGE CLUB ORGANIZED

Two weeks ago a number of Baylor College former students met at the home of Mrs. E. J. Baskin for the purpose of organizing a Baylor Club.

The purpose of the club is of the club is of a three-fold nature. First, to promote a growing interest in the splendid institution, second, to urge a large attendance at the home coming time, when the Diamond Jubilee will be held on the 10th anniversary of the college, and third, to work for an endowment.

Miss Amy Wagon, of Dallas, Publicity Secretary Students' League was in Cameron and met with these ladies, presided at the meeting and explained the object.

Miss Helen Flier was made President, Miss Ruth Henderson, Secretary. There are about twenty-five former Baylor College students residing in Cameron and an enthusiastic meeting was held.

The following program will be given at the Diamond Jubilee:

June 4, Friday
Academy Graduating Exercises.
Graduating Address by Dr. W. M. M. Spilawn.

June 5, Saturday.
Morning—Interscholastic Debate.
Address, "Christian Education"—Dr. Lee M. Scarbrough.

Afternoon—Concert by Choral Club.
June 6, Sunday
Baccalaureate Sermon—Dr. George Truett.

Vesper Services.
Missionary Address—Dr. Carroll.
June 7, Monday

Morning—Class Day Exercises.
Home Coming Address—Dr. Brooks and Mrs. Elli Moore Townsend.

Unveiling of Robert E. Lee Bust.
Afternoon—Business Session of Alumnae Association.

Jubilee Banquet, 5-8.
Concert by Choral Club and Orchestra.
June 8, Tuesday.

Graduating Exercises.
Graduating Address—B. P. Claxton.
Secretary of Education, Washington, D. C.

A DANCE

Another dance at the Legion Hall last Friday night was a social function of much enjoyment to the dance lovers.

The Bartlett Jazz Band furnished music and Mr. and Mrs. Oxsheer Smith, Mr. and Mrs. Fritz Fahrendorf and Mr. and Mrs. J. L. Clinton chaperoned. There were about thirty couples participating with Mr. and Mrs. Tom Henderson, Jr., as leaders.

CAMERON CONCERT BAND IN SACRED RECITAL

A number of music lovers enjoyed a delightful band concert at the school building Sunday afternoon.

Despite the heat the boys played better than ever before, played more difficult music.

Mr. Crawford deserves a rising vote of thanks from all the citizens of Cameron for his faithful and efficient work among the boys.

Only one year ago most of them did not know a note of music, and all who were not there Sunday should have heard the beautiful selection of Sacred Songs, the Bridal Rose-Overture, National Guard and a number of others.

Miss Curtis rested the boys by singing a beautiful solo in the intermission.

The people of Cameron should make every effort to retain Mr. and Mrs. Crawford in our midst.

A number of Cameron people went to Georgetown Friday to attend the May Fete. Some of them were: Mr. P. O. Adams and family, Mr. and Mrs. W. H. Triggs, Mrs. W. O. Triggs, Mrs. Howard Baskin and children, Mr. Jeff Kemp and four teachers, Misses Bass, Hillman and Carroll.

RETURNS TO CAMERON

Mr. and Mrs. W. J. Rogers have returned to Cameron to make their home after a stay in Port Arthur. Mr. Rogers will be associated with the Cameron Water, Power and Light Company and will have charge of the water division and the manufacture of ice.

All Cameron will welcome Mr. and Mrs. Rogers back to the city.

TRUSTEES, SCHOOL BOARD AND FACULTY HONORED

Mr. and Mrs. Frank Lesovsky threw open the doors of their handsome home on Friday night to the above named and entertained in a unique and delightful way.

About forty responded to this invitation and were met and welcomed at the door by Mr. and Mrs. Lesovsky and little son and daughter, Gardine and Dorothy.

The mode of entertainment was "A Return to School Days," and the following invitations sent out: "Mr. and Mrs. Lesovsky wishes to announce that they will, on the night of April 30th hold school from eight to twelve o'clock. Your prompt attendance is requested."

There was a good attendance, but as usual, several boys and girls played hooky. Jeff Kemp could not miss the May Fete at Georgetown, although this was the fifth time he had seen it, and Bill Hefley just had to attend a political speaking for Joe Bailey at Maysfield, also, Tenney Mae Bass and Kittie Cain ran away to Georgetown. All were greeted by their given names and used throughout the evening.

Ruth Crawford and Aline Work pinned a slip of paper with a subject for a stunt on the back of each guest as they entered, and general mingling and reading the other fellow's stunt was a fine "get acquainted" scheme.

Ruth then called on a number of these and as the subject of their stunts disclosed all responded ready and well.

Ask Lee Kidd the advantage of a bald head, Mora Atkinson why she favors divorce, Henry MacFadyen his reasons for thinking our school teachers are paid too much, Norris Crawford why he married a school teacher, Della Denson why she prefers a Victrola to an Edison, and Ruth Crawford and Aline Work for their latest duet etc.

Ruth then introduced the school marm, Mrs. Lesovsky and her assistant, Lora Gillon. Cards were passed and desk notes found and unique stunts and little red pencils passed amidst a jolly merry making in which these teachers repeated the antics of their pupils a lesson in the alphabet, arithmetic and geography were given. Stunts exchanged and corrected. Reccess followed and it was raining hard the children were entertained indoors by Bessie Louise Hefley singing "The Ginger Bread Man" and a reading by Mildred Akin, "The Christian Soldier." Ruth Crawford led the class in calis-

thenies, and Aline Work in a number of college songs and yells.

By the time recess was over the teachers had decided to award the prize—a diploma—to Ada Henderson, and a dinner cap to Lee Kidd.

The noon hour having arrived the children were bidden to eat their lunch if they brought any, and those who had not to go home for it, but with one accord they all decided to share teachers' lunch, so they were served a most delicious marshmallow salad, chicken sandwiches, pickles and ice tea, and all sent home without any being kept in although many deserved it, especially Clarence Cameron, Amelia Williams, Ed Flinn and Mattie Batte for poor teacher was so tired, having neither spared time or energy to give the children a day of recreation and pastime. The lunch was distributed by Belle Akin and Lottie Hamilton, May Belle and Mildred Akin saw that no child was served twice by tagging each one with a flower.

PRISCILLA CLUB

On last Thursday afternoon at 4 o'clock at her home on Hefley Heights

Mrs. W. A. Gillon entertained all the members of the Priscilla Club and the ex-members. It was a reunion party and about twenty-five responded to the invitation.

After all had assembled Mrs. Gillon invited four ladies at a time in the dining room to see her needle work, which she had on display on tables, buffet, etc.

Mrs. Gillon was a member of the Priscilla Club for a number of years and for quite a while termed herself the "grandmother," and on this occasion the pleasure was all hers, as she displayed her work in a proud "grandmotherly" way.

After the eyes were feasted only light refreshments were served consisting of white cake and punch.

Guests other than club members were and ex-members were: Mesdames Emily Swift of Portland, Maine, Vernie McIntyre of Marathon, Tom Henderson, Jr., S. A. Cottle, Henry MacFadyen, Misses Beth Jeter and Mary Lake Henderson.

JUNIOR EPWORTH LEAGUE

The young seniors of the Methodist

church have arranged to organize a Seior Epworth League. Will meet at the Methodist church Sunday 6:45 p. m. The attendance of every young senior is wanted.

J. D. Martin and family of Maysfield, spent Sunday in Cameron.

CIVIC LEAGUE

Members of the Cameron Civic League will be called upon this week by a committee appointed to solicit payment of dues in order to begin important work that must be done with the coming of the summer months.

More lights are needed in the park and the town must be cleaned up. Also the story hour for children in the park will be resumed.

COMMERCIAL CLUB

One of the matters of importance to come before the Commercial Club tomorrow night will be that of maintaining the cotton classer for the ensuing year.

The local committee has been given

an extension of time on several occasions by the A. & M. College but the time has come when some action must be taken if the classer is to be maintained. George Banzhaff, county farm demonstrator has been active in trying to secure the office for the ensuing year and to enlist the financial aid of the farmer. So far the funds required have not been raised.

GOING TO WASHINGTON

Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, will leave here Saturday for Dallas and from that city will leave Sunday by special train for Washington where he will attend the Southern Baptist Convention. Rev. Mr. Blaylock will be away about 10 days. The church is sending him the convention. His pulpit will be occupied by laymen while he is away.

Mrs. Ed L. Tucker and little daughter, Frances, left for Altus, Oklahoma this week, where they visit with relatives and friends. They will be away for several weeks.

Wonder-Play

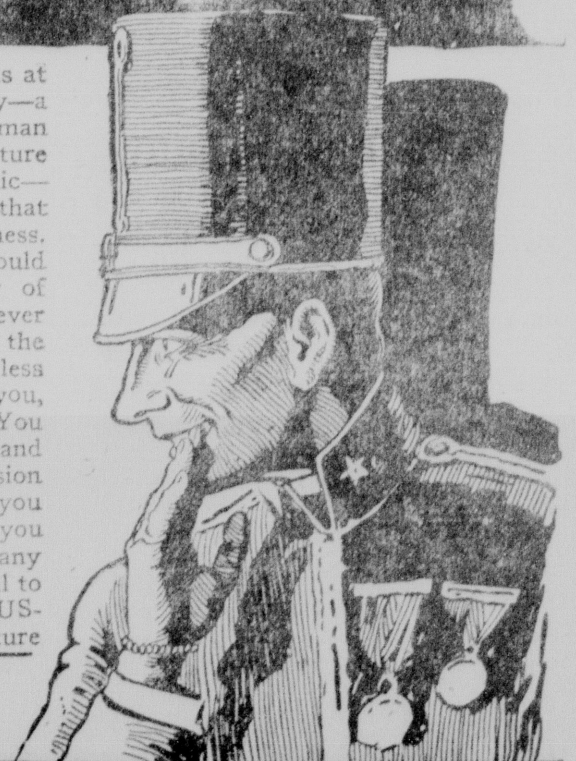

The Most Enthralling Motion
Picture Drama that the
Art has ever produced

Presented by Carl Laemmle

"BLIND HUSBANDS"

HERE is a photodrama which is at once an absorbing love story—a gripping portrayal of human passions—a thrilling adventure picture—and a marvelous, glorious scenic—with a splendid surprise at the end that sends you away in a glow of happiness. To tell you one word of the plot would spoil the most tremendous hour of dramatic entertainment you've ever known. We'll simply say that as the action unfolds you will grow powerless to leave your seat. It will be as if you, yourself, were one of the actors. You will pass through their trials and temptations, make your great decision in the moment of crisis, reap what you have sown. And when all is over you will be uplifted as never before by any moving picture. On no account fail to see the wonderplay, "BLIND HUSBANDS." Now playing—the picture you'll never forget.

UNIVERSAL-JEWEL PRODUCTION OF LUXE

DIXIE-WINNER CO. ORDERS RIG SHIPPED TO ROCKDALE FIELD

STAR DRILLING RIG ON BELL
COUNTY HOLDINGS COMES
ROCKDALE THIS WEEK

(Rockdale Reporter.)

The dispatch below taken from Sunday's Temple Telegram will be of general interest. The Dixie-Winner Company is the company which recently paid J. C. Davis \$100 per acre for 115 acres of land, seven miles northwest of Rockdale, near Tracy. They promise an early development of their holdings.

The dispatch:
Killeen, Tex., May 2.—Word was received today by Mr. Sweeney, who is in charge here of the drilling rig belonging to the Dixie-Winner Drilling company of Temple, instructing him to reload the rig and boiler for shipment to the Tracy field, in Milam county, where the Dixie-Winner people have recently acquired extensive holdings.

It was explained by the company's officials in Temple that another and larger rig had been ordered for their well to be drilled on the McMahon survey south of Killeen, and that this action was being taken on the advice of Prof. Sellards, of the State Geological department, who made an extensive holdings in this field a few days ago. The state geologists is of the opinion that the proposed McMahon well will probably have to go 2200 to 2500 feet, and that the Star rig now here is not suitable for that location.

Another reason given by the company's officials for moving this rig is the fact that it is necessary to begin operations at once on their Tracy field holding, and that their other rigs are all tied up in the shipping embargo. Also that the star rig now in Killeen is better suited for the Tracy field than for the Killeen field, so it was finally decided to make the change. However, it is stated that the heavier rig for this location should arrive within a very short time and that work on this well be started at an early date, the state geologist's report being very encouraging for a good well south of the Lampasas river.

The company's rig now in Killeen

will be loaded out early next week states Driller Sweeney, who will accompany it to the Tracy field and assist in getting it started there, after which he will return and erect the new rig south of Killeen.

PADUCAH DRUGGIST TELL WHY MENDENHALL'S CHILL TONIC OUTSELLS ALL OTHERS

"Mr. J. C. Mendenhall, Evansville Ind., Dear Sir: You ask us if we are disposing of the one gross Mendenhall's Chill and Fever Tonic we have been purchasing from you monthly at retail as this is an unusual quantity for a retail druggist to buy. For your information, will state that our best physicians are prescribing your chill tonic almost daily with better results than quinine or any medicine used for malaria, chills and fever. We have a customer who was all run down, pale and emaciated and had a cough. Some physicians pronounced his case consumption. One of the doctors here prescribed a bottle of your chill tonic. He took it with the best results and continued it for some time and is now entirely well. He had a cough and chronic malaria. We find upon inquiry that the jobbers here purchase 60 gross of your chill tonic a year which, with our purchases, amount to over 8000 bottles a year which are sold in the city of Paducah." Signed Lang Bros., Druggists. Mendenhall's Chill Tonic has all the properties of ordinary quinine without the bad effects, combined with glycerine, licorice and yerba santa which makes it at once the best remedy for coughs, colds and grippe. Price 75 cents. Sold by Avera's Drug Store.

ROCKDALE OIL NEWS

(Rockdale Reporter.)

The past week in the local oil field has been featured by a considerable exchange of lease acreage at prices ranging from \$10 to \$100 per acre. Several large deals have been pending and are all about closed, only awaiting the passing of abstracts and closing of details. We are not privileged to give details as yet. However, the higher priced acreage lies north and northwest of town and some of it on this side of the Gabriel. Drilling contracts are a feature of several of these deals.

Oklahoma parties were here Saturday investigating the shallow field with a view of installing a pipe line. These parties are not seeking a bonus but state that if sufficient production is assured they will build a pipe line and refinery.

K. J. Snell, of the New York-Texas Company, was here the first part of the week. This company is now engaged in building their derrick on the Joe Brown tract west of town.

The Underwriters Company at Tanglewood has shut down and moved the rig to their Maysfield lease. They announce that they will later resume work at Tanglewood and believe that they can save the well which was seemingly lost at 1,700 feet when 200 feet of casing was twisted off in the bottom. They are awaiting a shipment of smaller casing which they expect to put down through the lost casing which is larger.

The Davidson Creek Oil Company is shut down.

The Oklahoma-Texas Company on the Guy Cook tract is shut down, still awaiting the receipt of casing.

Bauer No. 2 on the Quebedeaux lease is still fishing and some success has been achieved and it is thought the tools will all be recovered.

Johnson, Vernell, Rathbone & Co. have their six shallow wells on the Henderson lease at Tracy on gang pump. None of the wells have been cleaned or cased but it is reported they are showing up better than three barrels each per day.

The Avo Oil & Refining Association are engaged in shutting off a flow of water in their Gilleland No. 1. Manager M. T. Skinner returned Tuesday from Fort Worth where he placed an order for additional engines, pumps and piping for their operations in the Rockdale oil field.

Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

If you want good bright alfalfa go to the Oil Mill.

EAT LESS MEAT

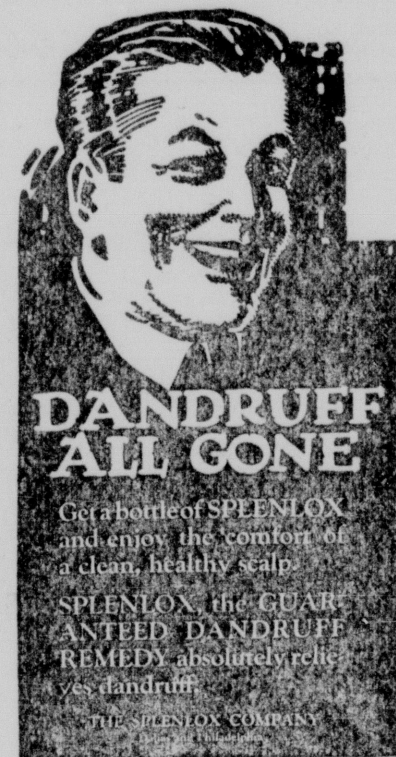

IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladders Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority. Because the uric acid in meat excites kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.

Jad Salts cannot injure anyone;

Sold by Pace-Marshall Drug Co.

makes a delightful effervescent lithia-water, drink which millions of men and women take now and then to keep the kidneys and primary organs clean thus avoiding serious kidney disease.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

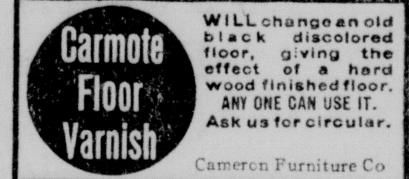

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$4.50

GOODYEAR

TRADING AT HOME POINTS OUT PATH TO REAL PROGRESS

HERALD CAMPAIGN STARTED
OFF WITH BANG—PRIZE FOR
BEST LETTER ON SUBJECT

Trading at Home yields a remarkable influence over community life. It works miracles in civic growth and civic harmony. Its radiating influences reach into every nook and corner of community activity. It is felt in the home, bringing sunshine and joy. It is found in the school, forming wisdom and character. It is heard in the parks, blending the voices of happy children with the songs of joyous birds. It is seen in the community in a thousand wondrous words spelling, "Better Streets," "Better Walks," "Better Drives," "Better Everything." Trading at home brings to the community all the truly worthwhile things of American life, and keeps bringing them.

Trading at home is the propelling force of a community. It means civic progress. It enables a community to keep abreast of the times, to go forward—never backward. It brings to a community the newest of civic improvements—Community playgrounds, community gardens, community parks. Trading at home selects the best of outside influences and places them before the community constantly.

At first glance all this may sound unreal. The casual reader mayhap cannot associate trading at home so closely with community welfare. But stop for a minute. Consider a few concrete facts.

All community or civic activity is absolutely dependent upon municipal taxes and community donations. From these two sources come all the funds of municipal government and civic improvement. People in Dallas, Houston or Fort Worth; big mail order houses in Chicago, Boston or New York;—none of them contribute one dollar to building good roads, paving streets, erecting schools laying out parks, instituting public libraries in Cameron. The money for all these great monuments to civic pride and the numerous features of community progress comes from home.

Now who at home pays the greatest share into the community welfare fund? The answer summed up in two words is this—home merchants. Upon them falls the greatest burden of taxation. To them goes the honor of giving to every home movement—school, library, Y. M. C. A., Woman's Club, Churches. The home merchant and the home merchant's money supports them all. He is the home town booster first, last and all the time.

Are you trading at home? Are you giving your home merchant the support he deserves? Are you helping secure "Better Things" for your Community or are you throwing your aid to building a new viaduct at Dallas or scenic drive along the Hudson? Think it over.

The Herald has launched a trade at home campaign. It will devote one

page each week to trade at home advertising and trade at home talks. It offers a cash prize of \$150 a week for the best trade at home letter addressed to the editor. This letter will appear in the center of the trade at home page, and must be confined to one hundred and fifty words. There is no exemption as to authorship. Every man, woman, and child in Cameron is urged to participate in this letter contest. All we ask is that they direct their powers of argument to "Why You Should Trade At Home."

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

MILANO NEWS

By Chas. Howes.

Magdaleno (Lenard) Nine, a young Mexican who has been practically raised here and who is probably the most popular person of that nationality who lives here married a Senorita Baguerra on Mr. Burnett's farm Saturday night.

Milano School closed Friday, April 30th. The classes of Misses Woolley and German gave an entertainment Saturday night, May 1st to a large audience in the Woodmen Hall.

The Milano Precinct Convention Saturday afternoon appeared to have been all one way—all anti-Bailey. It was unusually well attended. Hon. C. M. Beard and Gen. J. O. Newton were among the delegates selected to the county convention.

The Rev. Mr. Stewart, Pastor of the Rockdale Baptist church preached the Baccalaureate sermon to the Graduating Class of the Milano High School at the Baptist Church Sunday night, May 2. The diplomas will be presented tonight (May 3) by little Miss Carmichael.

A great many people are still planting cotton. It is to be hoped that Mr. Boll Weevil will be more considerate this year with May cotton than he was last year. There were several patches last year in this locality that he never permitted to bloom.

Mrs. Moore Was So Weak She Could
Hardly Get Up—Health Restored
by Tanlac

"I feel so well now that I could hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore, of 943 S. Wellington St., Memphis, Tenn.

"I had been in a rundown condition for two years," she continued, and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so lifeless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headache, that would almost drive me distracted.

"My appetite picked up on my first bottle of Tanlac and I am now eating three hearty meals a day, those awful headaches are gone and I am feeling fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."

"Tanalac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

MACK HARVEY, Manager

ACROSS FROM OIL MILL

Change Name of Refinery; Will be Big Elk Company

The Big Elk Refining Company is the title by which the Longhorn Refining Company of Cameron will be known in the future, it having become necessary because of prior use of the latter name by a Texas refinery, to discontinue the use of it.

Despite the fact that the local company had become known in all parts of the United States by the name it is now forced to abandon because of alleged infringement, no protests were launched by the Fort Worth company until recently when the matter was placed in the hands of attorneys and the patent office consulted.

Announcement of the change in the name of this refining company is made today by John Bertrand, general manager, who Wednesday received a letter from the Washington attorney of the company advising that the trade mark and the name Longhorn could not be registered on account of priority of the Fort Worth Company although it has been developed that no patent has been issued to that company.

The company here has been advised that the original name adopted was exclusive to its own use and had proceeded with operations pending the granting of patent on the trade mark. When the communication came yesterday announcing the necessity for changing the name The Big Elk Refining Company was decided upon. The Big Elk Refining Company as it will be known in the future was not infringing upon the name of any other refinery. The alleged infringement being upon products labeled under the name "Long Horn" put out by the Oil Refining Company of Fort Worth. The company had received telegrams and letters advising that there was no infringement.

Official of the company have been negotiating for a site on which to build the refinery but so far have been unable to close a deal for the location. They claim exorbitant prices are being asked for acreage adjoining the city and have not found a suitable proposition. The company has also taken under consideration material bids for the construction of the refinery. These estimates are in no way final and have been merely assembled to enable the company to arrive at a fair estimate of the cost of the new refinery.

Another change that has been made in the company is the increase in the capital stock which has been increased from \$250,000 to \$500,000 with shares remaining at \$25.00. Stock sales are reported fairly with interest being taken in the oil centers of the north and east in the refinery project.

DRILLING HUFFMAN WELL

Drilling is being pushed on the Huffman well of the American Underwriters of New York. The well is down more than 2000 feet and it was reported in Cameron early this week that the formation was encouraging. This, however, cannot be confirmed.

By increasing the depth of this well it has been proven that the Austin chalk has not been reached and it is said that if the location is good for a producer the pay sand will be reached before the chalk is reached. It was thought two weeks ago that the chalk had been reached. This, however, proved to be untrue, according to reports here.

The well is being drilled by a rotary rig. J. T. Leach is in charge of the operations.

GRANDMOTHER CHAMBERS

Grandmother Chambers, as she was called by those who knew and loved her, died Saturday, May first. Funeral services were held at the Chambers residence at ten-thirty o'clock Sunday morning and were conducted by Rev. H. R. MacFadyen and Rev. B. B. Blaylock, after which the remains were interred at Oak Hill cemetery.

The quantity of beautiful flowers, and the number of friends who called to pay their respects to the deceased, testify to the sweet character of the dear old lady.

Miss Frances Ann Stanley was born April 5, 1842, in Walker county, Alabama and when seven years of age moved to Polk county, Texas. It was while living in Polk county that in 1860, just at the outbreak of the Civil War, Miss Stanley was married to Mr. Wm. Chambers, who was a soldier in the Confederacy. December 21, 1878, Mr. and Mrs. Chambers moved to Milam county, settling at Walkers Creek, where they lived until Mr. Chambers' death in 1889. Upon the death of her husband, Mrs. Chambers moved to Cameron, living most of the time with her son, Mr. W. W. Chambers. For the past six years Mrs. Chambers has been an invalid, being confined to her bed a great part of the time. She was tenderly cared for by loved ones through the long years of illness. Of her eight children, only two, the oldest and youngest, Mr. W. W. Chambers, and Mrs. B. H. Jones, survive her. Mrs. Graham Gillis, who is a granddaughter, had the care of Mrs. Chambers for the past three years, and her tender ministrations added comfort and cheer to the final years of Mrs. Chambers' life. Other grandchildren living in Cameron are Mrs. J. H. Chambers, and Mrs. G. H. Chambers, and a great grandson, William G. Chambers, Jr.

Mr. and Mrs. E. H. Jones and Emily Christian of Waco, Mo. and Mrs. Mullins of Elm Ridge, Mo. and Mrs. G. T. Lighttower of Walkers Creek were in Cameron to accompany the body to its final resting place.

---and neither could you have told the difference!

Drawn from actual photograph

Why audience at Cameron High School Auditorium Tuesday, April 27 was so completely mystified. Betsy Lane Shepherd was inside the phonograph in all excepting physical presence.

At first reading, the story of the New Edison's performance Tuesday night, April 27, at Cameron High School Auditorium seems fraught with mystery.

But the explanation is simple enough.

First, get a picture of what happened. Miss Betsy Lane Shepherd sang "Home Sweet Home." She stopped after the first few lines, but her voice flowed on without a break. No one even noticed she had stopped—until some eyes, keener than the rest, saw her lips were still. It was only then that realization dawned. The audience found it had been listening to the New Edison.

To every ear, the two voices, living and RE-CREATED, had been without a shade of difference.

That was what so mystified the audience. They had expected the RE-CREATED voice to betray its phonographic origin. It was a step too advanced for their comprehension that this instrument should be all that Miss Shepherd is, excepting her physical presence.

THE NEW EDISON

"The Phonograph With a Soul"

This extraordinary proof is the only means through which the people learn to appreciate the true powers of the New Edison. If you are interested in music, it is indeed unfortunate that you were not present.

Yet, you know this is a test which no other phonograph dares attempt. It is proof that no one can evade or deny. The New Edison is the only phonograph which RE-CREATES music and the soul of music. Come in and hear it for yourself.

The instrument used in the tone test Tuesday night, April 27, is the regular exact duplicate of the Laborator model which Mr. Edison perfected after spending Three Million Dollars in experiments.

FIRE DESTROYS BIG HARDWARE STORE

Fire of an undetermined origin which for more than an hour threatened the entire business district in southeast Cameron last Saturday morning at 3 o'clock, destroyed the hardware store and business of A. J. Matocha & Co. The loss is estimated to have been \$15,000 or more. The stock is partially covered by insurance to the amount of \$7500.

The building owned by Mondrik Brothers was practically destroyed and only a few articles of stock, mostly new goods, received and which had not been unpacked, were saved. The merchandise taken from the store is a negligible quantity and the loss is practically complete.

The A. J. Matocha store is situated near the grocery store of Mondrik Brothers and also in close proximity to J. T. Parma grocery and the J. P. Werner & Co. dry goods store. Heroic work of firemen under Chief Thomas prevented the flames from spreading. Three lines of hose played upon the flames under pressure from the motor truck engine and although the fires had gained great headway when discovered portions of the building were saved.

This is the most disastrous fire which has occurred in Cameron during recent months. According to the announcement of A. J. Matocha the firm will resume business as soon as a location can be secured and stocks received.

BRIDGE-FORTY-TWO PARTY

Mr. and Mrs. Fritz Fahrendorf entertained quite handsomely last Thursday night at a Bridge-Forty-two party in honor of Mrs. Emily Swift of Portland, Maine.

On the threshold of this home you found yourself transported as if by magic in a moment—had spanned the mighty deep and entered Japan.

Tally pads and score cards were in bright Japanese design, and quite a number of games played and Mrs. Fahrendorf was assisted in marking scores, presenting favors by Misses Lorenz, Leila Woolley and Maurine Messimer.

As each made a game favors of Japanese fans were placed in the hair of the ladies, pipes and lanterns presented to the gentlemen, and at the conclusion of the games four prizes were given as follows: Ladies' prize for bridge was a beautiful Japanese vase and was won by Mrs. U. S. Hearrel, Gentleman's, a Japanese idol with incense burning, won by Mr. Oxsheer Smith. For 42, ladies' prize was an incense burner in the shape of a vase, won by Miss Mary Lake Henderson; gentleman's, a hair painted Japanese oak tray, won by Mr. S. A. Cottle.

A delicious two-course luncheon was served, consisting of chicken salad, fruit salad, pimiento and lettuce sandwiches, olives, stuffed celery, ice tea, and as place cards Japanese nut cases full of nuts with silver and gold parasols over them, strawberry cream, white cake with bright colored parasols overshadowing each square of cake.

The guests were: Mr. and Mrs. Tiff Moore, Mr. and Mrs. Giles Avriett, Mr. and Mrs. S. A. Cottle, Mr. and Mrs. J. L. Clinton, Mr. and Mrs. Oxsheer Smith, Mrs. Emily Swift of Portland Maine, Mrs. Vernon McIntyre of Marathon, Misses Beth Jeter, Mary Lake Henderson, Leila Woolley, Jeff Lewis, Rose Rischar, Lorenz, Aetna Smith, Mr. Jack Lewis, Mr. J. C. Joseph and Miss Maurine Messimer, dressed so charmingly in white and assisted Mrs. Fahrendorf in many ways.

Good clean West Texas Seed at Oil Mill, \$1.65 bushel.

STEWARDS' MEETING

Mr. and Mrs. C. N. Green entertained the Stewards of the M. E. Church Tuesday evening.

There were fourteen present with Rev. Talley, Presiding Elder of the Marlin District, and Mesdames Ira Key and Mattie Batte as other guests.

A regular business session was held with much talk and many plans for their new seventy thousand dollar church so soon to be built.

At the conclusion Mrs. Green, assisted by her two daughters, Mary and Frances and Helen, served white cake and cream.

EXPERIENCE PROVES QUININE IN CAPSULES UNRELIABLE

Several years ago a doctor called at my drug store and stated that he was getting no effect from quinine given in capsules to Mrs. ——. I answered "This is reasonable as quinine in capsules as well as pills and tablets is sometimes passed by the patient unchanged. Upon investigation he found this to be the case with this patient and was compelled to give quinine in liquid form to get any results." J. C. Mendenhall, 46 years a druggist, Evansville, Ind. Mendenhall's Chill & Fever Tonic is in solution quickly absorbed by the stomach so pleasant to the taste that children will ask for it. Mde with and without arsenic. Sold by Avera's Drug Store.

LOST—In Wonderland Theater Wednesday night, April 28, one purse containing a \$20 gold piece and a \$10 gold piece. Will pay \$20 reward for return of same to Mrs. Hallie J. Wolford. 1-2t.

AMONG THE CHURCHES

METHODIST CHURCH

The services Sunday will be unusual. It is the national day when all men, women and children should assemble in the churches to do honor to their mothers. We will observe Mothers Day with appropriate services. If you have a living mother, don't fail on that day to do something unusual that will make her know that you love her. If she is far away, be sure to write to her, and don't be afraid of making it too strong. She perhaps might not be here next Mothers Day and you would regret it if you had not done something to make her feel happy. If your mother is dead, be kind to some other fellow's mother. She will doubtless be looking down over the portals of heaven wishing for you to find your place at the church that day, or she will, if she is living, expect to find you there.

The subject Sunday evening will be "The Story of Sampson, with up to date applications."

The Sunday School meets at 9:45. The Intermediate League will meet at the church at 6:45 p. m. A number of our young people met at the church last Sunday at 6:45 p. m. for the purpose of discussing the organization of a Senior League. A program has been arranged for this coming Sunday for that same hour at the church, and a number of young people are being given special invitations to this meeting.

The pastor is continuing a study of the Lord's Prayer each Wednesday evening at 7:45 p. m.

BAPTIST CHURCH

Special Mother's Day program at the Baptist church.

The following program will be carried out at the Baptist church next Sunday morning:

Voluntary—Melody of Old Time Hymns—Orchestra.

Hymn—"Jesus Lover of My Soul."

Invocation—Rev. M. L. Pardo.

Special Music (selected)—Junior Choir.

Significance of Day and Scripture Reading.

Solo and Chorus, "My Mother's Song"—Richard Vest and Choir.

Offertory, "Perfect Day"—Orchestra.

Solo, "Rock of Ages"—Mrs. C. D. Lay.

Mother's Day Address—Hon. O. O. L. Kidd.

Hymn, "Sweet By and By."

Prayer, Mr. W. J. Walker.

Solo and Chorus, "Jesus and His Love"—Miss Gladys Walker and the Choir.

"Mothers of the Bible"—Miss Mary Lake Henderson.

Solo, "Little Mother of Mine"—Mrs. C. D. Lay.

Announcements.

Hymn, "Home Sweet Home."

Benediction, Rev. M. W. Mitchell.

PRESBYTERIAN CHURCH

At the morning service next Sunday we are hoping to ordain and install our new officers elected last Sunday.

We are finishing up in good style the canvass for funds for carrying on the work for the coming year. The church has done nobly in the Presbyterian Progressive Program. The response has been very gratifying both in the pledges for local support and for the missionary and benevolent causes of the church. The pledges for the latter now amount to \$3075. This is the greatest advance in the history of the church and will give us our own foreign missionary. We are asking our Foreign Missions Committee at Nashville to name a man for us till some one of our own

young people offers to go. Worship with us next Sunday. H. R. MacFadyen.

NEW BRICK PLANT

Guy Bailey, of Ardmore, Oklahoma, has completed the installation of a brick yard in Cameron and will manufacture brick by a special process which he has perfected.

The plant is located near the Santa Fe Depot and Mr. Bailey declares has a capacity of 10,000 brick a day. There is plenty of raw material in this section to support the manufacture of brick. With this yard in operation a new and extensive industry is possible and it is believed by Mr. Bailey that he can serve a very urgent need for building material.

BAKER ANNOUNCES FOR REPRESENTATIVE

GAUSE CITIZEN WILL SEEK ELECTION TO LEGISLATURE FROM MILAM COUNTY

O. D. Baker of Gause, widely known Milam County citizen and former publisher of the Gause Guide, a newspaper published at Gause, has announced as a candidate for the office of representative from this county to the 37th legislature.

The announcement that he would be a candidate was made Tuesday while Mr. and Mrs. Baker were attending the county convention. His candidacy is made subject to the action of the Democratic primaries in July.

In addition to his newspaper activity at Gause Mr. Baker is editor of the Woodmen Journal published at Dallas and is state lecturer for that order. He has resided in Gause for the past 12 years. The plant of the Gause Guide was destroyed by fire more than a year ago and the paper was never re-established. Mr. Baker is now active in the publication of the Journal.

Mr. Baker as candidate for floratorial representative from this district carried Milam County by 1400 votes. He stands for liberal appropriations for rural school system of the State and will favor better salaries for the teachers. Mr. Baker believes the burden of taxation should be placed upon those who are able to bear it. In tax legislation Mr. Baker will regard first the interests of the tax payer.

In the proper announcement column this week will be found the name of Mr. Baker.

BUCKHOLTS NEWS

By Audrey Criswell

On Saturday night the home of Mr. and Mrs. Tom Harris was the scene of much merry-making, the occasion being an old fashioned "pound party." More than fifty guests were present and enjoyed this hospitality. Various old-time games and contests were enjoyed by all. Splendid piano music was rendered throughout the evening. Before departing the guests were invited into the dining room where they partook of a most bounteous spread of the various and sundry "pounds" brought by each one present. Mrs. Harris was assisted in entertaining by Mrs. E. J. Kahler.

Mrs. E. J. Holder and daughter, Miss Stella, returned last week from a visit to Mrs. Pink Attaway of near Rosebud.

At the Presidential Preferential Convention held here Saturday we understand that the Bailey crowd had a heavy steam roller run over them.

Friday night at the School auditorium was given the last number of the lyceum course Miss Hazel Dopheide, who is a reader and interpreter of plays, won the highest approval of the entire assemblage. Miss Dopheide read the play the "Money Makers" in a most charming and pleasing manner. She also gave several miscellaneous readings from standard authors, such as Stevenson, and some from popular authors as well. For about an hour and one half she entertained her audience in the most pleasing manner.

Constable D. S. Rogers made a business trip to San Antonio last Tuesday.

Last Thursday morning about ten o'clock the barn of Dr. J. Z. Young residence burned. The cause of the fire is not known. Quick work by the fire fighters prevented the flames from spreading to the neighboring buildings. Most of the cisterns in that part of town were drained in

order to have water to quench the blaze. All the feed stuff in the barn was lost and some of the animals came very near being burned. Mrs. Young's Nash that was kept in a shed adjoining the barn was saved by being driven out by one of the firemen. At the time of the fire Mrs. Young was confined to her bed with an attack of appendicitis.

Mr. Otto Burke of Cameron was in this city Sunday afternoon.

Mr. Ed Kolba left the first of the week for Denison to join Mrs. Kolba who has been there for some time visiting her sisters, Mesdames M. M. Raney and Jim Williams. He made the trip over land in his car.

Miss Gladys Harris, who is a senior at Cam-Hi, was home the past

week-end to see her parents, Mr. and Mrs. H. H. Harris. Mrs. Oscar Patillo born to Mr. and Mrs. Oscar Patillo last week a baby girl.

Rev. F. O. Favre was in Salem Sunday to fill his regular appointment. Sunday afternoon Mr. Alvin Hill, when attempting to catch a baseball, had the misfortune of getting his thumb broken. Medical aid was given at once and he was not suffering very much from the pain.

Mrs. Robert Harris and daughter, Ezma, of Cameron, were here last week. They were guests in the Harry Harris home.

Mr. Tom Allen moved his family back to the farm near the Lone Star school house. They have been living in town during the winter, send-

ing their child to this school. Work-me have just completed a pretty new house on the farm.

When your breath is bad, appetite poor, and you feel "blue" and discouraged, you need Herbine. One of two doses will set you right. It is a great system purifier. Price, 60c. Sold by Pace-Marshall Drug Co.

Phone us your order for Alfalfa and Feed Stuff.—C. N. Green & Bros.

Just unloaded a car of Rice Bran and Rice Polish. Fine feed for your pigs.—F. A. Green, Phone 283.

BAILY CONVENTION VOTE IS UNDER 100

LATE PRECINCT RETURNS EM-
PHASIZE ADMINISTRATION
HAS GREAT VICTORY

Dallas, Texas, May 3.—Additional returns received yesterday from scattering precincts over the State were of the same general character as those received Saturday night—overwhelmingly pro-Wilson and against Joseph Weldon Bailey in his campaign for a Texas delegation to the San Francisco national Democratic convention that should be unfriendly to Wilson.

Only two additional pro-Bailey boxes were reported last night, and those were in counties which evidently are pro-Wilson, so they will not have much effect in the county conventions tomorrow. Clifton, Bosque County, instructed its delegation to the county convention in favor of Bailey, but as four other towns in the county are pro-Wilson the Clifton delegation probably will be voted down. Strawn, Palo Pinto County, elected an uninstructed delegation, whose members were favorable to Bailey, but in that county, Mineral, Weir, Thurber and Gordon are for Wilson.

Amarillo, the county seat of Potter County, which has most of its population within that town, elected pro-administration delegations to the county convention by heavy majorities. Amarillo is one of the few large towns in the State which had not already been heard from.

Additional Returns.
Among the pro-administration reports received last night were eight precincts in eight separate counties from which nothing previously had been heard. These were as follows: Spur, Dickens County; Post, Garza County; Otter, Lamb County; Olney, Young County; Tahoka, Lynn County; Lamesa, Dawson County; Canyon City, Randall County; and Amarillo already mentioned. Among other pro-administration precincts in counties which has already been reported pro-Wilson delegations were Groesbeck, Limestone County; Frankston, Anderson County; Loraine, Mitchell County; Moran, Shackelford County; and Hale Center, Hale County. Hale Center Bailey men bolted the convention.

That pro-Bailey delegates will be "strangers in a strange land" at the State Democratic convention at Dallas on May 25 is indicated by an analysis of the reports so far received. Considerably more than one-half of the 250 counties in Texas have been heard from and of that number there are less than a dozen counties which even indicate probable pro-Bailey delegations to the State convention. So far the only counties which Bailey seems likely to have carried—that is, to have had a reasonable chance of carrying—are Aransas, with one vote in the State convention; Austin, with five votes; possibly Callahan, with five votes; Fayette County with nine votes; Haskell county, six votes; Karnes County, four votes; Lavaca County, ten votes; Liberty County, three votes; Menard County, one vote, and Victoria County, four votes. Even if all of these county conventions should be pro-Bailey they could send to the State convention at Dallas a total of only forty-nine voting delegates.

Even should later returns indicate that Bailey had carried three times as many county convention votes as those just named he would still have less than 150 votes in the State convention. And even 150 pro-Bailey votes would seem rather "lost" in a State convention which will have 1,400 votes. In fact, upon the basis of the returns so far received it seems rather unlikely that there will be 100 Bailey votes in the convention and certainly not as many as 200.

Very few of the precinct conventions in Texas have instructed for any presidential, so far as the returns received indicate. Unless the county conventions tomorrow shall indicate their preferences it is likely that the question of whom Texas Democracy will favor for president will be left up to the State Democratic convention at Dallas.

Bailey is Silent.

"What will Bailey do now about his gubernatorial race?" was the question asked by many yesterday in view of his overwhelming defeat by Texas Democracy in the county conventions Saturday in his campaign to procure an anti-Wilson delegation from Texas to the San Francisco national Democratic convention.

This question was asked last night of Luther Nickels, campaign manager for Joseph Weldon Bailey and he said simply that he had nothing to say—now. Mr. Bailey spent Sunday in Fort Worth, S. Burk Burnett.

Last week Mr. Bailey declared that he was in the Governor's race to stay, regardless of the outcome of the precinct, county and State Democratic conventions as to indorsement of the national administration.

Mr. Bailey left Fort Worth last night for the East, announcing his intention of returning to Texas in two weeks. He had nothing to say as to the result of the precinct conventions Saturday, he told The News representative at Fort Worth.

J. E. Cobb, of Ponca City, Oklahoma, is in the city this week in the interest of lease holdings in this county. Mr. Cobb is a brother of W. M. Cobb here and is visiting in the home. He has become interested largely in oil in Oklahoma as well as in Texas. He visited Cameron the early part of April.

James Coleman, son of J. W. Coleman who is attending the Baylor University at Waco, was in the city from Friday until Sunday of last week visiting his parents.

GUN ARNOLD NEWS

The B. A. H. S. is practicing on the play for the end of the school. Mr. Eddie Dodson has accepted a position in Rosebud.

Miss Pearl Graham, Lillian Smith, Carrie Nolte, Iola McElwath, Reta and Ruby Lee Robinson went to McCown Bridge Sunday afternoon k-daking.

Mrs. Smith and Mrs. George Reeves visited Muldoon last week.

Miss Jane Nicholson who is teaching here spent the week end with her sister in Milano.

Friday night a large crowd went to McCown bridge on a moon light picnic. After the supper they all visited the Wonderland Theater.

Mr. Dewey Collins is visiting his mother.

Mr. and Mrs. Ernest Collins of Cameron visited Mrs. Tibbs Saturday and Sunday.

There was quite a number of young people who went on a marshmallow toast Wednesday night. All reported a jolly time.

Quite a number of Cameron people motored down to the box supper Saturday night.

Mrs. Hearne was in Cameron shopping Friday afternoon.

Otto Schmidt, proprietor of the Star Barber Shop is on the sick list. He was unable to be at the shop last week.

Albert Schiller and James Baskin motored to Taylor Sunday.

Carroll Gregory and Edwin York were visitors in Thorndale Sunday.

ROAD BOND ELECTION NOTICE

THE STATE OF TEXAS,

County of Milam.

On this the 15th day of April, 1920, the Commissioners' Court of Milam County, Texas, convened in regular session, at the regular meeting place thereof in the courthouse at Cameron, Texas, all members of the court to-wit: W. G. Gillis, County Judge; Henry Reeves, Commissioner of Precinct No. 1; N. H. Butts, Commissioner of Precinct No. 2; O. K. Phillips, Commissioner of Precinct No. 3; W. A. Ailcorn, Commissioner of Precinct No. 4, being present, came on to be considered the petition of H. Black and fifty-six other persons, praying that bonds be issued by Road District No. 15 of Milam County, Texas, in the sum of \$10,000, bearing 5½ per cent rate of interest maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by more than fifty of the resident property taxpayers voters of said Road District No. 15 of Milam County, Texas; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 15 of Milam County, Texas; and

It further appearing that said Road District No. 15 of Milam County, Texas, has been duly established by an order of the Commissioners' Court of Milam County, dated the 14th day of February A. D. 1919, of record in Book 6, Page 484, of the minutes of said court, and the boundaries thereof are herein described as described and defined in the order of the Commissioners' Court establishing such district, as follows, to-wit:

Beginning at the S. W. cor. of the Monroe Edwards League for the S. E. cor. of this said cor. being on the west bank of the Brazos River from which a Cottonwood 24 in. in dia. marked K hrs. N. 26 E. 14 vrs. and a Box Elder marked X hrs. S. 76 W. 9½ vrs. Thence with south line of the said Edwards League S. 60 W. 8890 vrs. to a point where said line crosses the center of the Harls Creek for cor. of this from which a P. O. marked X hrs. S. 81 E. 11 vrs. and a P. O. marked X hrs. N. 51 W. 7 3-4 vrs. Thence up said Harls Creek with its meanderings to a point where the said creek crosses the south line of Susie Butts 100 acre tract of land in the J. P. Jones survey for a cor. of this, said cor. being N. 24 W. 2960 vrs. from the last above mentioned cor. from which a P. O. marked X hrs. N. 45 W. 10 vrs. Thence S. 60 W. 2052 vrs. to cor. in west line of Jones League from which a Mesq. hrs. N. 14 E. 25 vrs. Thence with the dividing line between the said J. P. Jones and Lewis Lamos surveys S. 30 E. 140 vrs. to rock for cor. Thence S. 19 E. 1206 vrs. to rock for cor. from which a P. O. hrs. S. 1½ W. 4 vrs. Thence N. 71 W. 1600 vrs. to cor. in the dividing line between the Lewis Lamos and J. K. Tyler survey, from which a Mesq. hrs. S. 44 W. 9 vrs. Thence with the dividing line between said survey S. 19 W. 240 vrs. to stk. for cor. Thence N. 71 W. 1050 vrs. to cor. from which a P. O. hrs. N. 25 E. 6 vrs. Thence N. 71 W. 255 vrs. S. 19 W. 80 vrs. Thence N. 71 W. 1270 vrs. to cor. in dividing line between the J. K. Tyler and W. H. Walker surveys. Thence with said dividing line S. 19 W. 100 vrs. rock for cor. from which a P. O. hrs. S. 76 W. 11 vrs. Thence N. 71 W. 820 vrs. to stk. from which a Mesq. hrs. N. 66 E. 5 vrs. and a P. O. hrs. S. 26 W. 12 vrs. Thence N. 19 E. 100 vrs. to rock for cor. Thence N. 71 W. 1740 vrs. to the S. W. cor. of this at the junction of the Cameron and Clarkson Public Road with the Cameron and Jones Prairie Public Road, said cor. being the S. W. cor. of the C. A. Boeker 58 acre tract and

in the W. line of the W. H. Walker league. Thence with said W. line N. 19 E. 750 vrs. to the S. W. cor. of the P. L. Bergum 103 acre tract. Thence S. 71 E. 340 vrs. to stk. for cor. Thence N. 19 E. 903 vrs. to cor. in north line of said Bergum tract. Thence S. 71 E. 298 vrs. to the S. E. cor. of the M. Schwarting 50 acre tract. Thence N. 19 E. 1335 vrs. to the N. E. cor. of the Julius Lorenz 123 acre tract. Thence N. 71 W. 226 vrs. to the S. E. cor. of the William Kohring tract. Thence N. 19 E. 1026 vrs. to the N. E. cor. of said Kohring tract, said cor. being in dividing line between the W. H. Walker and A. Frazier surveys. Thence with said dividing line S. 71 E. 1335 vrs. to stk. for cor. Thence N. 60 E. 570 vrs. to stk. for cor. Thence N. 30 W. 1308 vrs. to cor. in north line of said Frazier survey. Thence N. 60 E. 1238 vrs. to the N. E. cor. of said Frazier survey, said cor. being in the west line of the J. J. Whiteside survey. Thence N. 30 W. with said west line 1351 vrs. to stk. for cor. from which an Elm hrs. N. 44 E. 16 vrs. Thence N. 60 E. 1678 vrs. to rock for cor. Thence N. 30 W. 1081 vrs. to stk. for cor. from which a double Elm hrs. N. 26 W. 16 vrs. Thence N. 60 E. 628 vrs. to stk. for cor. Thence S. 30 E. 703 vrs. to rock for cor. Thence N. 60 E. 1401 vrs. to rock for cor. from which a Mesq. hrs. N. 11 E. 6 vrs. Thence N. 30 W. 703 vrs. to stk. for cor. from which a wild wild china hrs. S. 66 E. 5 vrs. Thence N. 60 E. 468 vrs. to cor. from which a Mesq. hrs. S. 45 E. 4 vrs. Thence N. 30 W. 1602 vrs. to cor. in north line of said Whiteside survey, from which an Elm hrs. N. 54 W. 21 vrs. and a blackberry hrs. N. 72 E. 11 vrs. Thence N. 60 E. 431 vrs. to cor. in Pond Creek. Thence down said creek with its meanderings to the N. E. cor. of the John Stewart tract of land, said cor. being N. 88 E. 6220 vrs. from the last above mentioned cor. Thence S. 30 E. 1200 vrs. to the dividing line between the B. Bryan Wickson and J. Walters League from which a P. O. hrs. S. 26 E. 11 vrs. Thence with said dividing line S. 60 E. 1760 vrs. to a point where said line crosses the Port Sullivan and Waco Public Road. Thence with said public road S. 19 W. 250 vrs. S. 4 E. 600 vrs. S. 20 E. 500 vrs. to a point where said line crosses the dividing line of the J. Walter league for a cor. of this from which a P. O. hrs. S. 46 E. 11 vrs. and a P. O. hrs. S. 51 W. 5 vrs. Thence N. 60 E. 3584 vrs. to cor. on the North Bank of the Brazos River for the N. E. cor. of this from which a cottonwood hrs. S. 88 W. 4 vrs. and a wild china hrs. S. 73 E. 2 vrs. Thence down said river with its meanderings to the place of beginning and containing:

Niles F. Smith survey, 4428 acres.
David Gallegler, 4428 acres.
Mathew Dunn survey, 1107 acres.
H. P. Kind survey, 320 acres.
Out of the J. Walters survey, 3600 acres.

Out of the Lewis Lomas survey, 538 acres.

Out of the J. P. Jones survey, 4120 acres.

Out of the A. Frazier survey, 837 acres.

Out of the J. J. Whiteside survey, 2564 acres.

Out of the Byron Wickson survey, 1200 acres.

Out of the Monroe Edwards survey, 3750 acres.

Out of the W. H. Walker survey, 1425 acres.

Total, 28,317.

It further appearing that said district does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid.

It is therefore considered and ordered by the court that an election be held in said Road District No. 15 of Milam County, Texas, on the 22nd day of May 1920, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 15 of Milam County, Texas, shall be issued in the amount of \$10,000, bearing 5½ per cent rate of interest, and maturing at such times as may be fixed by the Commissioners' Court serially or otherwise, not to exceed thirty years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on

said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this county, and who are resident property taxpayers in said Road District No. 15 of Milam County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballot the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling place and presiding officer of said election shall be respectively as follows:

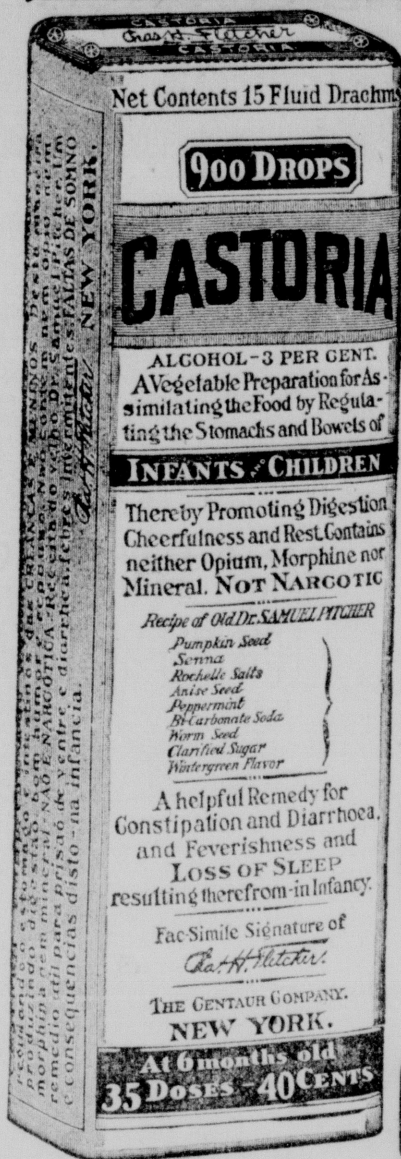

At Jones Prairie, with B. F. Stidham as Presiding Officer.

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in a newspaper published in the county, there being no newspaper published in said district for four successive weeks before the date of said election and in addition thereto, here shall be posted other copies of this order at three public places in said Road District No. 15 of Milam County, Texas, for three weeks prior to said election.

The county judge is hereby directed to cause said notice to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this court.

A true copy I certify.
W. G. GILLIS,
County Judge, Milam County, Texas.

LIFT CORNS OR
CALLUSES OFF

Doesn't hurt! Lift any corn or
callus off with fingers

Don't suffer! A tiny bottle of
Freezone costs but a few cents at any
drug store. Apply a few drops on
the corns, calluses and "hard skin"
on bottom of feet, then lift them off.
When Freezone removes corns from
the toes or calluses from the bottom
of feet, the skin beneath is left pink
and healthy and never sore, tender or
irritated.

**It's a cinch
to figure why
Camels sell!**

You should know why Camels are so unusual, so refreshing, so satisfying. *First*, quality—*second*, Camels expert blend of choice Turkish and choice Domestic tobaccos which you'll certainly prefer to either kind smoked straight!

Camels blend makes possible that wonderful mellow mildness—yet all the desirable body is there! And, Camels never tire your taste!

You'll appreciate Camels freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor!

For your own satisfaction compare Camels puff by puff with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 20 cents; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

RESOLUTIONS OF RESPECT

To the officers and members of Cameron Lodge No. 56, I. O. O. F.:
We, your committee appointed to draft resolutions of respect upon the death of Mrs. Frances Chambers, the mother of our esteemed brother, W. W. Chambers, beg to submit the following report:
While the death of this good woman was expected, she having been in ill health for a long time, nevertheless it caused sadness and gloom in the hearts of friends and loved ones.
We do extend to our worthy Brother Chambers our sympathy and condolence in this sad affliction and commend him to the loving care of One who alone can heal and comfort the wounded and broken hearts of bereaved ones. Brother Chambers is blessed with the assurance that his good Mother has a rich inheritance and will throughout the countless ages wear a crown bedecked with the purest jewels such as angels wear. We ask that a copy of these resolutions be furnished our Brother, a copy be furnished the paper for publication and a copy be spread upon the minutes of this Lodge.
Respectfully submitted,
Chas. C. Smith
C. R. Law,
Jim F. Chadwick,
Committee.

HAVE DARK HAIR AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.
A well-known downtown druggist says everybody uses Wyeth's Sage Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking the strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

FEDERALS DEPOSED WITHOUT FIGHTING

OBREGON JUNTA IN EL PASO CROSSES RIVER AFTER FALL IS ANNOUNCED.

El Paso, Texas, May 3.—Juarez tonight is in the hands of the Sonora revolutionists. The revolution was peaceable, and its announcement by General J. Gonzalo Escobar was accompanied by a popular celebration. The Obregon junta from El Paso crossed to Juarez tonight.
Abel S. Rodriguez will be selected Provisional Governor of Chihuahua if arrangements for the appointment of civil officers now being made in Juarez by the rebel regime are carried out. This was made known tonight with the announcement that General P. Elias Calles and Governor Adolfo de la Huerta of Sonora will arrive here Tuesday from Agua Prieta to take charge of the situation in Chihuahua following the bloodless revolution of the Juarez garrison at 2 o'clock today.

Juarez joined the rebellion at 2 p. m. Revolutionary troops entering the city were acclaimed wildly, bands playing and the populace crying "Viva Obregon!"

Cavalry troops from the south were moved into Juarez at 3 o'clock this afternoon. Reports from the Mexican town said there were about 200 of them.

Quiet at Chihuahua City
A telegram from Consul J. B. Stewart in Chihuahua City to American Consul Dow in Juarez, sent by the way of Douglas, Ariz., tonight said that the district surrounding the State capital is quiet and all Americans are safe. The telegram added that Parral and Cusihuirachic, two important mining towns, are in the hands of the rebels. Americans there are safe, and the mines and smelters were not required to cease operations when the change of government took place. Mr. Stewart said.

Military men in the mining districts controlled by the rebels announced that foreigners will be permitted to continue to reside there and will be given complete protection. All foreign residents are being treated with utmost consideration, Mr. Stewart declared.

Following the fighting for possession of the State capital, the rebel commanders forbade looting, released all political prisoners and announced that Mexicans and foreigners alike would not be molested if they maintained absolute neutrality, Mr. Stewart added.

Most Miles Per Dollar

These Firestone words struck us as exactly expressing our ideas of service.

"Most miles per dollar" is a plain statement of fact—whether you apply it to the tires or to our work.

We believe that our business will grow, as your confidence in us grows. In our stock of Firestone tires, tubes and auto accessories, we have chosen carefully, bearing in mind always the standard, most miles per dollar.

Come in and let us prove it.

BIG ELK REFINERY DIVIDENDS

WILL MAKE YOU RICH

Opportunity Never Passes without bringing Regrets. Will you answer the roil call of our shareholders when dividend time comes? Think for a minute what it means to you. A few hundred or a few dollars put in at the start of this great industry will pour into your treasury a steady stream of profits for a lifetime. Millionaires are going to be made in Milam County Oil. Independent fortunes will be made from Refinery Dividends.

Pioneering Means
Everything in the Oil
Industry
Come with us NOW

Capital \$500,000.00
Shares \$25.00
BIG
DIVIDENDS

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma

NET PROFITS of \$107,800.00 were made. Of this the land owner made \$5,450,000, the broker made \$2,400,000 company made \$10,790,000 and the refinery company that bought and refined the oil made \$86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first

eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders \$2,350 for each \$100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground

floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy, Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals \$4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals \$1890 daily.

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals \$1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals \$420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals \$1728 daily.

Gross daily income \$9,834.

Less cost of crude oil and operating expenses.

2000 barrels crude oil at \$2.40 per barrel	\$4,800.00
Fuel, Labor and Water per day	250.00
Insurance and Depreciation	50.00
Overhead and Miscellaneous	50.00

Total Daily Expenses \$5,450.00

ACTUAL TOTAL NET DAILY PROFIT \$4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of \$1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

RESERVE SUPPLIES OF OIL DWINDLING

CONSUMPTION OUTSTRIPPING INCREASED PRODUCTION, STATISTICS SHOW

Washington, May 2.—The consumption of crude oil during March exceeded that of one year ago by 12,000,000 barrels, as disclosed by a statement from Secretary Payne of the Interior Department in a review of the oil statistics for that month. The total output of United States wells in March, compared with March 1919, was in excess of 6,000,000 barrels, a gain of 20 per cent. Notwithstanding the increase 6,500,000 barrels had to be imported from Mexico, which was an increase of 3,000,000 barrels, compared with one year ago. Even with this large amount available, after allowing for increased exports to Canada, there were drafts upon the stocks of crude held by pipe line companies to the extent of 1,000,000 barrels, whereas a year ago the companies were adding to their reserve stocks.

"The March record of 44,000,000 barrels production," says the Secretary, "means that the United States is now using more oil each month than the entire world used in the whole year 1885. These facts must be faced by every citizen who uses any petroleum product whether fuel oil, gasoline or lubricating oil, and these figures likewise raise the question of public policy, for in the matter of oil the United States is certainly living beyond its means."

In a statement touching the world's oil supply, the United States Geological Survey shows that the foreign countries are using only half as much petroleum as the United States, but have seven times as much oil in the ground. The foreign countries are using 200,000,000 barrels annually, with resources large enough to last 250 years at that rate. The United States is consuming 400,000,000 barrels annually with but eighteen years' supply in prospect, which is being consumed fourteen times as fast as the rest of the world. The statement adds:

Gasoline Production Greater

"Not counting oil to be obtained from shales and other retortable materials by distillation, the world's supply of recoverable petroleum amounts to as much as 60,000,000,000 barrels. Of this amount 43,000,000,000 barrels may be regarded as oil more or less definitely 'in sight,' as shown by actual drilling with successful results. The remainder covers the available oil which it is believed will be found in other regions in which oil seeps, asphalt deposits or favorable geological conditions point to oil, although no producing wells have yet been drilled. Of this great amount, which is thirteen times the oil already taken from the ground in America and about eight times all the petroleum yet produced in the world 7,000,000,000 barrels only, in round numbers, are believed to be left in the United States and Alaska, the remaining 53,000,000,000 barrels being in foreign countries."

The production of gasoline, the Bureau of Mines shows in a statement during February, 1920, was about 11 per cent more than the corresponding month last year, the number of automobiles and trucks in use was 25 per cent greater. While it is anticipated, the bureau says that "gas production during the year will be materially increased through improved processes, it is questionable whether the increase will be sufficient to meet the demand."

"It is likely that before the summer season is over the situation will become tight, if indeed, it does not become short," says F. G. Cotterell, director of the bureau.

OAKDALE NEWS

By Mrs. S. Hause

Oakdale, May 3rd.—Our Milano, Prospect and Oakdale men went to Temple Friday to see all those fine hogs. I can't say what kind of a time they had, as Mr. Hause was sick and not able to go, but the Milano Gazette will tell it all next week.

Mr. and Mrs. Will Vaughn and their children of Belmena, motored over to the Salem neighborhood to get Mrs. Vaughn's mother, Mrs. Hill, and son, Henry, and then they all came to Oakdale to see Mrs. John Wilkerson. They spent the day and returned home.

Mrs. Oscar Crawford had her sisters from Milano and Gause and Oscar Crawford had his sisters and father with him Sunday. So they all had a glorious time, as they live close together.

Mr. Homan Thompson is able to go to Cameron this morning. He told us that he went to Milano to the doctor and he found that Homan sure enough had a broken rib.

Mrs. Lottie Shelton has moved back home after teaching several months at Hoyte.

Mrs. Victor Wimberley and son, Hugh, were in Cameron Wednesday trading and visiting relatives.

Mr. Frank Fasel has bought hog wire and put it all around his fence next to his house, and has such good wire that none but a very small child can go through it.

Mr. Ashley of Liberty, Sid Hause and son, Eugene of Oakdale, were at Mr. John Ford's at Prospect Sunday evening. One of them after eggs, Mr. Ashley to get some fine pigs.

Mr. and Mrs. Clyde Hensley were out to see her parent, Mr. and Mrs. Charley Angel, Sunday.

Mr. H. M. Mobley of McAdams, visited the W. C. Mobley family last week.

Miss Ada Belt, after staying home a while, has gone back to Vidor where her mother has been for some

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and costs of suit in cause No. 425 in said Court, Styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77½ acres of land being a part of the William Punched Grant in Milam County. Being that certain tract of 87½ acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87½ acres sold to R. Oran, by deed dated Feb. 15, 1906, recorded in Book 66, Page 289 of said Deed Records.

SECOND TRACT: 139 4-5 acres, a part of the W. Punched grant in Milam County, being all that tract of 200 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 186 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894, recorded

in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 100½ acres of land, a part of the Newson Guatney survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book 56, Page 118, Deed Records, less 2½ acres South of Cameron and Wilder.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Sheriff Milam County, Texas.
By D. B. GUNN, Deputy.

Witness my hand, this 9th day of April, 1920.

REDPATH-HORNER CHAUTAUQUA

JUNE 4 to June 9. W. M. Cobb, Sec'y

Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out how much it is costing them to keep a car. And the man who is doing the greatest amount of figuring is the man with the moderate-price car.

There still seems to be a notion in some quarters that any tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see his side of the proposition—finding out what he wants in a tire and giving him that.

Large or small, U. S. Tires are built to only one standard of quality—the standard that produced the first straight side automobile tire, the first pneumatic truck tire.

Every tire that bears the name "U. S." is built the best way its makers know how. It isn't the car, but the man who owns the car, that counts with the oldest and largest rubber concern in the world.

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD-NOBBY-CHAIN-USCO-PLAIN

United States Tires

HIGHEST QUALITY AWARDS

PREPAREDNESS IN ONE'S WARDROBE

The wisdom of having a well equipped wardrobe at this season cannot be too strongly emphasized, when we consider that it is wearable for three consecutive seasons. The advantages, therefore, of being prepared, recommend your making an early choice. Prices and values are equally advantageous to shoppers just now.

It will pay you to give thoughtful attention to our staple and ready-to-wear apparel.

New Hats of Many Kinds

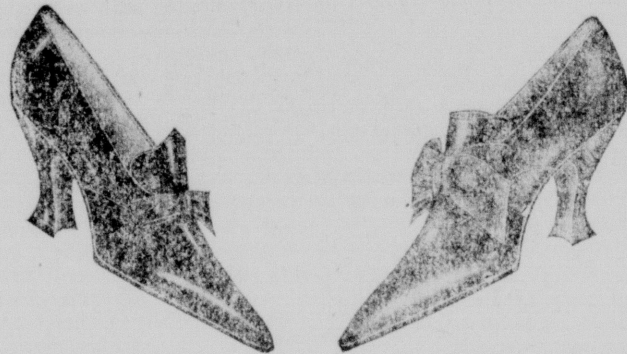

There is every hat a man could want here. Softs and Light Felts in all the approved spring shades, Straws, Imported Panamas and Bangcocks. Just the hats for the hot summer days. Inspection is the only way to find out what really good values they represent. Priced from \$3.50 to \$8.50

FOR MEN BUYING NEW SUITS

No man feels he can buy suits recklessly at this time. Therefore, when you are ready to get a suit, it will pay you to investigate our new ones. They are well tailored and have the 1920 touches.

One of these suits is an extraordinarily good investment, when quality and service is considered.

\$12.50 to \$50.00

Smart Shoes in Varied Styles

Smart women demand smart shoes, so that every detail of costume be in keeping. An excellent assortment of low shoes offers many styles of oxfords and pumps, with many variations of the low and high heels.

One eyelet ties are one of the most favored and popular styles. Suede, calf skin and fine kid leathers are favored materials. The approved lasts vary with the need, whether it be pumps or walking shoes.

Miss Louise Green, daughter of Mr. and Mrs. A. N. Green, who is attending the Baylor University, spent the week end with her parents here.

Just received a carload of Refrigerators, all sizes.—C. N. Green & Bros.

Dr. T. G. Van Zandt, Cameron physician, is in New Orleans taking a special course and expects to return to this city within the next few days.

Miss Nina Carlton of Temple, was a Cameron visitor this week.

Dazey Churns, Stone Churns, Milk Crocks, Milk Coolers.—C. N. Green & Bros.

Mrs. J. M. Ralston left Tuesday for a visit to Houston.

Mr. and Mrs. Ira Perry and little daughter, Rebecca, of Gorman, spent several days with Mrs. Perry's parents.

Mr. and Mrs. O. D. Baker of Gause, were in Cameron Tuesday to attend the Democratic convention held here. Mr. Baker is a candidate for the legislature and while here gave out his announcement. He was elected as a delegate to the State convention.

Choice Peagreen Alfalfa, car just unloaded.—C. N. Green & Bros.

Work is progressing rapidly on the new home being built by Mr. and Mrs. Jeff T. Kemp in the rear of the present residence.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, etc.

W. A. Beard of Milano, representative to the legislature from Milam county was in Cameron Tuesday to attend the county convention.

Rub-My-Tism is a great pain killer. It relieves pain and soreness caused by Rheumatism, Neuralgia, Sprains, etc.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and costs of suit in cause No. 425 in said Court, Styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77½ acres of land being a part of the William Punchard Grant in Milam County. Being that certain tract of 87½ acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87½ acres sold to R. Oran, by deed dated Feb. 15, 1906, recorded in Book 66, Page 289 of said Deed Records.

SECOND TRACT: 139 4-5 acres, a part of the W. Punchard grant in Milam County, being all that tract of 200 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 186 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894, recorded in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 100½ acres of land, a part of the Newson Guatney survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book

56, Page 118, Deed Records, less 2½ acres South of Cameron and Wilder-

FOURTH TRACT: 93½ acres, being a part of the Newson Guatney survey, and being the 93½ acre tract described in deed recorded in Book 25, page 615 above mentioned, deed and records thereof are here referred to further description of said tracts of land, and levied upon as the property of said L. F. Wingo and J. F. Wingo. And on Tuesday, the 1st day of June, 1920, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I well sell said real estate at public vendue, for cash, to the highest bidder, as the property of said L. F. Wingo and J. F. Wingo by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Sheriff Milam County, Texas. By D. B. GUNN, Deputy.

Witness my hand, this 9th day of April, 1920.

L. L. BLAYLOCK,

52-3t

DEMOCRATS SEND WILSON DELEGATION

ALL DELEGATES ELECTED TO
STATE CONVENTION UNQUAL-
IFIEDLY COMMITTED TO FA-
VOR NATIONAL ADMINIS-
TRATION

A solid administration delegation to the State Democratic Convention at Dallas from Milam county was elected in the county convention held here Tuesday afternoon. More than 100 delegates were chosen to go to convention and of this number 29 are women voters of the county.

Women voters for the first time participating in a Democratic County Convention took an active part in the proceedings and as a tribute to their political intelligence twenty-nine of them were honored with places on the county delegation to the State Convention.

The convention solidly endorsed the National Democratic Administration and instructed the delegation to vote as a unit on all measures submitted to the State convention.

Governor W. P. Hobby and Thomas M. Campbell of Palestine were endorsed by the convention for delegates from the 6th District to the National Democratic Convention.

There were few anti-administration people in the convention and those that attended took no part, all measures proposed by the administration forces having been adopted without opposition.

During a few minutes' lull in the proceedings while the nomination committee of which Giles L. Avriett was chairman, was preparing a list of delegates to the State convention several addresses were delivered by delegates.

A feature of the convention proceedings was the address of Mrs. Giles L. Avriett on women in politics, a reply to the criticism of Joseph Weldon Bailey of the recent enfranchisement of the women. Mrs. Avriett was cheered throughout her address and the applause was intensified with her assertion that if the womanhood of the country can mould the character of her imperial sons they ought to know what is best for them and are qualified to cast the ballot.

Mrs. W. H. Triggs also spoke expressing her gratification of the great victory achieved by the administration forces.

Hon. W. G. Gillis spoke, his address being roundly applauded by the convention. The occasion, he said was one of profound gratification to the Democrats of the county, State and Nation, a great victory having been won and the disturbers of democracy under the leadership of Mr. Bailey having met decisive defeat.

Hon. B. B. Blaylock was asked to address the convention on "Preachers in Politics" made the basis of attack by Mr. Bailey in his campaign. Rev. Blaylock declared preachers were only asserting the rights of citizenship and in his opinion had as much right to this assertion as anyone else as discrimination cannot be made where these rights are involved.

J. W. Garner was elected chairman of the convention after it had been called to order by W. W. Chambers, county chairman. Mr. Chambers made an address to the convention. Penn Wolf was elected secretary.

The resolution committee of which Dr. John L. Denson was chairman, was made up of one representative from each of the justice precincts. The committee is as follows: John A. Smith, Beat 2; J. O. Newton, 3; W. H. Camp, 5; T. D. Adams, 6; H. C. Henderson, 7; O. D. Graham, 8; Dr. John L. Denson, 1. The committee reported the resolution which was adopted endorsing the administration and instructing the delegation.

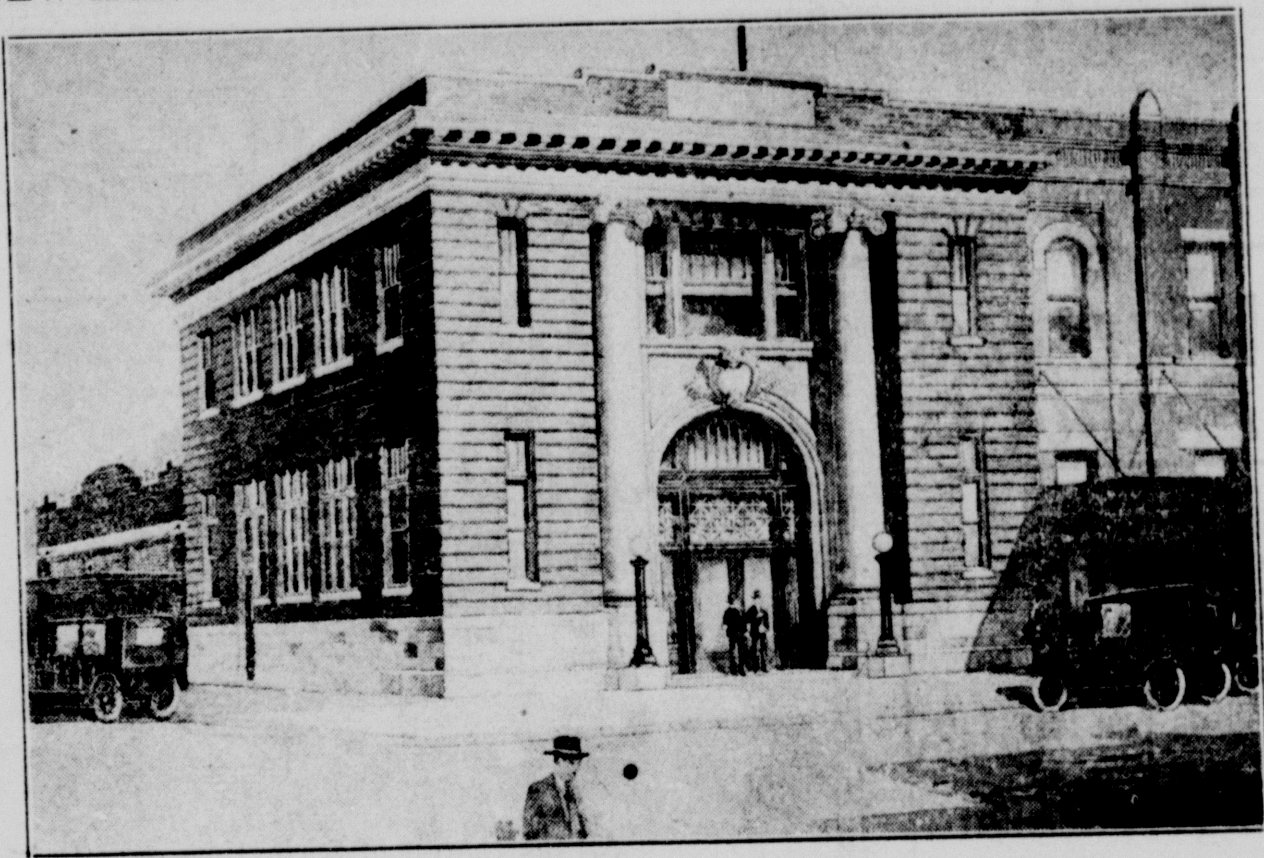

The committee to select delegates to the State convention of which Giles L. Avriett was chairman, was also made up of representatives from the justice precincts. The committee is as follows: Giles L. Avriett, 1; P. H. McKinney, 2; W. H. Bailey, 3; Dr. I. P. Sessions, 4; Dr. J. W. McCune, 5; D. R. Criswell, 6; Joe Cahill, 7; W. D. Elliott, 8.

Following the confirmation of the delegates by the convention the convention was adjourned.

Following is the resolution passed by the convention endorsing the National Administration and instructing the delegates:

"To the Hon. J. W. Garner, Chairman of the Democratic County Con-

NEW HOME OF BANK ESTABLISHED IN CAMERON OVER QUARTER OF CENTURY

The New Home of the First National Bank, C. H. Page & Bros., Architects

Contract Is Let For Building to House Famous Bank In Cameron

For more than a quarter century one of the leading financial institutions of central Texas, contributing its full measure of strength and character to the commercial achievement of Milam County, the First National Bank of Cameron is entering a new era of expansion.

Contracts have been awarded and construction will soon begin on the home of the First National Bank and when completed will be one of the finest banking homes in all Central Texas, the interior finish and safety equipment being as substantial in character as can be found in any bank in Texas.

The First National Bank, a pioneer among the splendid institutions of Milam county was organized in 1889, its doors being opened on August 22nd of that year. Thirty-one years of operation—thirty-one years of success, tells the story of this bank now reaping the harvest of the sound and reputable business principles upon which it was founded in the late eighties.

The construction of this new home is not only a triumph for the bank but a decided progressive achievement for all Milam County. It is not only a product of the confidence and patronage of the people of Milam county but a giving back in added facilities something of the deep appreciation felt by the bank, speaking for those who are now active in its operation as well as for those distinguished citizens who founded it, some of whom are now deceased.

The new building comes as a crowning event to long and honorable service as a bank institution in Milam county.

The new bank building will face to the east extending back west and taking in the building of the Daugherty Motor Company with offices up stairs. It will be finished with pressed brick exterior. The fixtures will be very elaborate. The wood portions of the new fixtures will be mahogany and the stone will be gray marble. The lobby will be finished out in gray marble and be twice as large as the present lobby.

The safety and money vaults will be constructed of manganese steel. The vault door will weigh 44,000 pounds and will be burglar proof and of manganese steel. The vault will be of reinforced concrete eighteen inches thick and will be lined with manganese steel. The customers safety deposit vault will be included in the main vault. A manganese steel safe will also be installed inside the vault.

Construction will be started as soon as material can be assembled.

able and should be welcomed by the buying public as it will enable business to be ended for the day in time for both purchaser and clerk to get much needed time to devote to their own affairs.

Following is the petition signed yesterday:

"We, the undersigned Dry Goods Merchants agree to close promptly at six o'clock, beginning May 15 and continuing until August 15, with the exception of Saturday:

Signed:
Triggs Dry Goods Company
Louis S. Pierce

UNDERWRITERS OF NEW YORK SPUD DEEP TEST WELL ON HOLDINGS AT MAYSFIELD

A new theater of activity has been opened in the Maysfield section by the American Underwriting Company of New York, whose deep test was spudded in there the latter part of last week.

With two deep test wells going down at Maysfield the eyes of operators and those interested in oil development are turning to the structure which has high geological pronouncements and which has been declared by a number of oil men to be the best bet for deep production.

The American Underwriting Company of New York moved its rotary rig from the wild cat at Tanglewood to place it on the location at Mays-

EDISON TONE TEST MUCH TALKED OF BY MUSIC LOVERS

REMARKABLE SHOWING OF
PHONOGRAPH IN RE-
CREATING VOICE

Probably a number of people who attended the recital given Tuesday night by Miss Betsy Lane Shepherd and Mr. William Reed at the High School Auditorium, were at first puzzled and disappointed when they discovered a phonograph occupying the center of the stage. They felt that they had been beguiled into going to hear a charming singer and a clever flutist and naturally thought that they had been imposed upon.

They hardly were reassured when Mr. Reed appeared upon the stage and commenced to talk about "reproduction," "RE-CREATION," and other like matter. It finally became apparent that the phonograph would at least receive assistance from the singer but even then the mental outlook was not exactly bright.

Mr. Reed explained that the purpose of the recital was to illustrate that Thomas A. Edison, after years of work had achieved his ideal to perfect a musical instrument which could actually RE-CREATE music so perfectly that the RE-CREATION would be indistinguishable from the original.

This was a broad claim but it was established before the evening was over, for Miss Shepherd actually stood beside the New Edison Phonograph and sang in unison with Mr. Edison's RE-CREATION—so called—of her own voice. This would have proved little as her voice might easily have overbalanced the tone of the instrument—swallowed it up—so to speak; but Miss Shepherd did more—or, to be accurate, less. She paused from time to time, apparently at random and permitted her RE-CREATED voice to be heard alone. This gave an opportunity to compare one with the other and it is no more than just to state that there was no discernible difference in tone quality.

There must have been a slight difference in volume when Miss Shepherd stopped singing, but it was not noticeable for the voice which came from the cabinet was round and pulsating quality of that which came directly from Miss Shepherd's throat. It was only by watching the singer's lips that one could be sure when she sang and when she did not.

Mr. Reed offered similar comparisons with his instrument playing in direct comparison with the RE-CREATION of his own performance. This proof was very convincing. If it were not another proof was offered. After Miss Shepherd had commenced to sing one number the lights were turned out—obviously so that the audience could not watch the singer's lips.

It did not seem difficult to determine in the dark when the singer sang and when she did not. The writer was pretty sure about it himself until the lights were turned on again and it was discovered that Miss Shepherd was not on the stage at all and that the New Edison alone had been heard.

TAKES OVER POSTAL

The Mackay Telegraph Company has taken over the system of the Texas Postal Telegraph and is now operating it. Announcement is made of this transaction by Dan Tyson, local manager for the Mackay.

The acquisition of this system gives the Mackay 80 more offices in the southwest and better facilities for handling telegraphic matter. This will also help the local service as Mr. Tyson points out increasing the radius for handling news out of Cameron and telegrams.

MRS. DR. J. E. MAYS DEAD

Mrs. Dr. J. E. Mays died suddenly at her home in Cameron this morning at 7:15 o'clock. Funeral arrangements will be made this afternoon or tomorrow. A more detailed account will appear next week.

TRACY--MAYSFIELD OIL & GAS COMPANY SPUD NEW WELL ON TRACY HOLDINGS

The Tracy-Maysfield Oil & Gas Company has spudded in a shallow well on the Graves 89 acre tract in the Tracy field and the well is down to a depth of more than a hundred feet drilling with a standard rig and a 10 inch hole.

This is the beginning of a large development program by the company in that field, their deep test at Maysfield already having been spudded in. The company has two rigs at Tracy, one of which is now in operation.

being sought in the vicinity of the plane and already a landing site is developing area. One of the planes now in use is owned by the Temple Telegram, a Curtis, J. N., the other a standard three passenger plane, owned by the company.

The Dixie-Winner Drilling Company will launch the largest drilling campaign ever undertaken in the local fields.

The company owns its own truck equipment and is already hauling out material for constructing camp houses and derricks. It is likely that an office will be established in Cameron as the company will be in the local fields permanently.

The company will acquire and develop as fast as its territory is extended.

W. E. Matthews of the Temple Truck Company and B. W. Jarrell Treasurer of the company were here Tuesday with Mr. Williams. Drillers Sweeney and Knight and field carpenters Nichols and Duncan are also here.

to the State Convention to vote as a unit on all questions submitted to the State Convention for consideration.

"Respectfully submitted,
"The Committee"

WILSON DEMOCRATS SWEEP TO VICTORY IN PRIMARY HERE

PRECINCT SENDS ONLY ADMINISTRATION DELEGATES TO COUNTY CONVENTION

Administration Democrats swept the precinct primary presidential convention held here Saturday night, electing all delegates to the county convention and voted overwhelmingly for an instructed delegation to vote for an endorsement of the national democratic administration and to support delegates to the state convention who stand for an unqualified endorsement of the administration.

Women voters for the first time participating in a presidential primary convention, numbered approximately one-half of the total in attendance at the convention. Seven women were chosen as delegates to the county convention.

What promised to be a spirited fight developed at the outset of the proceedings when the anti-administration forces led by E. A. Wallace, opposed a resolution appointing a committee to pass upon and approve all resolutions offered before the convention.

The administration forces got the steam roller in action and all motions, including an appeal for representation from the minority in the delegates to the county convention, were voted down in quick succession.

The convention was called to order by box chairman, U. S. Hearrell on the lawn of the county court house, the only available space large enough to accommodate the crowd. The roll of qualified voters in the Cameron box was called by Precinct Chairman Jeff D. Hefley, and Will Triggs.

Oscar Kidd, floor leader for the pro-administration forces, led the fight against the anti-administration forces, and the resolution endorsing the national democratic administration and appointing the instructed delegation was read by Dr. John L. Denson, distinguished soldier in the late war and former Major in the Medical Corps of the United States Army.

The resolution was received and adopted amid demonstrations of popular approval of the administration. The convention was then adjourned.

SPECIAL SESSION WILL BE CALLED FOR MAY 24.

Austin, Texas, May 3.—Proclamation of the Governor calling the Legislature to meet in special session to consider the pink boll worm situation is to be issued the latter part of this week, and Monday, May 24, is the date fixed in the Governor's mind to assemble the lawmakers, the Governor said today.

This statement was made following a conference with Dr. W. D. Hunter of the Federal Horticultural Bureau. Fred W. Davis, state commissioner of agriculture and B. F. Chapman, chief clerk of the Agricultural Department. At this conference the plans for the establishment of non-cotton zones were discussed.

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Little's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

GOODYEAR UNIVERSITY ONLY INSTITUTION OF ITS KIND

With his appointment as manager of Goodyear Industrial University, the new educational institution established for its 35,000 Akron employees by The Goodyear Tire & Rubber Company, Harry E. Blythe becomes probably the youngest college head in America. He is 30 years of age, a former Canton, Ohio man and a graduate of Mt. Union College at Alliance, Ohio.

Goodyear University, the only institution of its kind in the world, was dedicated formally April 17. It has a faculty of 115, an enrollment of nearly 6,000 in over 500 separate classes which are in session 16 hours daily, and an equipment of 65 large class rooms, four fully equipped laboratories and several lectures and assembly rooms in Goodyear Hall, the new employers' recreational building. The university's flexible curriculum embraces ranging from Americanization work for the foreign born, and elementary grade school education for the illiterate, to scientific and post-graduate courses, designed more specifically for college and high school graduates.

Goodyear Hall has one of the largest

est theaters in Ohio and also one of the largest and best equipped gymnasiums in the country. The former seats 1686. The latter seats 5,000 and has a floor big enough to permit five games of basketball simultaneously. The Hall also has a cafeteria big enough to serve 4,000 an hour, 12 bowling alleys, six rifle ranges, eight pool and billiard tables, dormitory rooms for both men and women, over 50 individual shower baths, and large reading and rest rooms.

Goodyear Hall was dedicated the same time as the university. It is considered one of the finest buildings ever erected by an industrial concern solely for the welfare and education of its employees. It is so large that a corps of 75 janitors is necessary to keep it clean.

E. A. McAdams, of Pilot Point, former manager of the Milam County Lumber Company, is in Cameron this week. Mr. McAdams with his family will move to Pilot Point to make their home in the future. They have been away several weeks. Mr. McAdams returning to make shipment of his household goods. They have many friends in Cameron who will regret they are moving away.

DRUGS & JEWELRY

Temptingly Arrayed are the Glorious NEW FABRICS FOR SPRING

All the charms of Springtime seem to have been captured and incorporated into the exquisite textures and designs of these lovely materials. Rich in coloring and weave, these distinctive, shimmering silks, soft woollens and attractively patterned cotton await the touch of the master hand to convert them into irresistible interpretations of the Season's most pleasing modes. Among these inspiring presentations you will find not only an appropriate fabric for every occasion, but utter dependability and the best qualities.

Voile Assumes Leadership in Spring Wash Fabrics

The new Wash Fabrics for Spring are lovelier than ever especially the voiles, which impertinently parade the patterns, which in the past we have only associated with foulards. Some take smart silk stripes to accentuate the smartness of their clever patterns. Others choose dainty pinks, blues and greens in solid colors. Either way they are wonderfully effective and in close rivalry with sheer organdies and sturdy gingham for popular favor. Prices are very encouraging.

Here Are Yards of Crisp, New Gingham Awaiting Your Selection.

There is no telling what Gingham will do next. Indulgent Fashion allows it to be made into smart Parasols and lovely Frocks, but when you see how charming are the patterns and how fine the qualities are, you will certainly find many more excellent uses for these very economically priced Gingham.

Distinctively Styled Wash Skirts

Every skirt in this lot may be tubbed without the least danger of losing its attractiveness for the fabrics are most dependable and guaranteed to resist constant laundering. There is considerable variety in materials and styles, though markings are unexpectedly moderate.

QUALITY LUGGAGE

More people would travel, perhaps, if all luggage were as distinctive in appearance, as carefully constructed of quality materials and as practically designed as our offerings. Pack your apparel in our traveling bags, suitcases or trunks and at the end of your trip you will find it in the same fresh condition as when you started.

PRIZE WINNING LETTER
TRADE AT HOME

(By Mrs. W. A. Gillon).

Trading at home works greater and more important changes in a community than those discernable on the surface. The stranger in the community judges the civic pride and progressiveness of the community by the outstanding features of civic improvement. Paved streets contrasted with muddy, filthy passage-ways; clean buildings balanced against dirty tumble down, woe-be-gone structures; bright, healthy, happy wide awake children instead of sorrowful, shabby, neglected waifs—these are the things that bring civic pride home to the stranger.

But the really important factors growing out of trading at home are the influences which progress and pride in the community work upon the people themselves molding character by environment. There is no getting away from the fact that environment is a power over human nature. The things people see and hear through life are the things they will say and do.

The power of environment is particularly forceful in shaping the make-up of children. Boys and girls surrounded from babyhood with the wholesome things of life will grow into true, steady, dependable, men and women while children reared in the mud and ruts of the backwoods will

carry to their graves that air of defeat, hang-dog look inevitably associated with the backsliding community.

Are your children getting the best out of life? Are you affording them the environment essential to health of body, clearness of mind, and purity of soul? Are you equipping them with the powers of character and personality necessary to future achievement?

If you are not trading at home you are helping provide these things for the children of people hundreds of miles away and you are neglecting your own.

There is no middle ground to stand on. The money circulated in your home community gives off a substantial percentage each year, each month, each week, and each day, to community welfare while the dollar sent away is lost forever. Trading at home causes growth. The home merchants grow. They feel the impulse of the home citizen's support and they build up looking forward to a bigger and ever better community. As the merchants grow, so too does the community. Everyone quickly sees the light of the great things ahead and unites in attaining the goal. Civic pride soon develops, and once developed it will stay. Try it.

Can't you see that it depends on which end you tie onto. Be sure and not get bit, but try the sure way of the kid [and buy all leather goods from]—

F. J. BECKERMAN, Cameron, Tex.

Cam-Hi Weekly News

EDITORIAL BOARD

Editor-in-Chief—Lee Howell
Asst. Editor in Chief—Velda Walker
Asst. Editor in Chief—Walter Willis
Editor's Easy Chair—Student Body.

Cam Hi the Metropolis of Crime

To say the least, Cam Hi has been a very good school, and very few of its inmates have ever turned out to be murderers; but Cam Hi at the present time is the home of outlaws. Never before in the history of this renowned school has such a sin arisen, and furthermore, whether on account of the spring or the enticing atmosphere of the school (which remains to be determined later) the strength of the crime grows. Let me say here that the person committing this sad crime, although his or her personality (especially after meal time) is unusually strong, is objectionable. Therefore, students for the love of peace, don't commit the union-eating crime again!

Band Concert.

Last Sunday afternoon at 4 p. m. the Cameron Concert Band gave a sacred concert at the Cameron High School Auditorium, and the following program was rendered:

1. National Guard—By Archer
2. Selection of Sacred Songs.
3. Bridal Rose Overture—Lavelle.
4. Skaters Waltz—Waldenfel.
5. Vocal Solo (selected)—Miss Clara Curtis.
6. Waves of the Danube—Ivanovia
7. Nocturne—Aschner
8. Barcarole, Tales of Hoffman—Offenbach.
9. Selection of Sacred Songs.
10. National Emblem—Bagley.
11. Hawaiian Moonlight.

A neat contribution was taken up at the door. We are especially appreciative to Miss Pauline Green who gave \$5.00. This contribution goes toward paying for the bass instruments owned by the band. This will free the tubas from all incumbrances, but leaves a small amount still due on the bass drum.

Girls Club

The Girls Club of Cameron High School met in regular session last Thursday afternoon. The Club having been called to order, the minutes of the last meeting read and approved, the following program was carried out:

1. Candidates for Governor—Ona Petty.
2. Reading—Inez Tyson.
3. Debate—Resolved: That the Picture Shows Should Be Opened On Sunday. Affirmative, Jennie Lou Bryant; Negative, Francis Hefley, Agnes Henderson.

Spring School Days.

Spring school days—how dear they seem!
They fill me with delight;
They haunt me with pleasant dreams
Which makes me want to write.
They strengthen my ambition,
They reinforce my trust,
They picture great fruition,
And tell me that I must.
Yes, they tell me that I must
Advance along my destined way,
And must make my faith and trust

Shun all useless cause for delay.
Oh, I love the winter school days
And I love the school-days of fall;
But, Oh, you dear Spring School days,
I love thee most of all.
—W. E. W.

Jokes.

Stewart: Harley, do you like popcorn balls?
Harley: I don't know as I never attended any.

Miss Williams: "What is today's lesson about?"
Ruby Caton: "About the hardest this year."

Do you know Fitz Hooks,
The illustrious scholar?
He's smart in his books,
But best after the dollar.

Said August to Lee:

"Tis plain to me yet
There's no girl for me
Except my brunette

Mr. Crawford—Mr. Tag, define bicycle.

Lee—A bicycle is an apparatus where you run sitting down.

The freshmen were reading expositions.

Miss Work: Little Joe, have you anything to expose?

Ray Mayfield: His ignorance.

Newton Robinson—ushuring at a Senior to-do, became very embarrassed at the sight of a lovely young lady, and said: "Mardon me, padam, but these pies are occupied. Allow me to sew you to another sheet."

Bob Gillon: "Mother, I must go to war."

Mrs. G.: "Robert, dear, I'd rather see you married."

Ask Leonard Yochun who Miss Cleo Guthrie is.

Gale Parma: "The English have quit raising peas and beans."

Joe Evans: "Why?"

Gale: "Because they are afraid the Germans will come along and shell them."

Said Verna to Fitz: "If you go off to war, it's the Red Cross for me. I'll go where you are."

Take as long as you please before reading a note from a Fish.

SAN GABRIEL GOSSIP

By Mrs. J. S. Woody

San Gabriel, May 4th.—We'll not engage in a lengthy dissertation, but briefly state the whereabouts of the few of our San Gabriel people that have reached our list.

At present chronicling, a rather brisk norther is blowing and shifted the much needed rain to other climes. While these northern gusts become lighter and of less duration, winter seems loath to lose his grip upon the world.

Plants grow a little but a good rain would help wonderfully and quickly change the appearance of fields.

Mr. Kettler, of Thorndale, was in our village last Friday.

Mr. Evers of San Antonio, was through San Gabriel Thursday.

Malcolm Isaacs conveyed, in his truck, our schoolboy baseball team to Thorndale last Friday afternoon where a game ensued between and Thorndale boys.

Reported: Game a victory for San Gabriel.

Mrs. John Goff and children motored to Thorndale Friday afternoon.

A large number of Odd Fellows of this vicinity attended lodge in Sharpe last Thursday night.

Jim Guthrie has erected a new garage on his premises.

Miss Mona Outlaw was at home from Beaumont for a few days last week.

A box supper was largely attended in this village Saturday night. A neat sum was realized, which goes as part payment for the Victrola that our school has purchased.

Rev. Ferguson of Waco, preached at the Baptist Church of San Gabriel Saturday night and Sunday.

The music class of Miss Fay Felton gives a recital at the school auditorium here Friday night, May 7th.

All public cordially invited to attend.

Messrs. Fred and T. Van Stigall were attending business in Temple several days of last week.

Mr. McDonald of Cameron, was a visitor in our village last Thursday and while here distributed drinking cups and blotter—a free gift—to each pupil of our school, for which they are grateful.

Miss Hazel Moore was a visitor in Thorndale Friday.

Sometimes we are reminded of the weak memory in store and in wondering why the beautiful moonlight nights were marred by one of such dim light—the search showed an almost total eclipse of the moon Sunday night.

J. S. Woody went to Cameron Tuesday.

Mr. John James has added as improvements on his place a roomy new barn.

Mr. Hume Davis was anxious over

a fine cow of his, that was very sick Thursday and Friday.

Mr. Seth Mosely was in Thorndale Saturday and while there made the purchase of a new cook stove.

Mr. and Mrs. W. Tucker and Brian Woody of Temple, motored down to this berg and spent the Sabbath hours with Mrs. J. T. Woody.

Messrs. John Davis, Bud Guthrie, Ted Adams, Murrell and Felton Camp, J. S. Woody, W. H. Camp, Joe and Gottlieb Yeager, Ed Case and others from San Gabriel attended a supper given by the Odd Fellows of Davilla Friday evening.

Murrell and Felton Camp were week end visitors in Galveston last week.

ELECTION NOTICE

THE STATE OF TEXAS

County of Milam.

Notice is hereby given that an election will be held on the 29th day of May A. D. 1920, at Walkers Creek School House in Common School District No. 61 of Milam County, Texas as established by order of the county board of trustees of date the _____ day of _____, 19____, which is of record in Book designated Records of School Districts on page _____ to determine whether or not a

tax of and at the rate of 20c on the \$100 valuation of taxable property in said District shall be raised to 50c on the \$100 valuation for the purpose of supplementing State School funds apportioned to said District and to determine whether the commissioners' court shall be authorized to annually levy, assess, and collect said taxes for school purposes.

G. T. Hightower has been appointed presiding officer of said election and he shall select two judges and two clerks to assist him in holding the same and he shall within five days after said election has been held make due return thereof to the commissioners' court of this county as is required by law for holding a general election.

All persons who are legally qualified voters of this State and county and who are resident property taxpayers in said district shall be entitled to vote at said election, and all voters favoring the increase of school tax shall have written or printed on their ballot the words:

"For increase of school tax."

And those opposing shall have written or printed on their ballot the words:

"Against increase of school tax."

Said election was ordered by the county judge of this county by order dated the 3rd day of May A. D. 1920.

and this notice is given in pursuance of said order,

Dated the 3rd day of May A. D. 1920.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. _____ had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

START NEW HOME

The foundation is being laid this week on the new home of R. H. McIntosh. The contract for this home was let in April to the Architects C. H. Page and Bros. of Austin and E. Egbert of Cameron.

This home will be erected on a beautiful location in the central part of the city residence section. It will be a two-story colonial home, plastered throughout, with hardwood floors and tiled bathrooms. Closets will be constructed of cedar, a sun parlor will be built for the lower floor and a sleeping porch for the upper floor. The interior will be ivory.

This will be one of the most beautiful homes in Cameron when completed both from the standpoint of architecture and interior finish.

DOWN WITH OVERALL CLUBS SAYS GOODYEAR

Down with overalls—wear your old clothes and let your patches be your badges of honor!

Rallying around these battle cries, industrial legislators of the Senate and House of Representatives of The Goodyear Tire & Rubber Company's industrial assembly at Akron, Ohio, have voiced their disapproval of overalls as a means of combatting the high cost of clothing. By almost unanimous vote in both houses they have ruled against such clubs among the 35,000 Goodyear employees and are threatening the blue jean battalions with future disaster, by advocating the wearing of old clothing, no matter how shabby it may be.

"Overall clubs are silly fads that will not last long," announce the industrial legislators. "They represent the height of folly and inconsistency. The idea isn't practical. Taboo the overall clubs and stick to your old clothes. That's the best way to bring down prices."

And practically all Goodyearites are following their advice. They have stopped buying clothes and are wearing the old ones.

YOUR VACATION

It is worth big money. Every day an opportunity to accomplish something toward future success. A wasted hour is an opportunity cast aside. The habit of loafing, of "fooling away" your time without accomplishing worth while spells "little fellow."

High School students and Teachers what are you going to do with your vacation? Do something to increase your usefulness, your earning power, to get more success and pleasure out of life. We can give you a business training in three and one-half months that will wonderfully help you.

You can complete a course with us and step right into good positions in the fall business. A business education is the only way to insure yourself a good salary twelve months of the year.

Two months' salary after completion with us pays all expenses of a course. We secure positions for all graduates. In fact, for some time past we have received many more calls than we could meet.

The merit of our courses is proven by the fact that we are now largest business training school in America, with 3965 enrollments last year, and 30,000 graduates now holding good positions at splendid salaries or in business for themselves.

For information about our extensive thorough courses, and what former students and business men think of them, phone us collect or fill in coupon and send for large free catalogue. Name _____ Address _____

TYLER COMMERCIAL COLLEGE

J. B. Simpson, who for the past year has been head of the government cotton classing station in Cameron, has returned to his home in Dallas. Mr. Simpson will not be in Cameron the coming season, but will enter the cotton business for himself and will be stationed at Dallas, Houston and Corpus Christi, dividing time. Mr. Simpson's friends here send best wishes with him.

Postmaster Jeff T. Kemp attended the May Fete at Georgetown Friday and Saturday. He did not remain for the climax of the occasion Saturday night, as he returned that he might attend the convention in this city.

DODSON WOULD STOP SALE OF CALOMEL

Says Calomel is Mercury and Acts Like Dynamite on Your Liver.

Dodson is making a hard fight against calomel in the South. Every druggist has noticed a great falling off in the sale of calomel. They all give the same reason, Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

ARMY CAMP FIRE BURNS \$300,000 WORTH AMUNITION

BIG BLAZE BELIEVED TO BE OF INCENDIARY ORIGIN AT CAMP TRAVIS

San Antonio, Texas, May 2.—Fire, believed to have been of incendiary origin, did damage estimated at \$500,000 in an ordnance department warehouse at Camp Travis early today. Rifles, machine guns, automatic rifles and revolvers, trench knives and various types, all new equipment and valued at \$1,000,000 were stored in the building, which was burned during a high south wind.

The fact that the wind was from the south instead of the north, prevented the blaze from spreading to other buildings as it would have had to cross a road and a grove of trees to reach the hospital area adjoining on the north. Another ordnance department warehouse, in which \$2,000,000 equipment is stored, adjoined the building on the south and a quarter-master corps depot on the east. In addition to the ordnance equipment stored in the burned building, a small quantity of paint was kept there.

With the approach of May Day, a warning to guard against possible plots to destroy the camp was passed among officers, firemen and military police, it was stated at the camp today.

The fact that the blaze apparently started underneath the building is believed to explode the theory the building was struck by lightning during the storm. And a theory that spontaneous combustion may have been responsible apparently does not hold, as J. L. Hogan, chief of the camp fire department, who was one of the first men into the part of the building where the small quantity of paint was stored, said there was no leakage of paint and no fire on the floor in that part of the building. Chief Hogan further said he passed the building on an inspection of the guard 20 minutes before the alarm was turned in and that is spontaneous combustion were the cause there likely would have been some sign of fire at that time.

Maj. Gen. Jas. G. Harbord, commander of the camp and of the second division, which is stationed there, tomorrow will appoint a board of officers to investigate the conflagration, it was stated.

BE PRETTY! TURN GRAY HAIR DARK Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Grove's Tasteless Chili Tonic

JEFFERSON B. WHITE, Local Mgr.

MODERN BALL ROOM SCORED BY PASTOR

In a sermon preached at the Baptist
church last Sunday night Rev. B. B.
Blaylock scored the modern ball room
and the modern dance. The sermon of
the Rev. Mr. Blaylock is published in
part as follows, limited space pre-
venting the appearance of the entire
text of his address.

Texts: Job 21:7-15. Gal5:19-21.

My subject tonight is the modern
dance. You may wonder why your
pastor will give one entire service to
the consideration of a subject of this
kind. But, before we are through
with our consideration of this discus-
sion, you will understand the impor-
tance of it.

My decision to speak on this sub-
ject is not a hasty one. It grows out
of deliberate thinking and serious re-
flections of my duty as pastor of this
church. I confess to you, I had rather
speak on other subjects, subjects
that are more likely to meet the ap-
proval of the popular ear, but to re-
main silent longer would be unfaith-
fulness upon my part, as a minister
of the gospel, and as pastor of a
church which does not approve of the
dance.

I want to assure you that the speak-
er has no personal feelings against
any one who dances, or is favorable to
the dance. What he shall say, there-
fore, cannot be construed as an at-
tack upon an individual, nor a re-
flection upon the character of any
who dances. We will speak with

plainness upon a subject that re-
quires plain speaking. I shall not
burden you so much with what I think
of the dance, but will give you the
opinions of others. I only ask that
you will withhold your judgment un-
til the evidence is all in, then in the
light of these facts, act as men and
women who are capable of a wise de-
cision.

I. Brief History of the Dance.

Dancing is a very ancient exercise
or custom, and in studying its history
we find that there are three classes
of dances, viz:

1. There is the religious dance, of
various kinds, which constitutes an
act of worship or both true and false
religions. It was generally practiced
on joyous occasions. We can find
many records of this dance among the
Hebrews as well as among the pa-
gans.

But the religious dance was never
engaged in both sexes. See Ex. 15:20
I Sam. 18:6, Jer. 31:13.

2. The second dance was the
vaudeville Pompeian dance. It was
indulged in by women in ancient times
generally nude, for the entertainment
of guest or a select company at some
theatre of banquet or Oriental court.
The dance of Salome before King
Herod, which resulted in the martyr-
dom of John the Baptist, is an illus-
tration of this kind of a dance.

3. The third dance is the dance in-
dulged in by both sexes for their own
pleasure, and according to history,
was very common among the lower
tribes and also became popular
amusement among the Grecian and
Roman society in the time of their
decadence. Cicero, the Roman orator,
would often say, "No one dances
unless he is either drunk or mad."

The dance has always flourished
when the moral and religious stand-
ards of the people were low. This
accounts for the popularity of the
dance today, among people who a few
years ago, would have almost spurned
the thought of dancing.

II. The Modern Dance.

It is this dance to which we will de-
voted our attention this evening. What
has gone before shows that religious
dance was an act of worship, the
Pompeian dance was for the enter-
tainment of others, and the mixed
dance alone, is for the selfish amuse-
ment and gratification of those who
indulge in it.

Sin is always progressive; hence
the dance was first perverted to so-
cial frivolity among civilized people,
it was given the comparatively harm-
less form of the old square dances,
the quadrille and minuet of our fath-
ers and mothers. But as the years
have come and gone, the devil has
stealthily insinuated more and more
evil into the seductive snare till to-
day we have very formidable.

List of Modern Dances: The
waltz, the two-step, one-step, and
their family known by such names as
the turkey trot, grizzly bear, bunny
hug, honey bug, gNay glide, pollywog
wiggie, hippohop, ostrich cooche, Sa-

lome dance, necktie waltz, Bacchannal-
ian waltz, hesitation waltz, love
dance, shadow dance, wiggled wiggie,
pickaninny dandle, ruzzy-wuzzy,
teripam toddle, Texas Tommy, Boston
Dip, kitchen sink, cartel waltz, boll
weevil wiggie, Arizona anguish, Ar-
gentine ardor, lame duck, chicken flip,
grizzly glide, shiver shake, cabbage
clutch, puppy snuggle, fado fox-trot,
syndicated canter, lemon, squeeze,
hug-me-tight shimmy dance and cheek
dance, etc., etc., etc.

No matter by what name they all
go, all are just plain hugging set to
music. We want to determine whether
any of them can be indulged in to
the glory of God. For this is the
Pauline touchstone: "Whether you
eat, or whether you drink, or what-
ever you do, do ALL to the glory of
God."

The New Testament scriptures
classifies the dance with a very bad
category of sins. In Galatians 5:19-
21 we have the following very strong
getting forth and classification of the
dance: "Now the works of the flesh
are manifest, which are these: adul-
tery, fornication, uncleanness, lasciv-
iousness, idolatry, witchcraft, wrath,
strife, sedition, heresies, envyings,
murders, drunkenness, revelling and
such like."

Now, this word "revellings" in the
original Greek means "dancing with
joyful festivity" and is condemned by
the apostle Paul as being "work of
the flesh." I suppose that no dancer
or friend of the dance will take issue
with me when I say that the modern
dance is revelling. If you will turn
to the eighth chapter of Romans, I
will let the Word of God speak for it-
self on the question under considera-
tion, viz: "Works of the Flesh" as
defined by Paul in Galatians. Hear
these words ye who do not see any
harm in dancing: "For they that are
after the flesh do mind the things of
the flesh; but they that are after the
spirit the things of the spirit. For to
be carnally minded is death; but to
be spiritually minded is life and
peace. . . . For if ye live after the
flesh ye shall die; but if ye through
the spirit do mortify the deeds of
body, ye shall live." In the above
scripture and in Galatians, Paul
plainly says, "that they that do such
things cannot inherit the Kingdom of
God." Now don't you go away from
this service and say: "The preacher
said that no dancer can go to heaven,"
for I did not say it, I let the word of
God speak for itself. If you have any
quarrel with any one about this mat-
ter, it is plainly between you and the
Word of God.

III. Some Excuses Often Given to
Justify the Dance. Let Us Examine
Them.

1. "The young people must have
amusement." I will not deny that
people should have amusement, but I
call your attention to the difference
between amusement and recreation.
It is recreation that people need more
than amusement. But we will not
quarrel about that. Suppose we give
the young people amusement, but for
God's sake and their own sakes let's
endorse such amusements as well not
be destructive of their moral and spir-
itual natures.

2. The second excuse given to jus-
tify dancing is: "It makes for grace-
fulness of form and movement." This
is not to be denied nor censured with-
in itself. I admit that dancing does
develop "grace of form and move-
ment." But while you are good in
their places, you are destroying those
higher graces which adorn the mind
and soul. I contend that we purchase
these "graces" at too great a price.

3. Dancing," says its friends, "is
an innocent and harmless amusement,
ad should not, therefore, be condemn-
ed." I will not even insinuate that
all who dance are actuated by an evil
motive. I don't believe that is true at
all. But I will say, and I am abund-
antly supported by facts, that the mod-
ern dance has wrecked more young
women than all the saloons put to-
gether. There is said to be more than
five hundred thousand abandoned wo-
men in America today! And the
larger part of them got their down-
fall by way of the dance. "O," you
say, "that is the extreme, but I will
never go that far." I am sure that
you feel that way about it. But,
don't you suppose that this large num-
ber of women once had such feelings too?

Oh, I warn you, my young friends;
these modern dances, which brings the
person of the dancers into such close
touch with each other is not the "in-
nocent" thing you have been made
to believe. You may be innocent, but
you dance with some vile fellow who
may take advantage of your inno-
cence, and thereby, bring everlasting
disgrace upon you.

The person who dares to speak out
and tell the people the whole truth
about the dance is tabooed, and is said
to be unfriendly toward the young
people. Others say they are "narrow
and ignorant." Well, some who op-
pose the dance may be narrow and ig-
norant. But I want you to hear what
some people say who are not ignor-
ant and narrow.

IV. Some Capable Witnesses Who Oppose the Dance.

(1) The churches all speak out
against the dance. Many ardent sup-
porters of the dance seems to think
that no respectable and intelligent
number of people are opposing the
dance, just a "few ignorant preach-
ers." That you may know that the
opposite is true, I cite you to what re-
presentative men in high position in
the churches have to say about the
dance.

(2) The Roman Catholic Church
strongly oppose the dance. Arch-
bishop Srauld said, "That nine-
teen out of every twenty of women
coming to the confessional attribute
their downfall to the dance."

The Vatican at Rome has denounc-
ed the tango dance in the following
terms: "The tango must be prohib-
ited absolutely in the seat of the seat
of the Roman pontiff, the center of
Roman Catholic religion, the Clergy
are urged to raise their voices in de-
fending the sanity of Christian us-
ages the dancers threatening and im-
morality of the new paganism."

The Pope puts a ban on dancing by
issuing the following statement to
Cardinal Farley of New York: "Pope

Benedict puts a ban on dancing under
the auspices of parish churches in the
United States and Canada. Cardinal
Farley will issue a letter next week
to pastors of his each denouncing the
new rules which will take effect im-
mediately."

(2) The Episcopal Church de-
nounces the dance. Bishop Cox of
New York said: "I will not confirm
anyone who will not renounce the
dance."

Bishop Johnson of San Antonio said
"These dances have passed the limit
and are properly classed as vulgar,
immodest and indecent, and there-
fore ought to be ostracized by all re-
spectable people." Bishop Johnson
Johnson goes on to say: "Such dances
are introduced directly from the
brothels; and when we consider how
many of these young men of today
are habitués of these low places,
where they have engaged in these las-
civious dances with women, mothers
and fathers who value the purity of
their daughters should see to it that
they are protected from the close per-
sonal contact which these dances en-
courage. When we consider that a
large percentage of the surgical op-
erations which married women are
cruelly subjected to on account of
youthful indiscretions and practices
of their husbands, too much care can-
not be taken to remove every cause
calculated to increase this terrible
evil. I wish to have it understood
that I will not knowingly confirm any
person, male or female who will not
agree to give up such objectionable
forms of amusement. . . . Nothing
but evil, and that continually and
growing worse, can come from such
corrupt and demoralizing state of so-
ciety." Pretty strong, isn't he? Yet
these words were unanimously indors-
ed by a council of Episcopal minis-
ters.

(3) The Methodist church speaks
out on the subject of the modern
dance. The Texas Christian Advo-
cate, the official organ of the Texas
Methodism, says: "The modern
dance is an unmixd evil. It is al-
most a social crime. And the pity of
it is that modern society recognizes it
as one of the legitimate amusements
of the day."

(4) Municipal Authorities take
cognizance of the evil effects of the
modern dance.
Kansas City appointed a dance hall
inspector to see that no such dances
as the "grizzly bear" were engaged
in.

Indianapolis passed an ordinance
forbidding any dance to be started
until the dance matron shall arrive.
She is given authority to eject any
person who offends against the de-
cent proprieties of a social gather-
ing.

Dallas has enacted similar ordi-
nances, and other cities have found it
necessary to take similar action in
order to conserve public morals.

Could stronger proof be made of
the utterly demoralizing tendency of
the dance? In the name of all that
is good and holy, what is our country
coming to? Has the amusements of
the people become so corrupted that
the municipal authorities of the cities
are compelled to protect the virtue of
our daughters who indulge in such
amusements?

The Secular Press is searhing in its
terms of denunciation of the modern
dance.

"Life," the comic paper, says: "The
man that contends that the ballroom
is refined, is not a conscientious
man."

Hear what Collier's Weekly has to
say about the dance. It says: "It all
began (speaking of the new wiggie
dance) with the grizzly bear and the
grizzly bear came from the under-
world of San Francisco."

I have given you testimony from
leading preachers, and papers, both
of religious and secular. Now I want
to give you a few words from some
of the leading physicians on the sub-
ject of the dance.

Dr. Frank Richardson of New Jer-
sey, speaking before a medical as-
sociation said: "Modern dance halls
are the nurseries of the divorce courts
the training ships of prostitution and
the graduating schools of infamy. Our
young peoples' dances defy descrip-
tion; they are impure, contaminating
and deadly."

Cold blooded business is protesting
against the dance. Stanley W. Finch
who for sometime was head of the
National School of Welfare League,
says: "The tango has taken such a
grip upon the employees of the coun-
try that their capacity for work is cut
in two. They go out and dance these
newfangled twists half the night; the
next morning they have none of their
former vigor, and result is that the
whole business suffers greatly be-
cause they are no longer able to turn
out their accustomed amount of work.
The tango is one of the greatest men-
aces of this country today. It is a
new form of moral perversion. I
see only one way of checking its car-
rages in our social and economic
structure—that is by a country-wide
campaign of publicity, showing up its
extreme evils."

These quotations could be indefi-
nitely continued, but I don't deem it
necessary to burden you with more of
them. I have brought you these that
you may know that the cry against
the dance is not mere a wail of a few
"ignorant preachers."

Now in conclusion, permit me to
speak to you from the point of view
of a minister of the gospel and pastor of
this church.

In the first place, God holds the
minister of the gospel responsible for
the people to whom he ministers. He
is solemnly charged, by God Himself,
to cry out against the sins of the peo-
ple, and if he does not do it, God will

hold him to strict judgment. The
word of the Apostle Paul is: "Obey
them that are your leaders, and sub-
mit to them; for they watch in behalf
of your sins, as they that shall give
an account; that they may do this
with joy, and not with grief; for this
were unprofitable for you."

The faithful pastor is concerned
about the spiritual development of
his people, and he is unfaithful to
them, if he does not warn them
against the dangers of popular sins,
and seeks by every possible way to
turn them away from them.

Out of the twenty-five years of ex-
perience as a pastor, I have yet to find
one church member, who was an hab-
itual dancer, that was a soul winner.
I have seen those who were soul win-
ners turn to the dance, but, after they
began to dance, they lost all the soul
passion they had and they no longer
won their fellows to Christ.

I have had considerable dealing
with lost people, who were seeking
salvation. In my dealings with them,
I have often suggested that I have
such and such persons talk to them.
Without my knowledge, some of whom
I suggested were dancers, and with-
out exception, those seeking salvation
would say: "Don't send that dancing
person to me, I've as much religion as
they have." If dancing does you no
more harm than to destroy your spiri-
tuality, your passion for souls and
the sacrifice of your influence over
lost people, I think that sufficient to
cause any converted person who dances
to quit it AT ONCE.

I want to see every young person
in our church a devout and consecra-
ted soul-winner. I want to help you
to be a better Christian and a more
successful Christian worker. I know
you cannot be either, if you follow
the way of the dance. Will you not
for Christ's sake, and lost souls' sake
quit it?

My final word is to the parents of
these young people: Are you going
to encourage your children to go the
way of the dance, and thereby be sub-
jected to the awful dangers of such
amusements? Will you not take a
stand by your pastor tonight and help
him, by your support, to lead your
children in the way of holiness and
usefulness. If you will not, what are
there of your pastor living his time
and wearing his life away when he is
utterly powerless in reaching your
children for God and their usefulness?

I have had my say. I am willing
to face it at the judgment, bar of God.
May He bless it to His glory and the
good of every one present. Amen.

(At the close of the sermon, the
large audience most enthusiastically
and unanimously approved the pos-
ition of the pastor, as well as the ser-
mon by rising to their feet.)

seed.

HERE is a big seven passenger touring car of excep- tional character—the Buick Model K Forty-Nine.

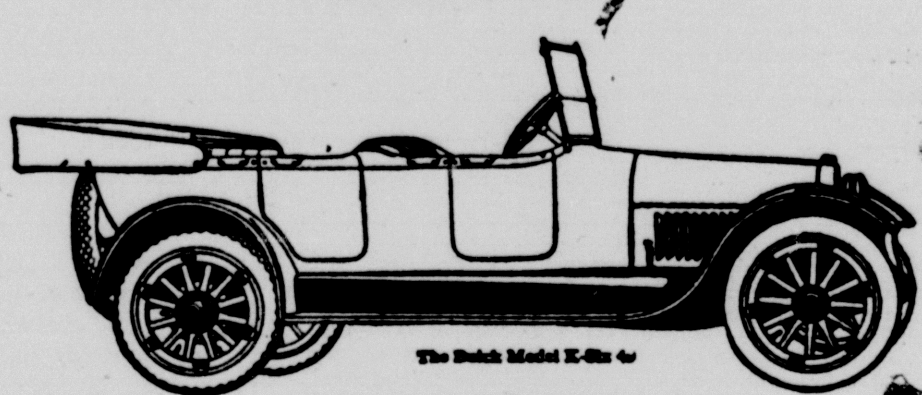

It is an individual car—one that meets a more exacting require-
ment than the ordinary types in which larger carrying capacity is
demanded.

For city or country driving this big, roomy Buick fulfills the de-
mands of each owner, particularly those who desire a family car of
beauty, comfort and economy.

Its popularity in demand and selection conclusively proves the
choice of the majority of all such buyers—and each day finds
additional purchasers placing orders for future delivery.

CAR LOAD OF WAGONS

We have just received a car load of wagons and have them unloaded and in our stock rooms, ready for delivery. Farmers who have been waiting for wagons and unable to get delivery will have to wait no longer. Come in and see us today about your new wagon. It will soon be harvest time and you will need it for transporting your cotton and grain crops to market.

Don't forget that we can serve the needs of the farmers, for we have the stocks in all lines of hardware.

Garden Tools, Hose, Plumbing Fixtures and in fact, everything you need in Hardware. Don't forget that it is fishing time. Also that it is important that you have a water cooler for summer.

Milam County Hardware Company

Cameron, Texas

Cameron Society

By MRS. W. A. GILLON

SYMPHONY CLUB

This delightful music club met last Saturday afternoon with Mrs. J. L. Clinton.

The subject for the afternoon was the life and works of Meyerbeer, with Miss Curtis as leader.

Several selections were played, papers read, and stories given. This was the time for the annual election of officers. The nomination committee was appointed consisting of Mesdames B. F. Bonds, Simmie Burns, Jr., and Miss Gladys Walker, and the following officers were elected for the ensuing year:

Mrs. R. P. Jeter, President; Mrs. Stafford, Vice-President; Miss Mary Lake Henderson, Recording Secretary; Mrs. J. N. Crawford, Corresponding Secretary; Miss Jewel Joslin, Treasurer, and Mesdames Ira Key and R. P. Jeter, accompanists.

COMPLIMENTARY PICNIC

Misses Louise Green and Owen Bacon complimented their visiting guests Saturday night with a picnic out at Salem.

The night was ideal, the moon bright and the crowd rode out in cars and had a delicious spread under the popular trees, so often used for the purpose.

Miss Mary McLane chaperoned the following party: Misses Cecil Day, Georgia Clark, Gladys Jones and Sallie May Fancher as honor guests, Owen Bacon, Louise Green, Messrs. Jno. Ferguson, Robert Calloway, Jim Coleman, Mike Coleman, John Henderson and Thad Epperson.

BAYLOR COLLEGE CLUB ORGANIZED

Two weeks ago a number of Baylor College former students met at the home of Mrs. E. J. Baskin for the purpose of organizing a Baylor Club.

The purpose of the club is of the club is of a three-fold nature. First, to promote a growing interest in the splendid institution, second, to urge a large attendance at the home coming time, when the Diamond Jubilee will be held on the 50th anniversary of the college, and third, to work for an endowment.

Miss Amy Wadsworth, Publicity Secretary Students League was in Cameron and met with these ladies, presided at the meeting and explained the object.

Miss Helen Fleen was made President, Miss Ruth Henderson, Secretary. There are about twenty-five former Baylor College students residing in Cameron and an enthusiastic meeting was held.

The following program will be given at the Diamond Jubilee:

June 4, Friday
Academy Graduating Exercises.
Graduating Address by Dr. W. M. M. Spahn.

June 5, Saturday.
Morning—Interscholastic Debate.
Address, "Christian Education"—
Dr. Lee M. Scarborough.

Afternoon—Concert by Choral Club.
June 6, Sunday
Baccalaureate Sermon—Dr. George Truett.

Vesper Services.
Missionary Address—Dr. Carroll.

June 7, Monday
Morning—Class Day Exercises.
Home Coming Address—Dr. Brooks and Mrs. Elli Moore Townsend.

Unveiling of Robert E. Lee Bust.
Afternoon—Business Session of Alumni Association.

Jubilee Banquet, 5-8.
Concert by Choral Club and Orchestra.

June 8, Tuesday.
Graduating Exercises.
Graduating Address—B. P. Claxton, Secretary of Education, Washington, D. C.

A DANCE

Another dance at the Legion Hall last Friday night was a social function of much enjoyment to the dance lovers.

The Bartlett Jazz Band furnished music and Mr. and Mrs. Oxsheer Smith, Mr. and Mrs. Fritz Fahrendorf and Mr. and Mrs. J. L. Clinton chaperoned. There were about thirty couples participating with Mr. and Mrs. Tom Henderson, Jr., as leaders.

CAMERON CONCERT BAND IN SACRED RECITAL

A number of music lovers enjoyed a delightful band concert at the school building Sunday afternoon.

Despite the heat the boys played better than ever before, played more difficult music.

Mr. Crawford deserves a rising vote of thanks from all the citizens of Cameron for his faithful and efficient work among the boys.

Only one year ago most of them did not know a note of music, and all who were not there Sunday should have heard the beautiful selection of Sacred Songs, the Bridal Rose-Overture, National Guard and a number of others.

Miss Curtis rested the boys by singing a beautiful solo in the intermission.

The people of Cameron should make every effort to retain Mr. and Mrs. Crawford in our midst.

PRISCILLA CLUB

thenics, and Aline Work in a number of college songs and yells.

By the time recess was over the teachers had decided to award the prize—a diploma—to Ada Henderson, and a dinner cap to Lee Kidd.

The noon hour having arrived the children were bidden to eat their lunch if they brought any, and those who had not to go home for it, but with one accord they all decided to share teachers lunch, so they were served a most delicious marshmallow salad, chicken sandwiches, pickles and ice tea, and all sent home without any being kept in although many deserved it, especially Clarence Cameron, Amelia Williams, Ed Flinn and Mattie Batte for poor teacher was so tired, having neither spared time or energy to give the children a day of recreation and pastime. The lunch was distributed by Belle Akin and Lottie Hamilton, May Belle and Mildred Akin saw that no child was served twice by tagging each one with a flower.

Mrs. W. A. Gillon entertained all the members of the Priscilla Club and the ex-members. It was a reunion party and about twenty-five responded to the invitation.

After all had assembled Mrs. Gillon invited four ladies at a time in the dining room to see her needle work, which she had on display on tables, buffet, etc.

Mrs. Gillon was a member of the Priscilla Club for a number of years and for quite a while termed herself the "grandmother," and on this occasion the pleasure was all hers, as she displayed her work in a proud "grandmotherly" way.

After the eyes were feasted only light refreshments were served consisting of white cake and punch.

Guests other than club members were and ex-members were: Mesdames Emily Swift of Portland, Maine, Vernon McIntyre of Marathon, Tom Henderson, Jr., S. A. Cottle, Henry MacFadyen, Misses Beth Jeter and Mary Lake Henderson.

JUNIOR EPWORTH LEAGUE

The young seniors of the Methodist

On last Thursday afternoon at 4 o'clock at her home on Hefley Heights

church have arranged to organize a Senior Epworth League. Will meet at the Methodist church Sunday 6:45 p. m. The attendance of every young senior is wanted.

J. D. Martin and family of Mayfield, spent Sunday in Cameron.

CIVIC LEAGUE

Members of the Cameron Civic League will be called upon this week by a committee appointed to solicit payment of dues in order to begin important work that must be done with the coming of the summer months.

More lights are needed in the park and the town must be cleaned up. Also the story hour for children in the park will be resumed.

COMMERCIAL CLUB

One of the matters of importance to come before the Commercial Club tomorrow night will be that of maintaining the cotton classer for the ensuing year.

The local committee has been given

an extension of time on several occasions by the A. & M. College but the time has come when some action must be taken if the classer is to be maintained. George Banzhaff, county farm demonstrator has been active in trying to secure the office for the ensuing year and to enlist the financial aid of the farmer. So far the funds required have not been raised.

GOING TO WASHINGTON

Rev. B. B. Blaylock, pastor of the First Baptist Church in Cameron, will leave here Saturday for Dallas and from that city will leave Sunday by special train for Washington where he will attend the Southern Baptist Convention. Rev. Mr. Blaylock will be away about 10 days. The church is sending him the convention. His pulpit will be occupied by laymen while he is away.

Mrs. Ed L. Tucker and little daughter, Frances, left for Altus, Oklahoma this week, where they visit with relatives and friends. They will be away for several weeks.

Wonder-Play

The Most Enthralling Motion
Picture Drama that the
Art has ever produced

Presented by Carl Laemmle

"BLIND HUSBANDS"

HERE is a photodrama which is at once an absorbing love story—a gripping portrayal of human passions—a thrilling adventure picture—and a marvelous, glorious scenic—with a splendid surprise at the end that sends you away in a glow of happiness. To tell you one word of the plot would spoil the most tremendous hour of dramatic entertainment you've ever known. We'll simply say that as the action unfolds you will grow powerless to leave your seat. It will be as if you, yourself, were one of the actors. You will pass through their trials and temptations, make your great decision in the moment of crisis, reap what you have sown. And when all is over you will be uplifted as never before by any moving picture. On no account fail to see the wonderplay, "BLIND HUSBANDS." Now playing—the picture you'll never forget.

UNIVERSAL-JEWEL PRODUCTION DE LUXE

DIXIE-WINNER CO. ORDERS RIG SHIPPED TO ROCKDALE FIELD

STAR DRILLING RIG ON BELL
COUNTY HOLDINGS COMES
ROCKDALE THIS WEEK

(Rockdale Reporter.)

The dispatch below taken from Sunday's Temple Telegram will be of general interest. The Dixie-Winner Company is the company which recently paid J. C. Davis \$100 per acre for 115 acres of land, seven miles northwest of Rockdale, near Tracy. They promise an early development of their holdings.

The dispatch:
Killeen, Tex., May 2.—Word was received today by Mr. Sweeney, who is in charge here of the drilling rig belonging to the Dixie-Winner Drilling company of Temple, instructing him to reload the rig and boiler for shipment to the Tracy field, in Milam county, where the Dixie-Winner people have recently acquired extensive holdings.

It was explained by the company's officials in Temple that another and larger rig had been ordered for their well to be drilled on the McMahon survey south of Killeen, and that this action was being taken on the advice of Prof. Sellards, of the State Geological department, who made an extensive holding in this field a few days ago. The state geologists is of the opinion that the proposed McMahon well will probably have to go 2200 to 2500 feet, and that the Star rig now here is not suitable for that location.

Another reason given by the company's officials for moving this rig is the fact that it is necessary to begin operations at once on their Tracy field holding, and that their other rigs are all tied up in the shipping embargo. Also that the star rig now in Killeen is better suited for the Tracy field than for the Killeen field, so it was finally decided to make the change. However, it is stated that the heavier rig for this location should arrive within a very short time and that work on this well be started at an early date, the state geologist's report being very encouraging for a good well south of the Lampasas river.

The company's rig now in Killeen

will be loaded out early next week states Driller Sweeney, who will accompany it to the Tracy field and assist in getting it started there, after which he will return and erect the new rig south of Killeen.

PADUCAH DRUGGIST TELLS WHY MENDENHALL'S CHILL TONIC OUTSELLS ALL OTHERS

"Mr. J. C. Mendenhall, Evansville Ind., Dear Sir: You ask us if we are disposing of the one gross Mendenhall's Chill and Fever Tonic we have been purchasing from you monthly at retail as this is an unusual quantity for a retail druggist to buy. For your information, will state that our best physicians are prescribing your chill tonic almost daily with better results than quinine or any medicine used for malaria, chills and fever. We have a customer who was all run down, pale and emaciated and had a cough. Some physicians pronounced his case consumption. One of the doctors here prescribed a bottle of chill tonic. He took it with the best results and continued it for some time and is now entirely well. He had a cough and chronic malaria. We find upon inquiry that the jobbers here purchase 60 gross of your chill tonic a year which, with our purchases, amount to over 8000 bottles a year which are sold in the city of Paducah." Signed Lang Bros., Druggists. Mendenhall's Chill Tonic has all the properties of ordinary quinine without the bad effects, combined with glycerine, licorice and yerba santa, which makes it at once the best remedy for coughs, colds and grippe. Price 75 cents. Sold by Avera's Drug Store.

ROCKDALE OIL NEWS

(Rockdale Reporter.)

The past week in the local oil field has been featured by a considerable exchange of lease acreage at prices ranging from \$10 to \$100 per acre. Several large deals have been pending and are all about closed, only awaiting the passing of abstracts and closing of details. We are not privileged to give details as yet. However, the higher priced acreage lies north and northwest of town and some of it on this side of the Gabriel. Drilling contracts are a feature of several of these deals.

Oklahoma parties were here Saturday investigating the shallow field with a view of installing a pipe line. These parties are not seeking a bonus but state that if sufficient production is assured they will build a pipe line and refinery.

K. J. Snell, of the New York-Texas Company, was here the first part of the week. This company is now engaged in building their derrick on the Joe Brown tract west of town.

The Underwriters Company at Tanglewood has shut down and moved the rig to their Maysfield lease. They announce that they will later resume work at Tanglewood and believe that they can save the well which was seemingly lost at 1,700 feet when 200 feet of casing was twisted off in the bottom. They are awaiting a shipment of smaller casing which they expect to put down through the lost casing which is larger.

The Davidson Creek Oil Company is shut down. The Oklahoma-Texas Company on the Guy Cook tract is shut down, still awaiting the receipt of casing.

Bauer No. 2 on the Quebedeaux lease is still fishing and some success has been achieved and it is thought the tools will all be recovered.

Johnson, Varnell, Rathbone & Co. have their six shallow wells on the Henderson lease at Tracy on gang pump. None of the wells have been cleaned or cased but it is reported they are showing up better than three barrels each per day.

The Avo Oil & Refining Association are engaged in shutting off a flow of water in their Gilleland No. 1. Manager M. T. Skinner returned Tuesday from Fort Worth where he placed an order for additional engines, pumps and piping for their operations in the Rockdale oil field.

EAT LESS MEAT

IF BACK HURTS

Take a Glass of Salts to Flush Kidneys if Bladders Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy, take a tablespoonful for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone.

Equip Your Smaller Car With Goodyear Tires

If you own a Ford, Chevrolet, Dort, Maxwell or any other car using 30x3-, 30x3½, or 31x4-inch tires, you can well take advantage of the high relative value built into all Goodyear Tires.

You can well do so because you can secure in the smaller Goodyear Tires the results of such skill and care as have made Goodyear Tires the preferred equipment on the highest priced automobiles of the day.

You can well do so because these smaller Goodyear Tires are easy to obtain, being produced at the rate of approximately 20,000 a day, and because their first cost usually is as low or lower than that of other tires in the same types and sizes.

Go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He supplies many other local owners of the smaller cars.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$23.50

30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$4.50

GOODYEAR

TRADING AT HOME POINTS OUT PATH TO REAL PROGRESS

HERALD CAMPAIGN STARTED
OFF WITH BANG—PRIZE FOR
BEST LETTER ON SUBJECT

Trading at Home wields a remarkable influence over community life. It works miracles in civic growth and civic harmony. Its radiating influences reach into every nook and corner of community activity. It is felt in the home, bringing sunshine and joy. It is found in the school, forming wisdom and character. It is heard in the parks, blending the voices of happy children with the songs of joyous birds. It is seen in the community in a thousand wondrous words spelling, "Better Streets," "Better Walks," "Better Drives," "Better Everything." Trading at home brings to the community all the truly worthwhile things of American life, and keeps bringing them.

Trading at home is the propelling force of a community. It means civic progress. It enables a community to keep abreast of the times, to go forward—never backward. It brings to a community the newest of civic improvements—Community playgrounds, community gardens, community parks. Trading at home selects the best of outside influences and places them before the community constantly.

At first glance all this may sound unreal. The casual reader mayhap cannot associate trading at home so closely with community welfare. But stop for a minute. Consider a few concrete facts.

All community or civic activity is absolutely dependent upon municipal taxes and community donations. From these two sources come all the funds of municipal government and civic improvement. People in Dallas, Houston or Fort Worth; big mail order houses in Chicago, Boston or New York—none of them contribute one dollar to building good roads, paving streets, erecting schools laying out parks, instituting public libraries in Cameron. The money for all these great monuments to civic pride and the numerous features of community progress comes from home.

Now who at home pays the greatest share into the community welfare fund? The answer summed up in two words is this—home merchants. Upon them falls the greatest burden of taxation. To them goes the honor of giving to every home movement—school, library, Y. M. C. A., Woman's Club, Churches. The home merchant and the home merchant's money supports them all. He is the home town booster first, last and all the time.

Are you trading at home? Are you giving your home merchant the support he deserves? Are you helping secure "Better Things" for your Community or are you throwing your aid to building a new viaduct at Dallas or scenic drive along the Hudson? Think it over.

The Herald has launched a trade at home campaign. It will devote one

page each week to trade at home advertising and trade at home talks. It offers a cash prize of \$1.50 a week for the best trade at home letter addressed to the editor. This letter will appear in the center of the trade at home page, and must be confined to one hundred and fifty words. There is no exemption as to authorship. Every man, woman, and child in Cameron is urged to participate in this letter contest. All we ask is that they direct their powers of argument to "Why You Should Trade At Home."

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine
"Bayer Tablets
of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

MILANO NEWS

By Chas. Howes.

Magdaleno (Lenard) Nine, a young Mexican who has been practically raised here and who is probably the most popular person of that nationality who lives here married a Senorita Bagueria on Mr. Burnett's farm Saturday night.

Milano School closed Friday, April 30th. The classes of Misses Woolley and German gave an entertainment Saturday night, May 1st to a large audience in the Woodmen Hall.

The Milano Precinct Convention Saturday afternoon appeared to have been all one way—all anti-Bailey. It was unusually well attended. Hon. C. M. Beard and Gen. J. O. Newton were among the delegates selected to the county convention.

The Rev. Mr. Stewart, Pastor of the Rockdale Baptist church preached the Baccalaureate sermon to the Graduating Class of the Milano High School at the Baptist Church Sunday night, May 2. The diplomas will be presented tonight (May 3) by little Miss Carmichael.

A great many people are still planting cotton. It is to be hoped that Mr. Boll Weevil will be more considerate this year with May cotton than he was last year. There were several patches last year in this locality that he never permitted to bloom.

Mrs. Moore Was So Weak She Could
Hardly Get Up—Health Restored
by Tanlac

"I feel so well now that I could hardly realize the awful condition I was in before I took Tanlac," said Mrs. E. L. Moore, of 943 S. Wellington St., Memphis, Tenn.

"I had been in a rundown condition for two years," she continued, and was so weak I could hardly keep going. I had to force myself to eat, but nothing agreed with me and I got so lifeless and no account that I could hardly get up when I was sitting or lying down, or even do my housework. I suffered with splitting headache, that would almost drive me distracted.

"My appetite picked up on my first bottle of Tanlac and I am now eating three hearty meals a day, those awful headaches are gone and I am feeling fine. I have gained ten pounds and am strong enough to do all my housework with ease. Tanlac did me a world of good—more than all the other medicines I have taken put together."

"Tanlac is sold in Cameron by New Cameron Drug Co., in Rockdale by Baldrige Bros., in Milano by E. C. Smith and in Burlington by the New Drug Store."

MACK HARVEY, Manager

ACROSS FROM OIL MILL

Change Name of Refinery; Will be Big Elk Company

The Big Elk Refining Company is the title by which the Longhorn Refining Company of Cameron will be known in the future, it having become necessary because of prior use of the latter name by a Texas refinery, to discontinue the use of it.

Despite the fact that the local company had become known in all parts of the United States by the name it is now forced to abandon because of alleged infringement, no protests were launched by the Fort Worth company until recently when the matter was placed in the hands of attorneys and the patent office consulted.

Announcement of the change in the name of this refining company is made today by John Bertrand, general manager, who Wednesday received a letter from the Washington attorney of the company advising that the trade mark and the name Longhorn could not be registered on account of priority of the Fort Worth Company although it has been developed that no patent has been issued to that company.

The company here has been advised that the original name adopted was exclusive to its own use and had proceeded with operations pending the granting of patent on the trade mark. When the communication came yesterday announcing the necessity for changing the name The Big Elk Refining Company was decided upon.

The Big Elk Refining Company as it will be known in the future was not infringing upon the name of any other refinery. The alleged infringement being upon products labeled under the name "Long Horn" put out by the Oz-In Refining Company of Fort Worth. The company had received telegrams and letters advising that there was no infringement.

Officials of the company have been negotiating for a site on which to build the refinery but so far have been unable to close a deal for the location. They claim exorbitant prices are being asked for acreage adjoining the city and have not found a suitable proposition. The company has also taken under consideration material bids for the construction of the refinery. These estimates are in no way final and have been merely assembled to enable the company to arrive at a fair estimate of the cost of the new refinery.

Another change that has been made in the company is the increase in the capital stock which has been increased from \$250,000 to \$500,000 with shares remaining at \$25.00. Stock sales are reported fairly with interest being taken in the oil centers of the north and east in the refinery project.

DRILLING HUFFMAN WELL

Drilling is being pushed on the Huffman well of the American Underwriters of New York. The well is down more than 2000 feet and it was reported in Cameron early this week that the formation was encouraging. This, however, cannot be confirmed.

By increasing the depth of this well it has been proven that the Austin chalk has not been reached and it is said that if the location is good for a producer the pay sand will be reached before the chalk is reached. It was thought two weeks ago that the chalk had been reached. This, however, proved to be untrue, according to reports here.

The well is being drilled by a rotary rig. J. T. Leach is in charge of the operations.

GRANDMOTHER CHAMBERS

Grandmother Chambers, as she was called by those who knew and loved her, died Saturday, May first. Funeral services were held at the Chambers residence at ten-thirty o'clock Sunday morning and were conducted by Rev. H. R. MacFadyen and Rev. B. B. Blaylock, after which the remains were interred at Oak Hill cemetery.

The quantity of beautiful flowers, and the number of friends who called to pay their respects to the deceased, testify to the sweet character of the dear old lady.

Miss Frances Ann Stanley was born April 5, 1842, in Walker county, Alabama and when seven years of age moved to Polk county, Texas. It was while living in Polk county that in 1860, just at the outbreak of the Civil War, Miss Stanley was married to Mr. Wm. Chambers, who was a soldier in the Confederacy. December 21, 1878, Mr. and Mrs. Chambers moved to Milam county, settling at Walkers Creek, where they lived until Mr. Chambers' death in 1889. Upon the death of her husband, Mrs. Chambers moved to Cameron, living most of the time with her son, Mr. W. W. Chambers. For the past six years Mrs. Chambers has been an invalid, being confined to her bed a great part of the time. She was tenderly cared for by loved ones through the long years of illness. Of her eight children, only two, the oldest and youngest, Mr. W. W. Chambers, and Mrs. B. H. Jones, survive her. Mrs. Graham Gillis, who is a granddaughter, had the care of Mrs. Chambers for the past three years, and her tender ministrations added comfort and cheer to the final years of Mrs. Chambers' life. Other grandchildren living in Cameron are Mrs. J. J. Jones, Mrs. B. H. Jones, and there is a great grandson, William G. Jones, Jr.

Mr. and Mrs. B. H. Jones and Emory Christian of Waco, Mr. and Mrs. Mullinax of Elm Ridge, Mr. and Mrs. G. T. Hightower of Walkers Creek were in Cameron to accompany the body to its final resting place.

---and neither could you have told the difference!

Drawn from actual photograph

Why audience at Cameron High School Auditorium Tuesday, April 27 was so completely mystified. Betsy Lane Shepherd was inside the phonograph in all excepting physical presence.

At first reading, the story of the New Edison's performance Tuesday night, April 27, at Cameron High School Auditorium seems fraught with mystery.

But the explanation is simple enough.

First, get a picture of what happened. Miss Betsy Lane Shepherd sang "Home Sweet Home." She stopped after the first few lines, but her voice flowed on without a break. No one even noticed she had stopped—until some eyes, keener than the rest, saw her lips were still. It was only then that realization dawned. The audience found it had been listening to the New Edison.

To every ear, the two voices, living and RE-CREATED, had been without a shade of difference.

That was what so mystified the audience. They had expected the RE-CREATED voice to betray its phonographic origin. It was a step too advanced for their comprehension that this instrument should be all that Miss Shepherd is, excepting her physical presence.

THE NEW EDISON

"The Phonograph With a Soul"

This extraordinary proof is the only means through which the people learn to appreciate the true powers of the New Edison. If you are interested in music, it is indeed unfortunate that you were not present.

Yet, you know this is a test which no other phonograph dares attempt. It is proof that no one can evade or deny. The New Edison is the only phonograph which RE-CREATES music and the soul of music. Come in and hear it for yourself.

The instrument used in the tone test Tuesday night, April 27, is the regular exact duplicate of the Laborator model which Mr. Edison perfected after spending Three Million Dollars in experiments.

FIRE DESTROYS BIG HARDWARE STORE

Fire of an undetermined origin which for more than an hour threatened the entire business district in southeast Cameron last Saturday morning at 3 o'clock, destroyed the hardware store and business of A. J. Matocha & Co. The loss is estimated to have been \$15,000 or more. The stock is partially covered by insurance to the amount of \$7500.

The building owned by Mondrik Brothers was practically destroyed and only a few articles of stock, mostly new goods, received and which had not been unpacked, were saved. The merchandise taken from the store is a negligible quantity and the loss is practically complete.

The A. J. Matocha store is situated near the grocery store of Mondrik Brothers and also in close proximity to J. T. Parma grocery and the J. P. Werner & Co. dry goods store. Heroic work of firemen under Chief Thomas prevented the flames from spreading. Three lines of hose played upon the flames under pressure from the motor truck engine and although the fires had gained great headway when discovered portions of the building were saved.

This is the most disastrous fire which has occurred in Cameron during recent months. According to the announcement of A. J. Matocha the firm will resume business as soon as a location can be secured and stocks received.

BRIDGE-FORTY-TWO PARTY

Mr. and Mrs. Fritz Fahrendorf entertained quite handsomely last Thursday night at a Bridge-Forty-two party in honor of Mrs. Emily Swift of Portland, Maine.

On the threshold of this home you found yourself transported as if by magic in a moment—had spanned the mighty deep and entered Japan.

Tally pads and score cards were in bright Japanese design, and quite a number of games played and Mrs. Fahrendorf was assisted in marking scores, presenting favors by Misses Lorenz, Leila Woolley and Maurine Messimer.

As each made a game favors of Japanese fans were placed in the hair of the ladies, pipes and lanterns presented to the gentlemen, and at the conclusion of the games four prizes were given as follows: Ladies' prize for bridge was a beautiful Japanese vase and was won by Mrs. U. S. Hearrel, Gentleman's, a Japanese idol with incense burning, won by Mr. Oxsheer Smith. For 42, ladies' prize was an incense burner in the shape of a vase, won by Miss Mary Lake Henderson; gentleman's, a hair painted Japanese oak tray, won by Mr. S. A. Cottle.

A delicious two-course luncheon was served, consisting of chicken salad, fruit salad, pimento and lettuce sandwiches, olives, stuffed celery, ice tea, and as place cards Japanese nut cases full of nuts with silver and gold parasols over them, strawberry cream, white cake with bright colored parasols overshadowing each square of cake.

The guests were: Mr. and Mrs. Tiff Moore, Mr. and Mrs. Giles Avriett, Mr. and Mrs. S. A. Cottle, Mr. and Mrs. J. L. Clinton, Mr. and Mrs. Oxsheer Smith, Mrs. Emily Swift of Portland Maine, Mrs. Vernon McIntyre of Marathon, Misses Beth Jeter, Mary Lake Henderson, Leila Woolley, Jeff Lewis, Rose Rischar, Lorenz, Aetna Smith, Mr. Jack Lewis, Mr. J. C. Joseph and Miss Maurine Messimer, dressed so charmingly in white and assisted Mrs. Fahrendorf in many ways.

Good clean West Texas Seed at Oil Mill, \$1.65 bushel.

STEWARDS' MEETING

Mr. and Mrs. C. N. Green entertained the Stewards of the M. E. Church Tuesday evening.

There were fourteen present with Rev. Talley, Presiding Elder of the Marlin District, and Mesdames Ira Key and Mattie Batte as other guests.

A regular business session was held with much talk and many plans for their new seventy thousand dollar church so soon to be built.

At the conclusion Mrs. Green, assisted by her two daughters, Mary and Frances and Helen, served white cake and cream.

EXPERIENCE PROVES QUININE IN CAPSULES UNRELIABLE

Several years ago a doctor called at my drug store and stated that he was getting no effect from quinine given in capsules to Mrs. ——. I answered "This is reasonable as quinine in capsules as well as pills and tablets is sometimes passed by the patient unchanged. Upon investigation he found this to be the case with this patient and was compelled to give quinine in liquid form to get any results." J. C. Mendenhall, 46 years a druggist, Evansville, Ind. Mendenhall's Chill & Fever Tonic is in solution quickly absorbed by the stomach so pleasant to the taste that children will ask for it. Mde with and without arsenic. Sold by Avera's Drug Store.

LOST—In Wonderland Theater Wednesday night, April 28, one purse containing a \$20 gold piece and a \$10 gold piece. Will pay \$20 reward for return of same to Mrs. Hallie J. Wolford. 1t-pd

AMONG THE CHURCHES

METHODIST CHURCH

The services Sunday will be unusual. It is the national day when all men, women and children should assemble in the churches to do honor to their mothers. We will observe Mothers Day with appropriate services. If you have a living mother, don't fail on that day to do something unusual that will make her know that you love her. If she is far away, be sure to write to her, and don't be afraid of making it too strong. She perhaps might not be here next Mothers Day and you would regret it if you had not done something to make her feel happy. If your mother is dead, be kind to some other fellow's mother. She will doubtless be looking down over the portals of heaven wishing for you to find your place at the church that day, or she will, if she is living, expect to find you there.

The subject Sunday evening will be "The Story of Sampson, with up to date applications."

The Sunday School meets at 9:45. The Intermediate League will meet at the church at 6:45 p. m. A number of our young people met at the church last Sunday at 6:45 p. m. for the purpose of discussing the organization of a Senior League. A program has been arranged for this coming Sunday for that same hour at the church, and a number of young people are being given special invitations to this meeting.

The pastor is continuing a study of the Lord's Prayer each Wednesday evening at 7:45 p. m.

BAPTIST CHURCH

Special Mother's Day program at the Baptist church.

The following program will be carried out at the Baptist church next Sunday morning:

Voluntary—Melody of Old Time Hymns—Orchestra.

Hymn—"Jesus Lover of My Soul."

Invocation—Rev. M. L. Pardo.

Special Music (selected)—Junior Choir.

Significance of Day and Scripture Reading.

Solo and Chorus, "My Mother's Song"—Richard Vest and Choir.

Offertory, "Perfect Day"—Orchestra.

Solo, "Rock of Ages"—Mrs. C. D. Lay.

Mother's Day Address—Hon. O. O. L. Kidd.

Hymn, "Sweet By and By."

Prayer, Mr. W. J. Walker.

Solo and Chorus, "Jesus and His Love"—Miss Gladys Walker and the Choir.

"Mothers of the Bible"—Miss Mary Lake Henderson.

Solo, "Little Mother of Mine"—Mrs. C. D. Lay.

Announcements.

Hymn, "Home Sweet Home."

Benediction, Rev. M. W. Mitchell.

PRESBYTERIAN CHURCH

At the morning service next Sunday we are hoping to ordain and install our new officers elected last Sunday.

We are finishing up in good style the canvass for funds for carrying on the work for the coming year. The church has done nobly in the Presbyterian Progressive Program. The response has been very gratifying both in the pledges for local support and for the missionary and benevolent causes of the church. The pledges for the latter now amount to \$3075. This is the greatest advance in the history of the church and will give us our own foreign missionary. We are asking our Foreign Missions Committee at Nashville to name a man for us till some one of our own

young people offers to go. Worship with us next Sunday. H. R. MacFadyen.

NEW BRICK PLANT

Guy Bailey, of Ardmore, Oklahoma, has completed the installation of a brick yard in Cameron and will manufacture brick by a special process which he has perfected.

The plant is located near the Santa Fe Depot and Mr. Bailey declares has a capacity of 10,000 brick a day. There is plenty of raw material in this section to support the manufacture of brick. With this yard in operation a new and extensive industry is possible and it is believed by Mr. Bailey that he can serve a very urgent need for building material.

BAKER ANNOUNCES FOR REPRESENTATIVE

GAUSE CITIZEN WILL SEEK ELECTION TO LEGISLATURE FROM MILAM COUNTY

O. D. Baker of Gause, widely known Milam County citizen and former publisher of the Gause Guide, a newspaper published at Gause, has announced as a candidate for the office of representative from this county to the 37th legislature.

The announcement that he would be a candidate was made Tuesday while Mr. and Mrs. Baker were attending the county convention. His candidacy is made subject to the action of the Democratic primaries in July.

In addition to his newspaper activity at Gause Mr. Baker is editor of the Woodmen Journal published at Dallas and is state lecturer for that order. He has resided in Gause for the past 12 years. The plant of the Gause Guide was destroyed by fire more than a year ago and the paper was never re-established. Mr. Baker is now active in the publication of the Journal.

Mr. Baker as candidate for floratorial representative from this district carried Milam County by 1400 votes. He stands for liberal appropriations for rural school system of the State and will favor better salaries for the teachers. Mr. Baker believes the burden of taxation should be placed upon those who are able to bear it. In tax legislation Mr. Baker will regard first the interests of the tax payer.

In the proper announcement column this week will be found the name of Mr. Baker.

BUCKHOLTS NEWS

By Audrey Criswell

On Saturday night the home of Mr. and Mrs. Tom Harris was the scene of much merry-making, the occasion being an old fashioned "pound party." More than fifty guests were present and enjoyed this hospitality. Various old-time games and contests were enjoyed by all. Splendid piano music was rendered throughout the evening. Before departing the guests were invited into the dining room where they partook of a most bounteous spread of the various and sundry "pounds" brought by each one present. Mrs. Harris was assisted in entertaining by Mrs. E. J. Kahler.

Mrs. E. J. Holder and daughter, Miss Stella, returned last week from a visit to Mrs. Pink Attaway of near Rosebud.

At the Presidential Preferential Convention held here Saturday we understand that the Bailey crowd had a heavy steam roller run over them.

Friday night at the School auditorium was given the last number of the lyceum course Miss Hazel Dopheide, who is a reader and interpreter of plays, won the highest approval of the entire assemblage. Miss Dopheide read the play the "Money Makers" in a most charming and pleasing manner. She also gave several miscellaneous readings from standard authors, such as Stevenson, and some from popular authors as well. For about an hour and one half she entertained her audience in the most pleasing manner.

Constable D. S. Rogers made a business trip to San Antonio last Tuesday.

Last Thursday morning about ten o'clock the barn of Dr. J. Z. Young residence burned. The cause of the fire is not known. Quick work by the fire fighters prevented the flames from spreading to the neighboring buildings. Most of the cisterns in that part of town were drained in

BAILY CONVENTION VOTE IS UNDER 100

LATE PRECINCT RETURNS EM-
PHASIZE ADMINISTRATION
HAS GREAT VICTORY

Dallas, Texas, May 3.—Additional returns received yesterday from scattering precincts over the State were of the same general character as those received Saturday night—overwhelmingly pro-Wilson and against Joseph Weldon Bailey in his campaign for a Texas delegation to the San Francisco national Democratic convention that should be unfriendly to Wilson.

Only two additional pro-Bailey boxes were reported last night and those were in counties which evidently are pro-Wilson, so they will not have much effect in the county conventions tomorrow. Clifton, Bosque County, instructed its delegation to the county convention in favor of Bailey, but as four other towns in the county are pro-Wilson the Clifton delegation probably will be voted down. Strawn, Palo Pinto County, elected an uninstructed delegation, whose members were favorable to Bailey, but in that county, Mineral Weir, Thurber and Gordon are for Wilson.

Amarillo, the county seat of Potter County, which has most of its population within that town, elected pro-administration delegations to the county convention by heavy majorities. Amarillo is one of the few large towns in the State which had not already been heard from.

Additional Returns.
Among the pro-administration reports received last night were eight precincts in eight separate counties from which nothing previously had been heard. These were as follows: Spur, Dickens County; Post, Garza County; Otter, Lamb County; Olney, Young County; Tahoka, Lynn County; Lamesa, Dawson County; Canyon City, Randall County; and Amarillo, already mentioned. Among other pro-administration precincts in counties which have already been reported pro-Wilson delegations were Groesbeck, Limestone County; Frankston, Anderson County; Lorraine, Mitchell County; Moran, Shackelford County; and Hale Center, Hale County. Hale Center Bailey men boited the convention.

That pro-Bailey delegates will be "strangers in a strange land" at the State Democratic convention at Dallas on May 25 is indicated by an analysis of the reports so far received. Considerably more than one-half of the 260 counties in Texas have been heard from and of that number there are less than a dozen counties which even indicate probable pro-Bailey delegations to the State convention. So far the only counties which Bailey seems likely to have carried—that is, to have had a reasonable chance of carrying—are Aransas, with one vote in the State convention; Austin, with five votes; possibly Callahan, with five votes; Fayette County with nine votes; Haskell county, six votes; Karnes County, four votes; Lavaca County, ten votes; Liberty County, three votes; Menard County, one vote, and Victoria County, four votes. Even if all of these county conventions should be pro-Bailey they could send to the State convention at Dallas a total of only forty-nine voting delegates.

Even should later returns indicate that Bailey had carried three times as many county convention votes as those just named he would still have less than 150 votes in the State convention. And even 150 pro-Bailey votes would seem rather "lost" in a State convention which will have 1,400 votes. In fact, upon the basis of the returns so far received it seems rather unlikely that there will be 100 Bailey votes in the convention and certainly not as many as 200.

Very few of the precinct conventions in Texas have instructed for any presidential, so far as the returns received indicate. Unless the county conventions tomorrow shall indicate their preferences it is likely that the question of whom Texas Democracy will favor for president will be left up to the State Democratic convention at Dallas.

Bailey Is Silent.
"What will Bailey do now about his gubernatorial race?" was the question asked by many yesterday in view of his overwhelming defeat by Texas Democracy in the precinct conventions Saturday in his campaign to procure an anti-Wilson delegation from Texas to the San Francisco national Democratic convention.

This question was asked last night of Luther Nickels, campaign manager for Joseph Weldon Bailey and he said simply that he had nothing to say—now. Mr. Bailey spent Sunday in Fort Worth S. Burk Burnett.

Last week Mr. Bailey declared that he was in the Governor's race to stay, regardless of the outcome of the precinct, county and State Democratic conventions as to endorsement of the national administration.

Mr. Bailey left Fort Worth last night for the East, announcing his intention of returning to Texas in two weeks. He had nothing to say as to the result of the precinct conventions Saturday, he told The News representative at Fort Worth.

J. E. Cobb, of Ponca City, Oklahoma, is in the city this week in the interest of lease holdings in this county. Mr. Cobb is a brother of W. M. Cobb here and is visiting in the home. He has become interested largely in oil in Oklahoma as well as in Texas. He visited Cameron the early part of April.

James Coleman, son of J. W. Coleman who is attending the Baylor University at Waco, was in the city from Friday until Sunday of last week visiting his parents.

BEN ARNOLD NEWS

The B. A. H. S. is practicing on the play for the end of the school. Mr. Eddie Dodson has accepted a position in Rosebud.

Miss Pearl Graham, Lillian Smith, Carrie Nolte, Iola McElvath, Meta and Ruby Lee Robinson went to McCown Bridge Sunday afternoon k-daking.

Mrs. Smith and Mrs. George Reaves visited Muldoon last week. Miss Jane Nicholson who is teaching here spent the week end with her sister in Milano.

Friday night a large crowd went to McCown bridge on a moon light picnic. After the supper they all visited the Wonderland Theater.

Mr. Dewey Collins is visiting his mother.

Mr. and Mrs. Ernest Collins of Cameron visited Mrs. Tibbs Saturday and Sunday.

There was quite a number of young people who went on a marshmallow toast Wednesday night. All reported a jolly time.

Quite a number of Cameron people motored down to the box supper Saturday night.

Mrs. Hearne was in Cameron shopping Friday afternoon.

Otto Schmidt, proprietor of the Star Barber Shop is on the sick list. He was unable to be at the shop last week.

Albert Schiller and James Baskin motored to Taylor Sunday.

Carroll Gregory and Edwin York were visitors in Thorndale Sunday.

ROAD BOND ELECTION NOTICE

THE STATE OF TEXAS,

County of Milam.

On this 15th day of April, 1920, the Commissioners' Court of Milam County, Texas, convened in regular session, at the regular meeting place thereof in the courthouse at Cameron, Texas, all members of the court to-wit: W. G. Gillis, County Judge; Henry Reaves, Commissioner of Precinct No. 1; N. H. Butts, Commissioner of Precinct No. 2; O. K. Phillips, Commissioner of Precinct No. 3; W. A. Allcorn, Commissioner of Precinct No. 4, being present, came on to be considered the petition of H. Black and fifty-six other persons, praying that bonds be issued by Road District No. 15 of Milam County, Texas, in the sum of \$10,000, bearing 5 1/2 per cent rate of interest maturing at such times as may be fixed by the Commissioners' Court, serially or otherwise, not to exceed thirty years from date thereof, for the purpose of constructing, maintaining and operating macadamized, graveled or paved roads and turnpikes, or in aid thereof, and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption thereof at maturity; and

It appearing to the court that said petition is signed by more than fifty of the resident property taxpaying voters of said Road District No. 15 of Milam County, Texas; and

It further appearing that the amount of bonds to be issued will not exceed one-fourth of the assessed valuation of the real property of said Road District No. 15 of Milam County, Texas; and

It further appearing that said Road District No. 15 of Milam County, Texas, has been duly established by an order of the Commissioners' Court of Milam County, dated the 14th day of February A. D. 1919, of record in Book 6, Page 484, of the minutes of said court, and the boundaries thereof are herein described as described and defined in the order of the Commissioners' Court establishing such district, as follows, to-wit:

Beginning at the S. W. cor. of the Monroe Edwards League for the S. E. cor. of this said cor. being on the west bank of the Brazos River from which a Cottonwood 24 in. in dia. marked K hrs. N. 26 E. 14 vrs. and a Box Elder marked X hrs. S. 76 W. 9 1/2 vrs. Thence with south line of the said Edwards League S. 60 W. 88 90 vrs. to a point where said line crosses the center of the Harls Creek for cor. of this from which a P. O. marked X hrs. S. 81 E. 11 vrs. and a P. O. marked X hrs. N. 51 W. 7 3/4 vrs. Thence up said Harls Creek with its meanderings to a point where the said creek crosses the south line of Susie Butts 100 acre tract of land in the J. P. Jones survey for a cor. of this, said cor. being N. 24 W. 2960 vrs. from the last above mentioned cor. from which a P. O. marked X hrs. N. 45 W. 10 vrs. Thence S. 60 W. 2052 vrs. to cor. in west line of Jones League from which a Mesq. hrs. N. 14 E. 25 vrs. Thence with the dividing line between the said J. P. Jones and Lewis Lamos surveys S. 80 E. 140 vrs. to rock for cor. Thence S. 19 E. 1205 vrs. to rock for cor. from which a P. O. hrs. S. 1 1/2 W. 4 vrs. Thence N. 71 W. 1600 vrs. to cor. in the dividing line between the Lewis Lamos and J. K. Tyler survey, from which a Mesq. hrs. S. 44 W. 9 vrs. Thence with the dividing line between said survey S. 19 W. 240 vrs. to stk. for cor. Thence N. 71 W. 1050 vrs. to cor. from which a P. O. hrs. N. 25 E. 6 vrs. Thence N. 71 W. 255 vrs. S. 19 W. 80 vrs. Thence N. 71 W. 1270 vrs. to cor. in dividing line between the J. K. Tyler and W. H. Walker surveys. Thence with said dividing line S. 19 W. 100 vrs. rock for cor. from which a P. O. hrs. S. 76 W. 11 vrs. Thence N. 71 W. 820 vrs. to stk. from which a Mesq. hrs. N. 66 E. 5 vrs. and a P. O. hrs. S. 26 W. 12 vrs. Thence N. 19 E. 100 vrs. to rock for cor. Thence N. 71 W. 1740 vrs. to the S. W. cor. of this at the junction of the Cameron and Clarkson Public Road with the Cameron and Jones Prairie Public Road, said cor. being the S. W. cor. of the C. A. Becker 58 acre tract and

in the W. line of the W. H. Walker league. Thence with said W. line N. 19 E. 750 vrs. to the S. W. cor. of the P. L. Bergum 103 acre tract. Thence S. 71 E. 340 vrs. to stk. for cor. Thence N. 19 E. 903 vrs. to cor. in north line of said Bergum tract. Thence S. 71 E. 298 vrs. to the S. E. cor. of the M. Schwartzing 50 acre tract. Thence N. 19 E. 1335 vrs. to the N. E. cor. of the Julius Lorenz 123 acre tract. Thence N. 71 W. 226 vrs. to the S. E. cor. of the William Kohring tract. Thence N. 19 E. 1026 vrs. to the N. E. cor. of said Kohring tract, said cor. being in dividing line between the W. H. Walker and A. Frazier surveys. Thence with said dividing line S. 71 E. 1335 vrs. to stk. for cor. Thence N. 60 E. 570 vrs. to stk. for cor. Thence N. 30 W. 1308 vrs. to cor. in north line of said Frazier survey. Thence N. 60 E. 1238 vrs. to the N. E. cor. of said Frazier survey, said cor. being in the west line of the J. J. Whitesides survey. Thence N. 30 W. with said west line 1351 vrs. to stk. for cor. from which an Elm hrs. N. 44 E. 16 vrs. Thence N. 60 E. 1678 vrs. to rock for cor. Thence N. 30 W. 1081 vrs. to stk. for cor. from which a double Elm hrs. N. 26 W. 16 vrs. Thence N. 60 E. 628 vrs. to stk. for cor. Thence S. 30 E. 703 vrs. to rock for cor. Thence N. 60 E. 1401 vrs. to rock for cor. from which a Mesq. hrs. N. 11 E. 6 vrs. Thence N. 30 W. 703 vrs. to stk. for cor. from which a wild wild china hrs. S. 66 E. 5 vrs. Thence N. 60 E. 438 vrs. to cor. from which a Mesq hrs. S. 45 E. 4 vrs. Thence N. 30 W. 1602 vrs. to cor. in north line of said Whitesides survey, from which an Elm hrs. N. 54 W. 21 vrs. and a blackberry hrs. N. 72 E. 11 vrs. Thence N. 60 E. 431 vrs. to cor. in Pond Creek. Thence down said creek with its meanderings to the N. E. cor. of the John Stewart tract of land, said cor. being N. 88 E. 6220 vrs. from the last above mentioned cor. Thence S. 30 E. 1200 vrs. to the dividing line between the Bryan Wickson and J. Walters League from which a P. O. hrs. S. 26 E. 11 vrs. Thence with said dividing line N. 60 E. 1760 vrs. to a point where said line crosses the Port Sullivan and Waco Public Road. Thence with said public road S. 19 W. 250 vrs. S. 4 E. 600 vrs. S. 20 E. 500 vrs. to a point where said line crosses the dividing line of the J. Walters League for a cor. of this from which a P. O. hrs. S. 46 E. 11 vrs. and a P. O. hrs. S. 51 W. 5 vrs. Thence N. 60 E. 8584 vrs. to cor. on the North Bank of the Brazos River for the N. E. cor. of this from which a cottonwood hrs. S. 88 W. 4 vrs. and a wild china hrs. S. 73 E. 2 vrs. Thence down said river with its meanderings to the place of beginning and containing:

Niles F. Smith survey, 4428 acres.
David Galleger, 4428 acres.
Mathew Dunn survey, 1107 acres.
H. P. Kind survey, 320 acres.
Out of the J. Walters survey, 3600 acres.
Out of the Lewis Lomas survey, 528 acres.
Out of the J. P. Jones survey, 4120 acres.
Out of the A. Frazier survey, 837 acres.
Out of the J. J. Whiteside survey, 2564 acres.
Out of the Byron Wickson survey, 1200 acres.
Out of the Monroe Edwards survey, 3750 acres.
Out of the W. H. Walker survey, 1425 acres.
Total, 28,317.

It further appearing that said district does not embrace any part of a political subdivision or defined road district that has been heretofore established and has issued bonds which are now outstanding and unpaid.

It is therefore considered and ordered by the court that an election be held in said Road District No. 15 of Milam County, Texas, on the 22nd day of May 1920, which is not less than thirty days from the date of this order, to determine whether or not the bonds of said Road District No. 15 of Milam County, Texas, shall be issued in the amount of \$10,000, bearing 5 1/2 per cent rate of interest, and maturing at such times as may be fixed by the Commissioners' Court serially or otherwise, not to exceed thirty years from the date thereof; and whether or not a tax shall be levied upon the property of said Road District No. 15 of Milam County, Texas, subject to taxation, for the purpose of paying the interest on

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

said bonds and to provide a sinking fund for the redemption thereof at maturity.

The said election shall be held under the provisions of Articles 627 to 641 inclusive, of Chapter 2, Title 18, Revised Statutes, 1911, as amended by Section 1, Chapter 203, Acts of 1917, Regular Session.

All persons who are legally qualified voters of this State and of this county, and who are resident property taxpayers in said Road District No. 15 of Milam County, Texas, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballot the words:

"For the issuance of bonds and the levying of the tax in payment thereof."

And those opposed shall have written or printed on their ballot the words:

"Against the issuance of bonds and the levying of the tax in payment thereof."

The polling place and presiding officer of said election shall be respectively as follows:

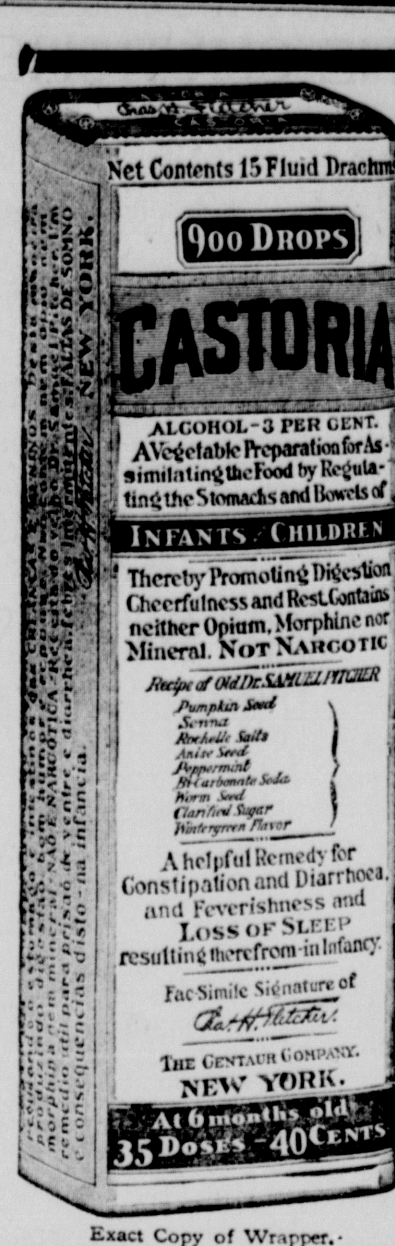

At Jones Prairie, with B. F. Stidham as Presiding Officer

The manner of holding said election shall be governed by the general laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the statutes hereinabove referred to.

Notice of said election shall be given by publication of a copy of this order in a newspaper published in the county, there being no newspaper published in said district for four successive weeks before the date of said election and in addition thereto, here shall be posted other copies of this order at three public places in said Road District No. 15 of Milam county, Texas, for three weeks prior to said election.

The county judge is hereby directed to cause said notice to be published and posted, as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by this court.

A true copy I certify.
W. G. GILLIS,
County Judge, Milam County, Texas.

TICK INFECTION ALMOST STAMPED OUT IN COUNTY

DR. GEO. M. PAXTON MAKES REPORT ON SPLENDID WORK DONE IN DIPPING STOCK

Never before in the history of tick eradication in any state were so many cattle dipped during the month of March as were dipped in Texas in March 1920. Such a beginning should augment a most successful season's campaign. Now let's get into the game right. As proof of the good work done observe carefully the following:

During the month of March there were 698 herds of cattle dipped and 3,142 head of cattle upon which ticks were found; there was a total of 4,034 herds of cattle dipped with a grand total of 31,843 head of cattle dipped. During the month of April there were ticks found upon 493 herds and upon 2,345 head of cattle; with a total number of herds dipped of 7,160 and a total 59,253 head of cattle. From these figures we find about 10 per cent of the cattle tick infested during March and about 4 per cent of them infested in April. The above figures clearly demonstrate what co-operation will do. It is possible, and we have yet plenty of time in which to get the last cattle fever tick in the county. More clean cattle or cattle free from fever ticks, were dipped than during any one month of tick eradication in this county. It is not which the temporary disappearance of ticks which will bring about tick eradication, but it is the complete disappearance of the fever tick following the dippings and inspections at which no ticks are found that will clearly show that we have reached the eradication of this pest.

Cattle dipping in Milam county will be suspended whenever it is found safe to do so. There are many localities in this county which is relatively free of the cattle fever tick and there are also many individual premises which are apparently tick free. It is not the intention of those in charge of tick eradication in this county to hold all cattle owners under dipping regulations for the entire season but it is necessary to hold all cattle owners under dipping regulations until it is found by dipping and careful inspection at the dipping vat that their cattle are free from infestation with or exposure to the cattle fever tick.

KILL THE BLUE BUGS

and all Blood sucking insects by feeding Martin's Wonderful Blue Bug Killer to your chickens. Your money back if not satisfied. Guaranteed by E. O. Schiller.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

BASEBALL CLUB PAYS \$85.83 FOR UNIFORM EQUIPMENT

The Cameron Baseball Team have paid \$85.83, for uniform equipment to be used this season for the Cameron High School team and after that season is closed the suits will revert to the team. Through an error it was published that \$53.83 had been paid for the suits. This amount should have been as set out above.

The money was subscribed by baseball fans of the city to the amount of \$100. The balance will be used to buy other equipment as needed for the club.

Following is the list of those who contributed to the purchase of the uniforms.

An attack of heartburn or indigestions calls for a dose of Herbine. It relieves the distress instantly and forces the fermented food into the bowels. You feel better at once. Price, 60c. Sold by Pace-Marshall Drug Co.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

CHURCH WILL BUILD COMMUNITY CENTERS IN ASIA AND AFRICA

The community center movement has spread from America to the land of the pyramids. Fifteen community centers will be erected in as many towns in Egypt by the Women's General Missionary Society of the United Presbyterian Church, says Mrs. J. D. Sands of Pittsburgh, Pa., president of the society. Although all building materials are unusually high now in Egypt the organization plans to erect the community centers at a cost of not more than \$20,000 each.

The community center has been found a most necessary part of the modern mission and efficient mission. The fifteen buildings planned will be erected during the next five years, says Mrs. Sands. This work will be a part of the New World Movement program for enlarging the scope of the mission work abroad.

There is one community house at present, situated at Benha, Egypt, and all the new missionaries who sailed for Egypt last fall and early this spring will remain at Benha for one year while they are studying the language.

The missionary society, Mrs. Sands says, expects to recruit a large number of native women who will be trained in mission work and these will live at the various community houses while they are receiving their training. It is expected that the largest training school will be located at Cairo and smaller centers will be placed in other cities and towns.

In addition to the \$300,000 to be spent for building these centers the women of the organization plan to build five boarding schools for girls in Egypt, at a total cost of \$225,000 and one sanitarium to cost \$95,500. Altogether the budget for extended work in Egypt during the next five years calls for an expenditure of \$625,000.

This sum will be apportioned from the \$16,715,000 fund that the United Presbyterian Church will raise during its financial campaign which will run simultaneously with the Interchurch World Movement campaign from April 1 to May 2.

666 quickly relieves Constipation, Bilioussness, Loss of Appetite and Headaches, due to Torpid Liver.

A Tonic Laxative

that will remove the bile from the Liver and cleanse the System THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

Is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

FOOLING WITH HEALTH SERIOUS

I have frequently asked druggists, "What do you push in a blood medicine?" The answer usually came, "The kind I can make the most money on." My answer has always been: "Not me." I have succeeded pretty well and I have always recommended the one that I had found by experience to be the best and the one that I would be willing to take myself or give to members of my own family. I have never offered the public a medicine that we do not use at home. This is why I can offer "Number 40 For The Blood" with a clear conscience. We have not only tried it on thousands of others, but on ourselves. We take it in all cases where a blood medicine is needed, no matter in what form it shows itself and we get splendid results in constipation, kidney, stomach and liver troubles. J. C. Mendenhall, Evansville, Ind., 40 years a druggist. Mr. Richard Dickson, furniture dealer, 157 Forest St., Spartanburg, S. C., was troubled a great deal for several years with a breaking out that resembled Erysipelas. Before we got the agency for Number 40 For The Blood, we sold him many kinds of blood remedies and compounds recommended for skin troubles. He got no permanent relief, however, until we got him started on Number 40. He took several bottles and was soon entirely relieved of the very disagreeable skin trouble, but he has not quit Number 40. He says he has found it the best liver medicine on the market, and will keep it on hand all the time and recommends it to his friends for a substitute for calomel. Todd Drug Co.

Every

MAXWELL is built of special steels

There are few "stock" steels in a Maxwell. Nearly all the steels are special, made to Maxwell's own formulae, and developed in the Maxwell laboratories.

All the experience gained from the building of nearly 400,000 Maxwells, and the study of their use in nearly every country of the world, has been put into these special steels.

They made it possible to build the Maxwell lighter

in weight and to increase its strength.

Superfluous pounds thus eliminated from the chassis have resulted in increased ability in performance.

At the same time more endurance has been developed.

Thus it becomes obvious why Maxwell has climbed very rapidly into favor the world over.

Nearly 400,000 are now in use; and 100,000 more are being built this year.

RESOLUTIONS OF RESPECT

To the officers and members of Cameron Lodge No. 56, I. O. O. F.:
We, your committee appointed to draft resolutions of respect upon the death of Mrs. Frances Chambers, the mother of our esteemed Brother, W. W. Chambers, beg to submit the following report:
While the death of this good woman was expected, she having been in ill health for a long time, nevertheless it caused sadness and gloom in the hearts of friends and loved ones.
We do extend to our worthy Brother Chambers our sympathy and condolence in this sad affliction and commend him to the loving care of One who alone can heal and comfort the wounded and broken hearts of bereaved ones. Brother Chambers is blessed with the assurance that his good Mother has a rich inheritance and will throughout the countless ages wear a crown bedecked with the purest jewels such as angels wear. We ask that a copy of these resolutions be furnished our Brother, a copy be furnished the paper for publication and a copy be spread upon the minutes of this Lodge.
Respectfully submitted,
Chas. C. Smith
C. R. Law,
Jim F. Chadwick,
Committee.

HAVE DARK HAIR
AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Tea

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull faded or streaked appearance, this mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.
A well-known downtown druggist says everybody uses Wyeth's Sage Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking the strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

OBREGON JUNTA IN EL PASO
CROSSES RIVER AFTER FALL
IS ANNOUNCED.

El Paso, Texas, May 3.—Juarez tonight is in the hands of the Sonora revolutionists. The revolution was peaceable, and its announcement by General J. Gonzalo Escobar was accompanied by a popular celebration. The Obregon junta from El Paso crossed to Juarez tonight.
Abel S. Rodriguez will be selected Provisional Governor of Chihuahua if arrangements for the appointment of civil officers now being made in Juarez by the rebel regime are carried out. This was made known tonight with the announcement that General P. Elias Calles and Governor Adolfo de la Huerta of Sonora will arrive here Tuesday from Agua Prieta to take charge of the situation in Chihuahua following the bloodless revolution of the Juarez garrison at 2 o'clock today.

Juarez joined the rebellion at 2 p. m. Revolutionary troops entering the city were acclaimed wildly, bands playing and the populace crying "Viva Obregon!" Cavalry troops from the south were moved into Juarez at 3 o'clock this afternoon. Reports from the Mexican town said there were about 200 of them.

Quiet at Chihuahua City

A telegram from Consul J. B. Stewart in Chihuahua City to American Consul Dow in Juarez, sent by the way of Douglas, Ariz., tonight said that the district surrounding the State capital is quiet and all Americans are safe. The telegram added that Parral and Cusihuiriachic, two important mining towns, are in the hands of the rebels. Americans there are safe, and the mines and smelters were not required to cease operations when the change of government took place. Mr. Stewart said.

Military men in the mining districts controlled by the rebels announced that foreigners will be permitted to continue to reside there and will be given complete protection. All foreign residents are being treated with utmost consideration, Mr. Stewart declared.

Following the fighting for possession of the State capital, the rebel commanders forbade looting, released all political prisoners and announced that Mexicans and foreigners alike would not be molested if they maintained absolute neutrality, Mr. Stewart added.

BIG ELK REFINERY DIVIDENDS

WILL MAKE YOU RICH

Opportunity Never Passes without bringing Regrets. Will you answer the roil call of our shareholders when dividend time comes? Think for a minute what it means to you. A few hundred or a few dollars put in at the start of this great industry will pour into your treasury a steady stream of profits for a lifetime. Millionaires are going to be made in Milam County Oil. Independent fortunes will be made from Refinery Dividends.

**Pioneering Means
Everything in the Oil
Industry
Come with us NOW**

**Capital \$500,000.00
Shares \$25.00
BIG
DIVIDENDS**

Stockholders in Refineries GET BIG DIVIDENDS WITHOUT THE USUAL RISK taken by stockholders in speculative projects. It is a sure thing. Commercial reports and statistics show that Refineries not only pay enormous dividends, but, what is more important, they are PERMANENT DIVIDEND PAYERS.

NOTE THIS: The United States Committee on Public Lands brought out the fact, as reported in the Congressional Record that on 75,000,000 barrels of oil produced in Oklahoma

NET PROFITS of \$107,800.00 were made. Of this the land owner made \$5,450,000, the broker made \$2,400,000 company made \$10,790,000 and the refinery company that bought and refined the oil made \$86,250,000.

Please note that the big profit went to the company buying and refining the oil.

The Southern Refinery at Yale Oklahoma, paid for itself in sixty days.

The Dixie Company at San Antonio, Texas, a new company, paid the first

eight months, 165 per cent on its capital.

The Ponca City Refinery, Ponca, City, Oklahoma, in four years, paid 400 per cent in dividends and sold out netting its stockholders \$2,350 for each \$100 invested.

And there are many other such examples we could cite to show the magnitude of the possibilities for rich dividends to the small as well as large investors.

Such opportunities come but few times in a lifetime. The ground

floor means everything. If you wait you can't get in. Once a company is operating there no stock for sale and consequently no opportunity to invest.

The Big Elk Refining Company understands the refining business and knows what it will pay.

Oil is flowing from wells in Tracy, Gushers will soon be brought in if geological and structural facts may be relied upon. This crude oil must be refined. Cameron is the logical point.

Already pipe lines are being surveyed out. This will be the terminal for the wealth that is soon to pour in from that field. Millionaires are going to be made in Milam county oil. Independent fortunes are going to be made from refinery dividends.

This is the clarion call of opportunity to you.

There is a vast difference between a speculative project and an investment. This is an investment, not a speculation. Get in with opportunity's first rap.

What This Refinery Means

The following tabulation of figures are based on a 2000 barrel daily capacity. Forty-two gallons per barrel, car load lots f. o. b. refinery.

30 per cent gasoline, or 25,200 gallons at 18 cents per gallon equals \$4,536 daily.

15 per cent Pale Oil, or 12,600 gallons at 10½ cents per gallon, equals \$1890 daily.

20 per cent kerosene, or 16,800 gallons at 7½ cents per gallon equals \$1260 daily.

10 per cent gas-oils or 8400 gallons at 5 cents per gallon, equals \$420 daily.

20 per cent grease stock, 16,800 gallons at 16 cents per gallon, equals \$1728 daily.

Gross daily income \$9,834.

Less cost of crude oil and operating expenses:

2000 barrels crude oil at \$2.40 per barrel.....	\$4,800.00
Fuel, Labor and Water per day.....	250.00
Insurance and Depreciation.....	50.00
Overhead and Miscellaneous.....	50.00

Total Daily Expenses\$5,150.00

ACTUAL TOTAL NET DAILY PROFIT \$4,684.00

Counting 360 working days in a year would give our shareholders an annual profit of \$1,686,240.00.

Fifty per cent of the earnings of this company shall be paid to the shareholders of said company at least once a year. Dividends shall be paid quarterly.

RESERVE SUPPLIES OF OIL DWINDLING

CONSUMPTION OUTSTRIPPING
INCREASED PRODUCTION,
STATISTICS SHOW

Washington, May 2.—The consumption of crude oil during March exceeded that of one year ago by 12,000,000 barrels, as disclosed by a statement from Secretary Payne of the Interior Department in a review of the oil statistics for that month. The total output of United States wells in March, compared with March 1919, was in excess of 6,000,000 barrels, a gain of 20 per cent. Notwithstanding the increase 6,500,000 barrels had to be imported from Mexico, which was an increase of 3,000,000 barrels, compared with one year ago. Even with this large amount available, after allowing for increased exports to Canada, there were drafts upon the stocks of crude held by pipeline companies to the extent of 1,000,000 barrels, whereas a year ago the companies were adding to their reserve stocks.

"The March record of 44,000,000 barrels production," says the Secretary, "means that the United States is now using more oil each month than the entire world used in the whole year 1885. These facts must be faced by every citizen who uses any petroleum product whether fuel oil, gasoline or lubricating oil, and these figures likewise raise the question of public policy, for in the matter of oil the United States is certainly living beyond its means."

In a statement touching the world's oil supply, the United States Geological Survey shows that the foreign countries are using only half as much petroleum as the United States, but have seven times as much oil in the ground. The foreign countries are using 200,000,000 barrels annually, with resources large enough to last 250 years at that rate. The United States is consuming 400,000,000 barrels annually with but eighteen years' supply in prospect, which is being consumed fourteen times as fast as the rest of the world. The statement adds:

Gasoline Production Greater

"Not counting oil to be obtained from shales and other retortable materials by distillation, the world's supply of recoverable petroleum amounts to as much as 60,000,000,000 barrels. Of this amount 43,000,000,000 barrels may be regarded as oil more or less definitely 'in sight,' as shown by actual drilling with successful results. The remainder covers the available oil which it is believed will be found in other regions in which oil seeps, asphalt deposits or favorable geological conditions point to oil, although no producing wells have yet been drilled. Of this great amount, which is thirteen times the oil already taken from the ground in America and about eight times all the petroleum yet produced in the world 7,000,000,000 barrels only, in round numbers, are believed to be left in the United States and Alaska, the remaining 53,000,000,000 barrels being in foreign countries."

The production of gasoline, the Bureau of Mines shows in a statement, during February, 1920, was about 11 per cent more than the corresponding month last year, the number of automobiles and trucks in use was 25 per cent greater. While it is anticipated, the bureau says that "gas production during the year will be materially increased through improved processes, it is questionable whether the increase will be sufficient to meet the demand."

"It is likely that before the summer season is over the situation will become tight, if indeed, it does not become short," says F. G. Cotterell, director of the bureau.

OAKDALE NEWS

By Mrs. S. Hause

Oakdale, May 3rd.—Our Milano, Prospect and Oakdale men went to Temple Friday to see all those fine hogs. I can't say what kind of a time they had, as Mr. Hause was sick and not able to go, but the Milano Gazette will tell it all next week.

Mr. and Mrs. Will Vaughn and their children of Belmena, motored over to the Salem neighborhood to get Mrs. Vaughn's mother, Mrs. Hill, and son, Henry, and then they all came to Oakdale to see Mrs. John Wilkerson. They spent the day and returned home.

Mrs. Oscar Crawford had her sisters from Milano and Gause and Oscar Crawford had his sisters and father with him Sunday. So they all had a glorious time, as they live close together.

Mr. Homan Thompson is able to go to Cameron this morning. He told us that he went to Milano to the doctor and he found that Homan sure enough had a broken rib.

Mrs. Lottie Shelton has moved back home after teaching several months at Hoyte.

Mrs. Victor Wimberley and son, Hugh, were in Cameron Wednesday trading and visiting relatives.

Mr. Frank Fasel has bought hog wire and put it all around his fence next to his house, and has such good wire that none but a very small chicken can go through it.

Mr. Ashley of Liberty, Sid Hause and son, Eugene of Oakdale, were at Mr. John Ford's at Prospect Sunday evening. One of them after eggs Mr. Ashley to get some fine pigs.

Mr. and Mrs. Clyde Hensley were out to see her parent, Mr. and Mrs. Charley Angel, Sunday.

Mr. H. M. Mobley of McDade, visited the W. C. Mobley family last week.

Miss Ada Belt, after staying home a while, has gone back to Wm. where her mother has been for some

time. Miss Lizzie Willis Dennis of Cedar Creek has returned home after spending a school term at Jonah.

Mr. and Mrs. Raymond Beard of Summit spent Sunday with friends at Cedar Creek.

Mrs. J. B. Newton of Milano spent a while with relatives at Threlk this past week.

Mr. A. R. O'Neal and A. W. Belt were in Cameron Saturday.

Mr. and Mrs. Sid Hause went out last Thursday to swap some eggs, which they did, and later they set their machines and have 356 hen eggs setting and 20 turkey eggs setting. We are not wanting many chickens to eat this summer and fall.

Masters Richard Herbst, Dewey and Seth Greene of Pin Oak Community went hawk hunting Saturday and brought back two squirrels, one rabbit and four young crows. I believe they were hunting anything they could catch.

The singing at the Twin Mountain Home Sunday was well attended, and they had some good singing as they always do.

Mr. Joe Lankford and Miss Annie Gandy of Hanover were married last Sunday evening with just a few special friends present.

Mr. and Mrs. Albert Martin of Pike's Peak spent a few days at Hearne last week.

Mr. and Mrs. W. R. Sneed of Milano spent several days in Cameron last week.

Mrs. Laura Maneely, of Pensacola, Florida, is with her parents near Milano.

Mr. and Mrs. McGill of Houston, have moved to Cameron. They spent several days in our community with his aunt, Mrs. Garner. They said they were tired of living in a city, so you Cameron people will have some new comers.

Mr. and Mrs. L. A. Chatman and children went Saturday to see her parents at Cedar Creek, spent the night.

Mr. Bob Baker and family of Marlow came Sunday to see his brother, Jim, Baker.

There is some very nice berries now. Some say they're a good many and others say there is not.

Mr. H. B. Beal of Prospect was attending to business in Milano Saturday.

FORMER SENATOR BAILEY LEAVES FOR THE EAST

Fort Worth, Texas, May 2.—Former United States Senator J. W. Bailey, candidate for Governor, whose platform was overwhelmingly defeated at yesterday's primary convention throughout the State, spent Sunday in this city, the guest of his friend, Captain S. B. Burnett.

When reached by phone this afternoon by The News correspondent Mr. Bailey said that he had nothing to give out for publication and no statement to make regarding the result of the election.

He announced that he would leave tonight for the East to look after some pressing legal business, but would return to the State in about two weeks to resume his campaign for Governor.

At Baltimore he has a law suit pending which is due to be tried May 10, and at Washington he has a court case set for trial May 15.

Edgar Wilson, carrier rural route 4, and T. N. Lindsey, formerly with the Lindsey Grocery Co., attend the hog show at Temple Friday and Saturday.

S-O-M-E Goodies!

"—the kind that melt in your mouth—light, fluffy, tender cakes, biscuits and doughnuts that just keep you hanging 'round the pantry—all made with

CALUMET BAKING POWDER

the safest, purest, most economical kind. Try it—drive away bake-day failures."

You save when you buy it. You save when you use it. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

HIGHEST QUALITY AWARDS

SHERIFF'S SALE

THE STATE OF TEXAS,

County of Milam.

By virtue of a certain alias execution issued out of the Honorable District Court of Falls County, on the 14th day of March 1919, by J. H. Powell, Clerk of said Court against L. F. Wingo and J. F. Wingo for the sum of One Thousand Nine Hundred Forty-four and 77-100 (\$1944.77) dollars and costs of suit in cause No. 425 in said Court, Styled B. F. Roundtree versus L. F. Wingo et al and placed in my hands for service, I L. L. Blaylock, as Sheriff of Milam County, Texas, did, on the 9th day of April, 1920, levy on certain Real Estate, situated in Milam County, described as follows, to-wit:

FIRST TRACT: 77½ acres of land being a part of the William Purnard Grant in Milam County. Being that certain tract of 87½ acres described in deed dated Nov. 5, 1887, Records in Vol. 21, page 173 of the Deed Records of Milam County, less 10 acres of said 87½ acres sold to R. Oran, by deed dated Feb. 15, 1906, recorded in Book 66, Page 289 of said Deed Records.

SECOND TRACT: 139 4-5 acres a part of the W. Purnard grant in Milam County, being all that tract of 200 acres described in deed dated Sept. 20, 1881, recorded in Book 18, Page 186 of said Deed Records, except 60 1-5 acres sold to W. A. Wingo by deed dated Dec. 14, 1894, recorded

in Book 49, page 8 of said Deed Records.

THIRD TRACT: A tract of 100½ acres of land, a part of the Newson Guatney survey in Milam County, being all that 103 acre tract of land described in a deed recorded in Book 56, Page 118, Deed Records, less 2½ acres South of Cameron and Wilder-

FOURTH TRACT: 93½ acres, being a part of the Newson Guatney survey, and being the 93½ acre tract described in deed recorded in Book 25, page 615 above mentioned, deed and records thereof are here referred to further description of said tracts of land, and levied upon as the property of said L. F. Wingo and J. F. Wingo. And on Tuesday, the 1st day of June, 1920, at the Court House door of Milam County, in the City of Cameron, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said L. F. Wingo and J. F. Wingo by virtue of said levy and said alias execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three weeks immediately preceding said day of sale, in the Cameron Herald, a newspaper published in Milam County.

Sheriff Milam County, Texas.
By D. B. GUNN, Deputy.

CHAUTAUQUA

JUNE 4 to June 9. W. M. Cobb, Sec'y

Ten miles used to be a long way

WHAT a difference in these motor-car days, when every point in the county is hardly more than "just around the corner."

People's ideas are changing, too.

They're beginning to figure out how much it is costing them to keep a car. And the man who is doing the greatest amount of figuring is the man with the moderate-price car.

II

There still seems to be a notion in some quarters that any tire is good enough for a small car.

That's not what the man who owns it thinks.

In recommending and selling U. S. Tires we are trying to see his side of the propo-

sition—finding out what he wants in a tire and giving him that.

III

Large or small, U. S. Tires are built to only one standard of quality—the standard that produced the first straight side automobile tire, the first pneumatic truck tire.

Every tire that bears the name "U. S." is built the best way its makers know how. It isn't the car, but the man who owns the car, that counts with the oldest and largest rubber concern in the world.

IV

As representatives of U. S. Tires in this town, we offer you the benefit of our experience and advice in settling your tire problem.

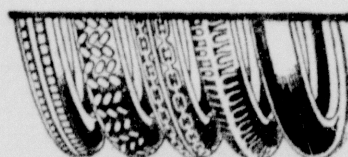

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plain.

For best results—everywhere—U. S. Royal Cords.

ROYAL CORD—NOBBY—CHAIN—USCO—PLAIN

United States Tires

PREPAREDNESS IN ONE'S WARDROBE

The wisdom of having a well equipped wardrobe at this season cannot be too strongly emphasized, when we consider that it is wearable for three consecutive seasons. The advantages, therefore, of being prepared, recommend your making an early choice. Prices and values are equally advantageous to shoppers just now.

It will pay you to give thoughtful attention to our staple and ready-to-wear apparel.

New Hats of Many Kinds

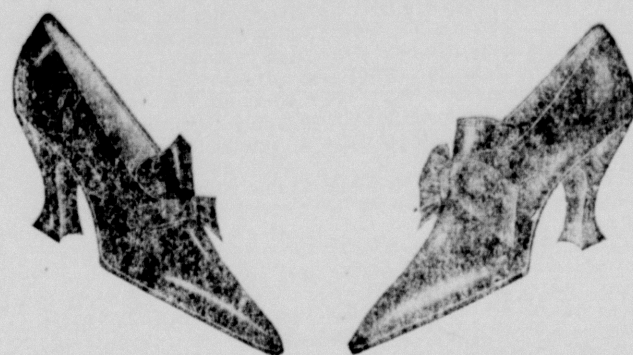

There is every hat a man could want here. Softs and Light Felts in all the approved spring shades, Straws, Imported Panamas and Bangcocks. Just the hats for the hot summer days. Inspection is the only way to find out what really good values they represent. Priced from \$3.50 to \$8.50

FOR MEN BUYING NEW SUITS

No man feels he can buy suits recklessly at this time. Therefore, when you are ready to get a suit, it will pay you to investigate our new ones. They are well tailored and have the 1920 touches.

One of these suits is an extraordinarily good investment, when quality and service is considered.

\$12.50 to \$50.00

Smart Shoes in Varied Styles

Smart women demand smart shoes, so that every detail of costume be in keeping. An excellent assortment of low shoes offers many styles of oxfords and pumps, with many variations of the low and high heels.

One eyelet ties are one of the most favored and popular styles. Suede, calf skin and fine kid leathers are favored materials. The approved lasts vary with the need, whether it be pumps or walking shoes.
